Focus on the step

Alex's POV

Knock. Knock

37

"Come in"-Stefan said and Gabriel pushed the door open. "I swear Alex if he says there is another motherfucker a er us I will go live under a damn rock and change my name to Patrick Star"-Ayla said and I snorted. "Mark is that you?"-I joked. "Call me dramatic but I swear I'm done with villains, these pups drain my energy. I only want to see my pups grow" "Let's hope they got the memo with what we did to Olivia and Alder"-I said. We walked in and sat on the opposite side of the desk from Stefan and Stella. "Hello my little Alex, how are you feeling? How are the pups doing?"-Stella said. "We are okay. They are very active, mostly when Gabriel is around."-I said. "Have you picked a name for our little grandson?"-Stefan asked. "Not yet... But I like Xander or Nikolai" "Nikolai... Nik, I like that"-Stefan said and Gabriel glared at me. "WHAT?!"-I said through mind-link. "Nikolai?! You want to name my son a er a Vampire?!"-Gabriel said. A "His name is Niklaus, Gabriel. And I'm the one pushing these kids out of my godamn vagina so if I want to name him a er a sexy ass Vampire I will!"-I said and he rolled his eyes at me. "Roll your eyes at me again and I will rip all my lingerie in front of you"-I warned. "You wouldn't"-He snapped his head towards me and looked at me in shock, I smirked evilly. "Gabriel, Alex. I requested your presence because... we think it's time."-Stefan said. "Time? for what father?"-Gabriel asked. "I know we agreed to wait until Alex had the babies, but son you both should take the throne now. Alex is carrying the next heir to the throne and a er what she did yesterday I don't think anyone would want to mess with her. The video was sent last night and by now we have been notified that most of the werewolf community knows about it. They saw you use your powers Alex, no one in their right state of mind will dare to go against you. You're powerful, ruthless, you don't accept defeat and that makes you an amazing leader. I'm proud, very proud. "-Stefan said. "Thank you"-I said smiling. "I feel like I'm the Queen and she's the King"-Gabriel said and we laughed. "The next full moon is in 3 weeks so we have plenty of time to get ready for the coronation. Alex go get ready we will go shopping, you need something amazingly beautiful like you and my boutique has the perfect gowns"-Stella said. "Okay I will go get my purse, can we take Steph?"- I asked. "Of course sweetheart! Stefan, Gabriel your cards"-She said extending her hands. "No no, I can pay for my stu" "Definitely not love, don't try to argue with me about it. You are my queen, let me spoil you."- Gabriel said and I groaned knowing I wasn't going to make him change his mind. "Fine" "I love you, please take care"-He said kissing my forehead."Little jumping beans behave with mommy, no kicking"-He got on one knee and kissed my bump. The babies instantly started kicking, I love how they react when he talks to them. "I love you too"-I said. "I will meet you in 10 minutes in the main living room Alex"-Stella said and I nodded. " Steph get ready we are going shopping"-I mind-linked her. "Have I told you I love you soon much! THANK YOU, we are finally getting some distraction! James doesn't even let me move a finger, he is scared that I might get hurt and hurt the baby."-She said and I laughed. "Meet me in 10 at the main living room" "Come on let's go get your purse. Mindlink me once you're back, I have a surprise for you."-He said while we walked towards our room. "I hate surprises Gabriel. What is it?" "Not telling you. Go get your purse, I will see you later. James, Andrew, and I will go hunting while you guys are gone." "Okay I will see you later."-I said, he kissed me and le. I quickly got my purse and walked to the main living room, Steph and Stella were already there. We walked out and got on an SUV, and 4 guards were in another SUV in front of us. "Do we have to take 4 guards?"-I asked. "We do honey. As a Queen your safety is a priority, a kingdom without a Queen will crumble. A King is nothing without a Queen. It's hard for everyone to admit but a Queen will always hold more power than a King, we always have the last word."-Stella said, giving me a wink. "I'm scared you know?"-I said. "Of being a Queen?"-Steph asked and I nodded. "Alex you were born to be a Queen. Look at everything you have accomplished, you are kind, humble, independent, powerful, sweet but also fierce, and such a badass. I am so proud to call you my Queen."Steph said proudly. "She's right my little Alex, plus I will always, always be there to help you."-Stella said with a sweet smile on her face. "You can count on me too, we are family"-Steph said. "We are family"-I repeated staring at both of them with watery eyes. "Okay, we have arrived at the mall. We will go to a few stores and we can go to my boutique a er."-Stella said as the SUV stopped and we got o . We went to a few maternity stores, Steph and I bought some clothes. Most of mine did not fit anymore, and I still had at least 5 or 6 weeks to go. We went to VS and bought some bras since my boobs were getting bigger. I heard my phone beep. " Alex we need to talk once you get home. Meet me in my o ice please."-Gabriel texted me and I simply replied 'Okay'. A er about 2 hours of shopping, we finally decided to stop for something to eat. Steph was craving Chinese food so we went to a little Chinese restaurant to eat. "Stephanie are you staying with Alex in the palace?"-Stella asked. "Sadly no. We have to go back in a few days, James has to go back to his Gamma duties but we will be back for her coronation."-She said. "I will miss you both so much"-I said sadly. "Alex don't make me cry here"-Steph said. I was about to say something when our food arrived. We ate and decided to finally go to Stella's boutique. We walked in and to say it was beautiful isn't even enough. I was surrounded by so many beautiful dresses. They took my measurements, which I thought was useless because in 3 weeks this bump was going to be bigger! "What color does the dress have to be?"-I asked. "O white or beige"-Stella said. They started bringing out dress a er dress, I didn't like any. I was very picky with my clothes and I hated that. There was always something about a dress I didn't like. Until one caught my eyes. \*You can imagine the dress however you like\* NO VOKZII This is the one"-I said. "Alex that's beautiful!"-Stella said. I tried it on and I love it. This was definitely the one. I picked a pair of gold heels to go with it. We were finally down and on our way home, I was slightly nervous I kept thinking of Gabriel's message. "Alex, James mind linked me. He said he is with Gabriel in his o ice, he wants me to meet him there."-Steph said as we got down of the SUV. "I will see you girls later. I will go find Stefan"-Stella said and le . "Let's go"-I told Steph. Knock. Knock. "Come in"-Gabriel said. James was sitting on the opposite side of the desk from Gabriel. We walked in and I went to Gabriel's side, he quickly pulled me to sit on his lap and started caressing my bump. Steph sat down beside James. "Why are we all here?"-I asked. "I wonder the same thing"-James said chuckling. "Now that Alex is here we can start. James, as you know in the Royal pack we also have Betas Gammas and Deltas. Currently, we don't have a Gamma... my father's Gamma never had an heir. It would be an honor for me if you accept the position as my Gamma."-Gabriel said and Steph and I gasped. James was in shock, I think he wasn't even breathing. "James I would love to have you and Stephanie close to me"-I said. "It would be an honor being your Gamma, Gabriel."-James said.

"We have to talk to Mark about this, he's going to freak out as always."-I said chuckling. "I know but I'm sure he will understand Alex, us staying here means we can keep you safe and that's exactly what he wants too."-James said, I swear I don't know what I did to deserve friends like them. "Then it's settled, as soon as we are crowned as King and Queen, Andrew, and you will be ranked as my Beta and Gamma, Stephanie you will the female Gamma. Our Beta and Gamma have their own home a few minutes away from the pack, or we can build one for you guys."-Gabriel said. "Thank you."-James said. "No, Thank you both for accepting. Now, Alex I have something for you. James and Steph, you guys can come with us if you want."-He said and we walked towards the front door. Once we got closer he walked behind me and covered my eyes with his hands. "I'm not liking this Gabriel"-I said "Just wait Alex" We walked out and I heard Steph gasp, my heart started beating fast. "Ready?"-Gabriel asked and I nodded. I slowly opened my eyes and

"That's one badass Jeep!"-James said. "I love it Alex!"-Steph said. James' phone started ringing. "It's Mark. I will put the speaker on."-He said. "This is about to get interesting"-I laughed. "Hello?" "James I got your message. What do you want to talk about? Are you all okay? Where's Alex?"-Marks said. "I'm right here, I'm fine." "Thank goddess, we never know when it comes to you."-He said and we laughed. "Mark... Gabriel o ered me to be his Gamma"-James said. "TRAITOR"-Mark said sarcastically. "I'm not a traitor!"-James said.
