## 39-The End

Alex's POV  
\*7 years later\*

"Nik I swear if you don't get down here in this instant I will make you regret it!"-I yelled and he laughed. I swear this kid is the devils' spawn! I have been chasing him to get him to shower for their birthday party.

"I swear this pup is too damn much! Why is he so rebel?"-Ayla said.

"He's got your personality! I blame you crazy wolff!"-I said and she sco ed.

"GABRIEL!"-I yelled and a er a minute he came rushing out.

"What's wrong?"-He said.

"Get your damn kid from the tree before a strike his ass with lightning"-I growled and he chuckled.

"Nik come down, come on."-Gabriel said and Nik jumped down of the tree.

"Nikolai if you dare to disobey me I swear to the goddess you can kiss your dragon ball z collection goodbye"-I warned and his eyes widen in shock.

"I'm sorry mama"-He said.

"Take him for a shower everyone will be here soon!"-I said.

"Okay don't worry. I will see you later love. Be careful"-He said bending down to kiss my growing belly and they le . I was 2 weeks away from having our second little boy.

I walked into the palace and Evie and Logan came towards me running and giggling.

"Be careful little ones!"-Steph said with her little daughter Casey in her arms.

"Mommy, Logan is tickling me"-Evie said laughing.

"Logan let's go you need to shower."-Steph said.

"I don't want to! I want to be with Evie"-Logan said.

"I will call your father Logan!"-Steph warned and Evie started crying.

"Hey, it's okay bebe. Logan is coming later for your party. You are both stinky and need a shower, come on say goodbye."-I said.

Logan ran to Evie and kissed her cheek, Evie turned red.

"We will see you later"-Steph said and le with Logan and Casey.

"Come on princess."-I told Evie.

I bathed her and combed her curly long hair. I helped her slip on her beautiful pink dress and placed her little tiara on her head.

"We are all ready bebe"-I said.

"I love you mommy"

"And I love you mi amor"-I said. the door opened and Gabriel walked with Nik by his side.

"You look handsome bebe"-I said.

"Mom I am not a baby anymore"-He pouted and I glared at him.

"Your 7 Nik, you will always be my baby even if you are 70 and using diapers again"-I said and Gabriel snorted.

"Everyone is in the backyard. We should get going"-Gabriel said.

"Is Alexandra here?"-Nik asked shyly and I raised a brow.

"She is, and Isabella is here too. So behave Nik, I don't want you to be rude with her."-I warned.

"Isabella scares me"-He said.

"Nik I'm serious. Aunt Ad and Uncle Archer will not appreciate you being rude to Bella."

"Your mother is right son, she is a normal little girl like you and Evie. Behave."-Gabriel said.

"Okay"

"Good now let's go!"-I said and we made our way out.

As we walked outside I could see all my friends and family. I hadn't seen Mark or any of them in a while.

Mark and Leslie were doing an amazing job in Moonlight, even though they didn't hold 1st place anymore, they were still one of the strongest packs in the whole US. Leslie didn't get pregnant again, a er having Alex she had a lot of complications...

Luke and Laura had twin boys 3 years ago, David and Eric. I couldn't be happier for them!

James and Steph had Logan a few weeks a er I had Nik and Evie. We think Logan and Evie are mates, they literally do everything together. Steph had Casey 2 years ago and she is identical to James!

Carlos and Ethan adopted a little girl 3 years ago. They had a lot of problems for being gay mates, but thankfully Archer supported them since day one.

As we walked closer Mark and everyone noticed us and they all started waving.

"Hey you old hag!"-I told Mark.

"Old hag? Take that back! I wasn't born with grey hair. You've been an old bat since you were born"-Mark said and everyone laughed.

"Bitch"-I glared and he chuckled. He came to me and hugged me.

"Hey girly! Look at you, pregnancy suits you!"-Les said.

"Definitely not! I'm done with kids, once Blake is born my baby machine will be closed forever"-I said.

"We want more nephews and nieces!"-Luke said.

"You're crazy! You have enough already."-I said and he sco ed.

I saw Archer and Ad talking to their daughter Isabella, who looked sad. I excused myself and walked towards them.

"Hey!"

"Alex! Omg you look beautiful"-Aadhira said.

"Thank you babe, look at you! You finally let your hair grow. Now we can say we are twins"-I said and she laughed.

"Hey, Alex. How are you?"-Archer asked.

"I'm doing good. How about you?"

"I'm good too"-He said smiling.

"Hey Bella. What's wrong?"-I asked the little girl hiding behind Archer.

"It's nothing Alex. She's just very shy."-Aadhira said.

Isabella was their adoptive daughter. I don't know her story completely, Aadhira never told anyone about her until 2 years ago. She has the same age as the twins but there's something about her aura that intrigues me.

"Don't you want to go and play?"-I asked her nicely to try and gain her trust.

"No"- She said shyly.

"Why not?"

"They are scared of me"-Bella said

"They're not Bella"-I said and turned around to look for Evie."Evie! Come here bebe"

Evie and Logan came running towards us.

"Evie remember Bella?"-I asked and she nodded and smiled.

"Can you take her to play with Logan and you?"

"Yes mommy"

"Come on let's go play Bella. We have cupcakes and candies!"-Evie said pulling Bella's hand, they le and a er a few minutes Bella started to relax.

"Thank you Alex"-Aadhira said.

"No problem babe. Now let's go there's a lot of catching up to do! Archer go look for Gabriel and the guys."-I said, he chuckled and le .

The girls and I chatted for a while about how our lives went from miserable to being married wives with kids.

All of us were married. Gabriel and I got married 5 years ago in Hawaii.

"Alex I think it's time for the cake, Nik won't shut up about it!"-Gabriel mind linked me.

"Okay give me a minute"

"Okay everyone! It's time to cut the cake!"-I yelled. All the kids came running towards the table.

Nik and Evie were standing by the cake while we sang happy birthday to them.

As we finished and everyone was taking pictures I couldn't help to stare at everyone, how each one of them was an important piece of my life. How they changed my life for good or bad. How grateful I felt for having them as family.

My life wasn't perfect, hell it was traumatic. But I believe that everything happens for a reason and when things don't come out the way you want, it's because there's something better coming your way.

"I love you Alex"-Gabriel said through mind-link.

"I love you more Gabriel"
