### Alex's POV

"Alex let me out! We need to go for a run, I haven't been able to shi since Tuesday!"-Ayla my drama queen wolf said. ㄸ

"Ayla that's was a 2 days ago... I promise once I finish reviewing all these backgrounds I'll let you go hunting"

"Deal!"-Ayla said jumping up and down.

I had been stuck in the o ice for the past 6 hours checking out backgrounds of the 30 new rouges that are trying to join my pack. ㄸ

"Alex! Holy fucking shit have you heard the news about Blue Moon?"- Mark stormed into my o ice waving his phone up and down trying to show me.

"No... what happened?"

"Well Blue Moon was under investigation by the King and the Werewolf council. Their Alpha, Beta and Gamma were doing some shady shit under the radar and they got caught! Now the council wants the pack members to choose a pack to join one of the top 5 packs in the US. Golden Moon, us Moonlight Pack, Lunar Pack, Dark Woods Pack and Moon Blood Pack. Alex you know what that means? Blue Moon was the second biggest and strongest pack. If they join us we will turn into the biggest and strongest pack taking the 1st place from Golden Moon!"-Mark said excited. ㄸ

"It also means more work for me Mark, I really don't like this... But if that means I get to take the first place from Golden Moon and their incompetent Alpha then let's do this!" ㄸ

"The council will held a meeting in 2 days"-Mark said.

"It's okay Luke can take care of it"

"No Alex, all Alphas have to be there. You will have to face the council and all the Alphas for the first time"-Mark said scratching the back of his head. ㄸ

"WHAT?! Mark I can't do that! He will be there and you know damn well our bond isn't broken! What if Ayla takes control? Oh goddess what if she kills him or anyone?"-I said while pulling my hair. ㄸ

"Who's the drama queen now? it'll just be a little bite on his neck nothing to worry about"-Ayl said. ㄸ

"You won't be alone. Luke and I will be there and just in case, I'll take some potion from James. There's no choice Alex you'll have to face them eventually and I know you're scared of what they're going to think about you being the Alpha of Moonlight and a female, but you are a badass! You are the strongest female and you got a whole pack that has your back 100%. Plus let's not forget lover boy, he'll kill anyone that tries to hurt you and I sure as well too. You are like a little sister to me"-Mark said proudly while pulling me into a hug. ㄸ

"Im glad I didn't kill you when we met"-I said. ㄸ

"I take back everything I said"-Mark said trying to look serious letting me go and I started laughing uncontrollably. ㄸ

"Diot"- I said laughing. "I'm going for a run, Ayla won't shut up about it, want to join us?"

"Nah, I'll go look for Luke we have to discuss everything about this meeting and be prepared."-Mark said.

"Well good luck"-I ran out my o ice and head to the elevator. Our main pack house had 5 floors.

The main floor, 2 floor was for Deltas, 3 floor for Gammas, 4th for Betas and the 5 floor was for myself.

I ran out the packhouse into the woods shi ing into Ayla. I let her take full control while I retrieved to the back of our mind letting her do her thing. She ran and chased a few bunnies and suddenly I felt her body tense up.

" What wrong Ayla"

"There's someone here Alex I can feel it"

Suddenly something jumped on top of us making us collapse to the ground.

" Leo you big fat wolf that hurts!"-Ayla said trying to stand up while Leo licked her snout making her freeze. ㄸ

"Im sorry I was trying to surprise you"-Leo said moving from Ayla.

"Ayla let me take control now"-I told her and ran behind a tree to shi and put my clothes on.

"Hey Leo"-I said while walking towards him and extending my hand to stroke his so thick fur making him growl.

"Well aren't you the cutest wolf ever"

He ran back behind a tree and shi ed.

"Im going to pretend I didn't hear you calling Leo the cutest wolf ever"-Luke said trying to be serious.

"Jealous?"-I said li ing a brow.

"Very"-He wrapped his arms around me and pulled me into his chest. ㄸ

"I missed you"

"I missed you too sweetheart"-Luke said pressing a kiss on my forehead. ㄸ

"Where were you today?"

"I went to check the new houses on the south side of the pack for the new members love, and a er I went to Marks o ice to discuss things about this meeting with the council and all the Alphas"-Luke said. ㄸ

"Oh yeah about that... Do I really have to go?"

"This time you do babe all Alphas are required to assist, why?"-Luke asked confused. ㄸ

"Luke he will be there"-I said looking at his eyes. ㄸ

"I know"-He said trying to hide his anger and jealousy.

"and before you assume anything, I don't want to go because I'm scared, I'm scared of Ayla, I'm scared of not being able to control my powers. I'm scared of shi ing Luke, they will know I'm not Alpha Alex Moon. Plus the fact that I am a female Alpha, they will try to make me feel weak and unworthy of my title."-I said disappointed. ㄸ

"And you will have your amazing boyfriend to protect you and beat anyone's ass. I won't let anyone disrespect you sweetheart."-He said giving me a so quick kiss. ㄸ

"I know"-I snuggled more into his chest.

"Alex there's one more thing we need to talk about"-Luke said.

"What is it?"-I asked confused.

"There's rumors about you already, about a silver wolf being the mate of Alpha Williams. Golden Moon is having problems with rouges attacking their borders because they think you are there, and it's not only that... The King of Vampires is looking for you too."-Luke said in anger ㄸ

"T-the King of Vampires? Why would he want me?"-I asked in fear. Vampires were horrible creatures, if you think they are like Edward Cullen drinking from animals or like Stefan Salvatore from a blood bag let me tell ya you're wrong! ㄸ

"I don't know if you know this Alex but Selene was his mate, his real mate. He betrayed her... I heard he thinks you are her reincarnation and he know about the prophecy and your powers. I'll let them hurt you Alex please let me mark you, let me create a bond with you. I want to be connected to you in any possible way just in case. Please sweetheart."-Luke said caressing my face, his beautiful green eyes looking at me intensely. ㄸ

"Okay" ㄸ

"For real?"-He asked surprised ㄸ

"Yes, but are you really sure about this Luke?" ㄸ

"Im more than you sweetheart"-He started to kiss my jaw then my neck, kissing and sucking my marking spot making me moan.

"Not here Luke I don't want you to mate and mark me in the middle of the woods"-I said with a small chuckle, he pulled away and stared at me in shock.

"M-mate?"-He stutter. ㄸ

"Yes unless you don't wa-"

"No no no! I do. I just thought you weren't ready"-Luke said still in shock. ㄸ

"Well I am, suck it up butter cup. I'm the virgin here, you're not allowed to be the nervous one"-I said and he laughed making the butterflies in my stomach crazy. ㄸ

" So that means I'll be stuck with Leo forever?"-Ayla said. ㄸ

"Yeah unless you don't want to Ayla"

"No it's totally fine. I like his fat ass"-She said and I giggled. ㄸ

"Why are you giggling?"-Luke asked raising a brow.

"Ayla asked if she was going to be stuck with Leo for ever, I told her that yes, unless she didn't want to"

"What did she say?"-He asked slightly worried.

"She said she likes his fatass"- I said and he laughed again.

"Well tell her Leo likes her mean ass too"-He was about to kiss me when Mark mindlinked us.

" Alex, Luke I need you guys in the main o ice now!"

"What happened?"-I asked.

"Alpha Williams from Golden Moon is in the line, he wants to speak with our Alpha" ㄸ

"Well this is about to get interesting..." ㄸ
