Alex's POV

Do you know how they say let Karma do the dirty work? My name is Karma for today and I'll do the dirty work. No one will stop me from fulfilling the promise I made to my parents. I will kill them with no remorse, I will make it painful and slow.
I barely slept last night, the babies kept kicking me and waking me up. I think they can feel how anxious I am about all this.
"Gabriel I need to use the bathroom"-I said trying to unwrap him from me.
"5 more minutes"-He said and snuggled more against me. "I will pee on the bed and you Gabriel, my bladder is not strong
"Okay, okay"-He said unwrapping his arms from me.
I stood up as fast as I could and ran to the bathroom. Why didn't anyone tell me about having to pee every damn 5 minutes?!
When I was done doing my business, I took o all my clothes and got in the shower.
The water was nice and hot against my aching back. I stood there letting it run down my body, it felt amazing.
I heard the door open slowly, Ayla perked up and I felt her starting to get excited. Horny wolf! I sensed him get in the shower behind me. His hands cupped the sides of my baby bump.
"They are growing quickly"-Gabriel said rubbing his finger against my bump. I could feel something growing quickly behind me too.

"Thank you"-I said trying to hold in a moan. "I think I always want to see you pregnant"-He said. Oh hell no say
sike right now! "Gabriel"-My brain wasn't even functioning as soon as he reached
my mark. "Your body is perfect"-He said while sliding his hands from my bump to my breast making me moan. He was still kissing and sucking my mark, it was driving me crazy.
mark, it was driving me crazy. "I hate when you tease me"-I groaned.
"What do you want Alex?"-He whispered in my ear sucking on my earlobe making me shiver.
"I want you"-I moaned. "What do you want me to do?"-He whispered.
" Whatever you want daddy"-Ayla said drooling.
I heard Gabriel groan. "Are you sure love?"-He asked seductively. Oh hell no did my fucking
wolf say that out loud?!
" If I could kill you I would!"-I told Ayland I'm sure my face was as red as a tomato.
" He likes it you peanut brain!"-She said.
"Bend over Alex"-Gabriel said.
I did as he said and I felt the tip of his dick in my entrance, he kept rubbing it up and down making me moan. "Gabriel stop teasing me"-I groaned.
He entered me slowly and once he was all in he pulled me back to him, my back against his chest. One of his hands gripped my breast
and the under my bump.
"Oh my-"-I moaned.
"Oh my-"-I moaned. "You're so tight"-He said between thrusts. His hand that was under my belly slid down towards my wet pussy and started rubbing it in a circular motion making me moan out loud,

As we got there Gabriel and James hesitated to get down, I knew the

last speach was loading in their heads so I quickly jumped out.

"Stephanie it's not safe. I don't want you to go. "-James said.

James hu ed in annoyance while Gabriel shook his head.

As soon as he opened the door the nastiest smell hit my nose and I felt my stomach churning. I turned to look at Steph and she was pale, she was trying so hard not to puke that it was funny. I tried to concentrate on Gabriel's scent and it helped a little.

The prisoners were screaming while we passed through their cells.

" Well that must have been fun"-Ayla said while I stared at one
