

Alex's POV

As soon as we arrived to the Palace I was the first one to jump out of the car.

"Where's the hospital Gabriel?"-I asked hurriedly.

"It's this way let's go."-He said.

We arrived at the hospital and ran straight into the room where Stefan was. When we entered the first thing I saw was Stefan unconscious, his chest was wrapped up in bandages and he had a big bandage on his neck. Stella was on his side holding his hand. I could feel the tears threatening to fall.

"I'm happy you guys made it. He's getting worst by the minute, his wolf isn't healing him anymore It's like my Stefan is already dead."-Stella sobbed.

"Mom please don't cry, we have to be strong he wouldn't want to see us like this."-Gabriel said sadly.

I pushed past him and stood on the other side of the bed facing Stella.

"You can't leave us, you can't leave your grandkids without the only grandfather they have. I won't let you."-I said and placed my hands on his chest as I did with Luke. I was praying that it would work, if I could bring Luke back from death I had faith I could heal Stefan too.

"Alex this might be dangerous, you're pregnant"-Gabriel said in shock when he saw my hands and chest glowing.

"Our pups are safe Alex I'm protecting them"-Ayla said.

"I know what I'm doing Gabriel, step back."

I saw how his body started to heal, how his pale cheeks started turning pink again.

"You will not leave us"-I whispered and the glow in my hands and chest disappeared, I removed the bandages and there wasn't even a scar.

He opened his eyes slowly and looked at Stella who was staring at me in disbelief.

"Alex you saved him"-Stella said in shock.

"I couldn't let him escape from his grandkids."-I said smiling at him.

"Thank you Alex. Thank you for saving my life, for allowing me to see my grandkids grow"-Stefan said and I only smiled.

"You are amazing love, I swear I will never stop thanking the moon goddess for giving me someone so special like you. Thank you for saving my father."-Gabriel said wrapping his arms around me.

"Don't thank me. You are my family, we protect each other."

"How are my little prince and princess doing?"-Stefan said and my head snapped towards him.

"We don't know if it's a boy and a girl father, the doctor couldn't tell."-Gabriel said and Stefan smirked.

"I have reliable sources son. I know there is a little Prince and Princess in there."-Stefan said.

"Selene"-I said placing a hand over my baby bump and Stefan nodded.

"Oh, goddess Alex you're having a boy and girl!"-Steph said.

Gabriel wrapped his arms around me and twirled me around.

"Thank you love for making me the happiest man alive."-He said and pecked my lips.

"I can't wait to have my little grandbabies between my arms"-Stella said dreamily.

"Do we have any names yet?"-Stefan asked.

"We haven't talked about it, we like Xander for our boy but I am not fully convinced yet."-I said.

"Actually Alex... I would love to name our little girl Evie, like your mother."-Gabriel said and my eyes started to fill up with tears.

"That's perfect Gabriel."-Stella said.

"I love it"-I said hugging him tightly.

"We will discuss the name for our little prince later"-Gabriel said.

"Gabriel we still want you and Alex to take the throne. We won't make it public until Alex gives birth for her safety but it's time son. We are old."-Stefan said

"We understand father. We are ready"-Gabriel said and I nodded. Honestly, I had no clue how to be a Queen and it freaked me out because I wouldn't only be the Queen but also a silver wolf. I needed to end my enemies first.

"Take me to that whore and the murderer of my parent's"-I growled.

"Alex not now love. You need to rest, it's late and you're carrying 2 pups. Don't stress yourself too much."Gabriel said.

"Fine"-I said crossing my arms on my chest.

"Let's go get some rest and find you some food okay. Tomorrow we will discuss everything about them and what you decide to do to them."-Gabriel said.

"James, Steph come with us. We can have something for dinner and maybe watch a movie." I said

"We will show you your room a er."-Gabriel said.

We said goodbye to Stefan and Stella and head out to the Palace. When we arrived Steph and I ran to the kitchen.

"Hello my name is Tilly, what can I get for you both?"-A lady in her 50s said.

"Oh no we can do it ourselves, we don't want to bother."-I said.

"Nonsense pretty girls, tell me what would you like and I will gladly make it for you"

"Some sandwiches and veggies on the side will be fine, thank you so much Tilly."-I said and she smiled.

We walked to the dining room and James and Gabriel were chatting.

"I don't think it's a good idea"-James said.

"What's not a good idea?"-I asked.

"You going to the dungeons Alex."-Gabriel said.

"Why not?!"-I growled

"Alex you're pregnant..."-Gabriel said.

"And?"

"It's dangerous"-James said.

"I will say this only once. If any of you try to stop me from killing them I will personally lock you both inside your rooms. Do not underestimate me because you won't like the outcome of it."-I growled.

"Alex..."-Gabriel said and James shook his head trying to stop him from what he was going to say next.

"Calm down."

"Do. Not. Tell. Me. To. Calm. Down!"-I growled.

"The bastard who killed my parents is here in a cell with a whore that tried to snatch my mated from me plus she is the one who was going to hand me over to the bastard. I will fucking kill them! Do not step in my way because the things I can do to both of you are unimaginable"-I growled.

"Hell yeah flex those powers babe"-Steph cheered and James glared at her.

"Okay Alex we get it, stop being scary."-James said and I hu ed.

Tilly brought the sandwiches and veggies and we started eating.

"Steph you never eat veggies you okay?"-James asked and I snapped my head to Steph. He still didn't know about the baby.

"Are you going to tell him?"-I mind linked her.

"It's time"-She said.

"I don't like them... But the little hybrid in me does"-Steph said and James choked on his food.

"Stephanie are you..."-James said.

"I am."-She said smiling.

James stood up abruptly and rushed towards her to hug her. Gabriel and I congratulated them.

We ate and a er we watched a movie. James and Gabriel decided to go for a super hero movie. I had never seen it before but boy I hated that Thanos guy...

The night went by fast. Gabriel and I showed Steph and James their room and a er we le to ours. As soon as we got there I almost jumped on the bed. I pulled the covers over me and snuggled with Gabriel, he slipped his arm under me and hugged me. I instantly started feeling sleepy.

"Goodnight love"-He said placing a kiss on my forehead.

"Goodnight"-I mumbled. I had only one thought before I let sleep consume me.

Tomorrow they will pay. I will make sure that anyone who tries to mess with me gets the memo...
