The Alpha's throne Chapter 20

Chapter 20 : Saving Mr. Wolf

Clona thinks of a way to save Mr. Wolf as she can feel an immense magic towards the witch. She felt sorry for that guy for being held captive. It's as if she feels responsible.

Ryga looked around to find a blind spot but to his dismay he found nothing. The only hope they have is to wait for the witch to walk away and let the door open.

They need to wait for a while so they look at the witch. Clona saw how the witch whipped Mr. Wolf's back as the witch felt pleasure.

She clenches her fist. Ryga holds her fist to calm down and let her feel at ease. Clona took a long breath and smiled.

She doesn't know why she needs to risk her life to save this unknown wolf when she doesn't know him or worse, maybe this unknown wolf doesn't know her existence.

But Clona feels a sudden familiar feeling toward this wolf. It pulled her closer and closer and made her red eyes shine brightly.

She flinched when she heard a sudden scream from the wolf. A scream full of agony and pain. She steps backward when they're eyes meet.

She held her breath and took a peak and saw the witch whip the wolf's back again. She closes her eyes and clenches her teeth. It looks like the wolf's scream was attached to her as she can feel his agony and pain.

She can't help it but close her eyes. She felt a hand covering her ears, she turned her back and saw Ryga look at him with an ease.

She nodded and smiled "Thank you". They step back and hide carefully when they feel the witch turn their gaze at them. They even heard "I guess it was my imagination? "

Both of them look at each other while holding their breath. The witch suddenly turned her way to the poor wolf and laughed hard "You can't escape, you're about to be shipped out and become a slave for the rest of your life" then turned her back and started to walk away.

The door automatically closes on its own. Both Clona and Ryga run as fast towards the door but it's locked.

They tried to force it open but it won't budge. They suddenly feel weak, just touching from the silver door their body become weak and unable to move.

It's really made for them. It seems that the witch was smart enough for this. Her spells were more powerful than anyone.

She felt hopeless when suddenly they heard a voice from their side. Both of them looked at the other side and saw a familiar figure.

They smile and exclaimed "Dorothy"

Dorothy stepped back and took a deep sigh "I was wondering why are you guys so late and it happened that I saw Ryga's figure from the distance, entering this large ship. You guys, what's really happening? "

Their faces make an awe look. It was first for them to hear Dorothy's longest word.

Dorothy felt suddenly awkward when she felt that these two had become silent. She stepped back and intertwined her fingers and said "I – I- I mean I was worried" while stuttering.

Both Clona and Ryga have an idea on how to open the silver door.
