### Archer's POV

It's been 2 years since the last time I saw my mate. 2 horrible years and there is not a single day were I don't regret rejecting her, well I didn't fully reject her I know that because sometimes I can feel her emotions and sometimes a feel a little to much. I can feel how someone kisses her marking spot, every time it happens mine burns horribly but I can't blame her I've mated with Carly multiple times. I have no idea how she knew I had found my mate, she threatened me to tell my father once I told her we weren't going to get married. I wasn't going to let her put Alexandra in danger by spreading the word that my mate is a Silver wolf or even losing my Alpha position by calling of my wedding with her. I've tried to mark her but Axel wouldn't let me, he's disgusted by the idea of her baring our mark. Once he even made me puke, he kept doing gagging noises.

" I'd be damned if I let you mark that disgusting bitch"-Axel said.

"We will have to mark her sooner or later Axel, you know our father is already questioning us because we haven't"

"I don't give a fuck, we won't and that's final"-He said angrily.

"You want him to take the Alpha position from us?"

"He wouldn't! I would kill him Archer. Why doesn't he mark the bitch and keep her."-He growled.

"Come on dude... Plus Alexandra already has someone, is a matter of time for our bond to be completely broken when he marks her."-I said sadly.

"NO! I will kill him I swear to our moon goddess I will Archer! She belongs to me, she was made and given to us. No one will mark her but us!"- Axel said infuriated and blocked our link.

I've been looking for her everywhere. I have my best trackers a er her but it's like she disappeared. I have a feeling she is in that new rouge pack but we haven't been able to search there. I've been planning on calling their Alpha but they say he is a busy man.I figured, since his pack reached 3rd place in just a few months and now 2nd a er what happened with Blue Moon.

"Ben come to my o ice. I am going to call Alpha Moon now. Bring Ethan with you."-I mindlinked him.

Ethan is my new Gamma. Since our old Gammas never had a male, only Carly there was no one to take that position, so I picked my strongest warriors and made them fight for the position and he won easily.

" We'll be there in a minute"-Ben said.

They both arrived soon to my o ice.

"You're ready for this?"-Ben asked.

"I am, but before you make that call I have a plan b, in case they refuse to give us any information"

"What is it?"-Ethan asked.

"You will become a rouge Ethan, and will join Moonlight. I have a feeling she's there, I need to find her. I can't send Ben because she will recognize him quickly, but she doesn't know you."

"That sounds... interesting Alpha. Do you think it will work?"-Ethan asked.

"Im sure it will. You have an impeccable background, you will say you fought for the Gamma position and lost so you decided to leave."-I said.

"Yeah umm okay"-Ethan sain not really convinced.

"Good, now call them"-Ben nodded.

Ring. Ring. Ring.

"Moonlight Pack, this is Gamma Mark. Who am I speaking with and the reason of your call?"

"Hello this is Beta Ben from Golden Moon. We need to speak to your Alpha, it's a private matter. Is it possible for us to communicate with him?"-Ben asked. I was very freaking nervous.

"Him?"-Gamma Mark asked and it confused us."Oh yeah um let me find him,but I am not sure if sh-" cough"he will be able to take the call. Give me a few minutes"-Gamma Mark said.

About 15 min later.

"Hello? This is Alpha Moon who am I speaking with?"- His voice wasn't rough, it was slightly hoarse but equally smooth. Maybe he's very young or maybe he's gay.

" Give me the phone"- I mind-linked Ben.

"Good evening Alpha Moon this is Alpha Williams speaking. I am calling you regarding some information that has been giving to me about my mate. I believe she is part of your pack. Her name is Alex Wright or umm Alexandra Silver."

"We don't have anyone with that name in our pack Alpha Williams and if we did trust me you would be the last to know a er what you did to the poor girl!"-He growled. This just confirmed she is there, nobody else but Ben, Carly and Ethan know what happened with Alexandra.

"You know nothing about my situation Moon. I suggest you to keep your threats to yourself. She is my mate and if she is in your pack I deserve to know."

"Say's who?"

"Me. Now tell me what I need to know and this will be over"-I growled getting annoyed at this incompetent Alpha.

"I don't owe you anything and if that's all you need then this call is over. Good bye Alpha Williams"-He said hanging up on me.

"Son of a bitch"-I said slamming my hands on my desk.

"Well plan B it is..."-Ben said.

"Holy shit that was... interesting."

"You did great sweetheart, it was smart to push Ayla forward to deepen your voice"-Luke said hugging me.

"We have to be more careful Luke, he knows I'm here."

"It won't matter for long once my mark is right here"-He said kissing my marking spot making me shiver.

"Okaaay now we don't do that in front of Mark! I'm leaving"-Mark rushed out of my o ice and we laughed then Luke continued his assault on my neck.

"Oh goddess"-I moaned.

"Let's go get dinner, you'll need the energy for later"-Luke said winking at me and I blushed intensely.

"Okay"- I said and he intertwined our fingers as we started walking towards my kitchen.
