

Gabriel's POV
the next morning

Last night we hoped we could find out the sex of our pups but the doctor wasn't in the hospital anyone so we had to wait until today. We are currently waiting for him to arrive, Alex is nervous she kept playing with the hem of her shirt. My parents had to leave last night the Palace received a threat and they needed my parents back, I had to stay here with my mate I couldn't leave her and our pups.

"I really hope so Gabriel."

Knock. Knock.

"Come in"-I said.

"Hello your highness, Alpha Moon"-The doctor said vowing, "Are you both ready?"

"Yes!"-Alex said.

"OK I need you to lay down for me Alpha, pull up your shirt and lower your leggings a little"

Alex did what she was told and the doctor tucked a white towel under her leggings and squished a bottle with a blue gel over her little bump. He checked them and measured them, he told us that the pups were perfectly fine. Alex is about 2 months into the pregnancy so that means another 2 to go.

"Are you guys ready?"-The doctor asked and we nodded.

"Okay this is baby A"-He showed us our little pup, the little arms, legs, fingers, feet, the little face it had my nose I could clearly tell.

"OK baby A is.... a boy"

"YES! FUCK YEAAAAAH"-I jumped up and down fist-pumping the air. Alex was staring at me with watery eyes.

"Now let's check baby B"-The doctor said. But the little bean was curled like a roly Polly, he was hiding from us we couldn't see anything.

"I'm sorry, looks like the little one doesn't want to be seen today. But we can try on your next appointment Alpha, would you like that?"-The doctor asked Alex.

"I'm afraid we won't be in the pack by then but thank you so much!"-Alex said.

"That's fine Alpha, here are some pictures of the pups. I will email you your records for you to hand them over your next ob-gyn"

"Thank you"

I couldn't be happier, one little boy! I couldn't wait to find out.

"We are naming him Gabriel"-I said while we walked to the packhouse.

"We are not!"-Alex said.

"But why not?"

"What about Liam?"-Alex said.

"No"

"Erick?"

"No Alex!"-I said.

"OK what about Xander?"-She said... I really liked that one.

"I think I like that one. But if you are naming one baby I get to name the other one whatever I want"-I said.

"Gabriel is not an option, and I have to approve also."-She said, I was about to protest but my phone started ringing, it was my mother.

"Hello?"-I said.

"Gabriel I need you to come back to the Palace as soon as possible! Your father is dying, there's a big chance he won't make it through the night."-My mother said sobbing and I almost dropped the phone.

"What happened?"

"There was an attack last night, the rouges came for their leader and Olivia, they were so many Gabriel your father had to help the warriors and guards fight but he got badly injured. They couldn't break into the royal prison, Adler and Olivia are still in the dungeons. You need to come back and kill them. You need to take your place as King, I'm sorry if it's too soon but you have no choice. I already sent the private jet. I'll see you soon son"-She said still crying and hanged up.

"Gabriel what's wrong?"-Alex asked worriedly.

"Love there's something I need to tell you."

"What is it?"-She asked.

"While you were kidnapped, the Rouge King also attacked. But he attacked the Palace thinking you were there hiding. Olivia was the one contacting him and telling him you are a Silver wolf. When they attacked our royal guards and warriors caught them. They have been in the dungeons for the past 3 weeks, yesterday there was another attack they tried to break into the prison to get Alder and Olivia out. But they were able to stop the rouges, my father is severely injured Alex. It's time for you and me to take the throne."-I said and saw sadness in her eyes

"He killed my parents Gabriel, I will personally fucking kill them both"-Alex growled.

"Calm down Alex."

"We need to go now Gabriel, we will figure things out later we need to get to your father!"-She said.

We ran inside the packhouse.

"What happened? Why are you guys in a rush?"-Mark said as soon as we entered. Everyone was in the main living room.

We explained to them what happened.

"I'm going with you Alex. I won't leave you unprotected, I know Gabriel can do that himself but I still want to be there to protect you."-James said.

"I'm going too, You will need someone by your side always"-Stephanie said.

"Can we Mark?"-James asked.

"Of course you guys can, it will ease my anxiety knowing you both are there with Alex"-Mark said.

"Perfect now let's go pack, the private jet will arrive soon"-I said.

"Alex please stay safe! for the first time listen to me."-Marks told Alex and she nodded. But we all knew her intentions.

"Stay safe Alex."-Luke said. She hugged them and said goodbye.

We made our way to her floor and started packing. I was almost done with my suitcase when I heard her complaining.

"Stupid pants!"

"What's wrong love?"-I asked

"These stupid pants don't fit me anymore!"-She said pointing at the jeans that wouldn't button up because of her baby bump.

"That's okay love. Wear something comfortable. We will buy you maternity clothes once all of this is over. Pack leggings and joggers."-I said and she huffed in annoyance but she did what I said.

Once we were done we walked down to the main living room. James and Steph were already there with everyone else.

"So this is our goodbye?"-Leslie asked sadly.

"I promise I will visit."-Alex said rushing to hug her.

"Don't forget about us."-Mark said trying to hold in the sadness that was written all over his face.

"I would never forget about my family. I love you all, stay safe. I promise to visit soon."-Alex said and hugged them one last time.

"Like I want you to keep my Jeep"-She said and took him by surprise.

"Your kidding?"-He asked

"I'm not"

"Oh hell no! That's not fair, I have protected you since you were a freaking stinky baby in diapers"-Mark whined.

"Mark shut up I bought you your damn range rover last year for your birthday"-Alex said glaring at him.

"Fine"-He said pouting.

We said goodbye our goodbyes to everyone and made it to the airport on time.
