Clona and Ryga were amazed on their surroundings, from the murals to painting and to the ancient letter and symbols.

Mr. Tom was trying to read the ancient letters and symbols but nothing came out from his mind. He feels amazed with the inscribed letters from the wall.

Ryga saw a sitting at the throne and beside is a woman holding a queens crown. His heart beat faster than a normal one. He put the palm of his hand at the painting of the wall and feels the motion of the paint.

The three of them continue to walk. Mr. Tom was holding a torch, he walked from the front and behind him was Ryga and Clona who's looking around.

They stop form walking. A woman sitting at the throne at the center with a scarlet eyes and blond hair catch their attention. Their eyes twitch when they saw an inscribed below the painting.

Mr. Tom nod as he agree and exclaimed “We don’t know their plan but I have a bad feelings with it. Let’s go and find the slumber place”

“But the painting at the walls says different. If Adam & Eve were sleeping on this cave, why the painting says different? Why is there a woman sitting at the throne?”□□□□□□□□□□□□□□□□

They continue their walk inside the tunnel and saw a lot of inscribed letter and symbols. They haven’t encountered the enemies yet.

As they continue walking, the enemies on the other side are lost at the cave. They haven’t saw an exit sign nor the slumber place.

A witch woman roll her eyes as she feel a bit ire with the surroundings. The werewolf man beside him was looking around and saw a lot of painting with the same face but different angle.

“We need to find the slumber place of Adam and Eve” a woman hiss as she look around

Ever since they came inside the cave, they keep on circling around. They haven’t see a sign on a slumber place. As they keep on walking, they always came at the same place.

She smiled deviously and exclaimed "The slumber place was near. It seems the magical force were forcibly keep us to find the slumber place"

They look each other as they understood their situation.

"As long as we can forcibly open the magical force then maybe we can find the slumber place and lets wake Adam and Eve"

The woman wearing a red coat exclaimed "Let me handle this" she smiled deviously

On the other side of the tunnel were Ryga, Clona and Mr. Tom.

Mr. Tom feels a powerful magic surround the place. He look around and feels something ire. At the distance he saw a fog coming from the other side of the tunnel.

He raised his hand to stop them from walking and says "We're in a deep down of the cave. I can feel a powerful magic"

Clona nod as she feel a powerful magic emitting at the wall. She can explain her feels as the powerful magic seems familiar to her.

Ryga hold her hands to calm her down as her heart beat faster. Even him have a familiar feels with the powerful magic.

As they continue to walk, they frown when they saw an unknown man and woman painting at the wall. It look different from what they saw at the previous painting about the the man and the woman sitting at the throne.

"Are they a servant or something?" Clona asked as she put the palm of her hands at the painting and feel it

She feels nostalgic with the painting as her head started to hurts. Ryga hold her hands and gently stroke her head and asked "Does it hurt?"

Clona shake her head and says "I'm fine"

The fogs suddenly vanish and they continue to walk. They look around and saw a hole at the side of the wall that even a person can go through.

They look each other and nod.

Ryga hiss and says "Let's go"

The three of them gently go through the hole. They look around and saw a large tree at the center.

Mr. Tom clear his throat and asked "do you live here?"

Alice smile and nod her head. They we're a bit confuse but later on they agree to trust the woman

Dorothy pat Clona's back and asked "You guys, what you are doing here?"

They look each other and nod. Mr. Tom step forward and explained "we heard from the enemies" he took a long breath and continue "they are from an organization. We heard, they're trying to wake someone from this cave. An ancient person"

Dorothy nods her head as she understood the situation. She looks at Alice side and asked "Did you see someone from this cave? Do you have an idea who are they trying to wake?"

Alice shakes her head and says "I have no idea. I live on this place for a long time. It was my first time to hear someone sleeping at this cave"

It's not weird for them, as they know that some people are living on the cave. They won't ask a question with Alice as they thought that Alice maybe living on this cave for some reason like no place to stay or having a personal problem.

Dorothy nods her head and asked "I haven't seen someone on this cave beside Alice. Are you sure this is the right cave?"

Ryga nod and says "Maybe this ancient person sleeping for a long time might be sleeping on a slumber place with a magical force that no one can come"

All of them agree and nod their head.

Alice was looking at them and thinking "Who are they referring to?". She was confused on who are they talking to. She shrugs her shoulders and smile at Dorothy.

They saw another tunnel at the left side. They look each other and decide to go at the tunnel. It's getting darker and the torch they're holding could not keep up either.

Alice looks at the torch and saw the fire could not keep it longer. She looks at them and saw they are busy talking each other.

Using her magic, she blew the candle to light more and mumble an ancient spell. The place suddenly become lighter and the fire become brighter.

All of them were confuse on what happen but they keep on walking. They look around and saw a painting at the wall.

A man holding a spear and beside him were a woman holding a flower and beneath them is a man sitting at the throne and behind is a woman sleeping on the bed.

Alice didn't say anything as she already knows everything. The cave was belong to her. This is her slumber place. Its been a while since she awake from her slumber.

She looks around and saw a lot of murals painting. She stops for a while and put her palm at the painting.

She suddenly remembers her past. She close her eyes and feel the paint.

The painting was a woman standing and beside her was a man sitting at the throne. "It's been a while. How are they?" she mumbles between the paint

Ryga stop and twitch his head and asked "What's up?"

Alice smile bitterly and respond "Nothing. The painting at this cave was surreal"

Clona stop from walking and turn around and says "Aren't they beautiful? The painting on this cave was surreal. The person who paint all of this have a great passion towards paint"

Alice smile shyly.

Mr. Tom clear his throat and says “The paint have meaning and its hard to read those ancient letters and symbols” he took a deep sigh and continue “Let’s go. We need to find the slumber place before the enemies find them”

All of them nod and continue to walk

Alice was looking around as she feel amaze on how beautiful the paint is. She’s sleeping beautifully on her slumber that she forgot the essence of the cave and her surroundings.

As they continue to walk, they happen to stumble a statue of woman holding an apple and beneath is a coffin.

They look each other and gulp. It seems they found the slumber place.

They look around and saw a lot of statue and painting. Alice frowns as she doesn’t remember this place.

“Was the cave have this place?” she mumbles

Dorothy looks at her and asked “Did you say something?”

She smile and shakes her head “Nothing”

Ryga took a deep breath and step forward towards the coffin. He tip his toe and look inside but he found nothing.

He turns his back and shake his head and say “Nothing here”

Ryga step back as his hands bleed.

Clona on the other side was hiding behind the big statue as she rolled over. One of the witches attacks her using their broomstick.

She looks around and saw everyone was fighting and defending themselves. She saw a small mirror at the corner and saw her reflection.

"Can I do it?" She keeps on repeating as she don't want to transform into her wolf form

She flinches when one of the enemies – the vampire lady attacks her from the other side. She step back and was ready to defend herself when she saw Dorothy jump at her front and cast a spell.

She smiled and grabs her back shirt and jump to the right side.

Mr. Tom was standing at the coffin while fighting at the werewolf woman. The woman transform into her beast form then jump, at the mid air she slash her claws towards Mr. Tom's face and howl loudly.

Mr. Tom was able to defend himself as he use the back of his claw to defend. He jumps at his left side then look around.

His face frowns when he didn't saw Alice. He flinches when he feels someone from above attacking him.

On the left side was Dorothy and Clona – fighting the two witches and vampire lady while on the other side of them is Ryga, he was fighting a two werewolf enemies.

Alice was nowhere to be found. They didn't think much of it as they were busy and occupied with the enemies.

While all of them are fighting, Alice on the hand was on the other side of the door. She looks around as she feels a bit of ire with the surroundings.

"How many years were passed? I have no idea; they change the interior of this cave". The cave was too small from the outside but when you go further and inside the cave. It was a big cave with a lot of tunnel. It is indeed a magical cave.

She looks around and saw a familiar statue. A years passed by since she awake from her slumber. She nearly forgot everything happen.

"I wonder if it was 'THEM' they're talking about?" She mumbles

She's amazed with the surroundings. It is true that someone was sleeping on this cave beside her. She can feel an enormous magic towards the place.

She silently follows the magical force that she feels. She gasps when she saw a door with a large snake and apple. She stops for a while and start thinking.

It seems she's forgotten something important. She shrugs her shoulder and forcefully opens the door. She cast a spell and the fog disappears and the place becomes clear.

She looks around and saw a painting with an ancient letter. The paint on the wall was a woman wearing a hood while having a tears and beside her is a man holding a spear. Beneath them are the two coffins.

She gasps when she saw ancient words at the top of the painting. Her tears started to fall as her memory from the past came

"In memoir of Adam & Eve " she sobs

She was happy but she feels something wrong. She looks around and saw a two large coffin beside. She hurriedly runs towards it but to her disappointment, no one was inside the coffin.

She flinches when the floor suddenly opens widely and the statue was started to move. She has no idea what happen and why the statue moves its own.

She flinch when she heard Dorothy voice from the distance. She hurriedly teleport then cast a spell towards the enemies.

She manages to save Dorothy and Clona from the enemies attack.

All of them were shock when they saw her appearing at their front. The enemies step back and asked "Who are you?"

Alice smile and say her name.

The vampire lady was casting a spell and attack her but Alice manage to avoid the attack and smile "what a weak magic"

The vampire lady was furious. She was angry by Alice words. She always thought that Vampire are much stronger than anyone.

She believes; Their Queen is one of the strongest people who can rule this world.

She bites her lower lip and summons a pack of bat. Alice took a deep sigh as she feel bored with this fight. She yawns to mock the enemies.

The two witches casting a powerful spell and throw it at Alice side. Dorothy was able to put a barrier but her magic won't last long.

Alice took a deep breath and snaps her fingers. They saw a large bat from his back with sharp teeth.

The two witches step back but the vampire lady step forward and declare "You maybe one of us but there's no one stronger than me"

Alice smirks and snaps her finger to control the large bat. With a snap of her finger the large bat continuously attack the enemies.

She feels bored, she look around and saw Ryga and Mr. Tom fighting with the others.

She took a deep breath then casts a powerful spell and throws it towards them. The two witches couldn't avoid the attack as they have no time to cast a barrier.

The vampire lady was able to withstand her magic. She smirks and mockingly smile "Is that what you've got? Ha ! Let me tell you this. Our Queen was much stronger than anyone"

Alice ear twitch and stop her spells and asked "Queen? "

The vampire lady was proudly stood up and says "Our Queen who lives for a thousand years. No one can have a par with her. She's queens that can no par with others. There's none other than our Vampire Queen"

Alice was silence. Ryga and Dorothy look each other as they were puzzle on what happen. The both of them shrug their shoulders.

They flinch when they heard Alice voice laughing loudly.

Alice eyes turn red, her eyes flicker and look. She slowly twitch her head dat the vampire lady's side and deviously smile "I would love to meet that Queen"

Alice word brings shivers to the vampire lady, for some unknown reasons she couldn't move an inch.

Dorothy snaps her fingers and asked "are you alright?" she unconsciously ask to Alice.

Alice blinks for a while and smiles at her and says "I'm fine"

Ryga and Mr. Tom are still fighting at the enemies while Clona and Dorothy are hiding behind Alice.

The vampire lady cast a spell, she summons a pack of bat again and command them to attack Alice.

Alice on the other side took a deep sigh as she feel bored with this fight. She hurriedly wants to meet the self-proclaimed Vampire Queen.

Dorothy cast a protective spell – a barrier, to protect them from the enemies attack. Alice feel amazed at Dorothy's spell as her eyes glitter at her magic.

Alice cast a powerful spell and repeatedly enhances an attack to the enemies.

The vampire lady used her summon magic to defend herself but Alice was powerful than her. She coughs a blood and angrily looks at her side.

Alice didn't budge, she smirk and smiled deviously at her. She mockingly uses her magic to lift them at the air.

She turns them upside down until one of them started to vomit.

Clona was amazed at Alice magic; she clapped her hands and whisper at Dorothy's ear "How did you know this woman? She looks amazing and powerful"

Dorothy scratches the back of her head as she doesn't know how to explain. They flinch when they heard one of the enemies scream from pain.

One of the witches was screaming as her hands started to bleed. She tried to use a magic but she can't cast any spell.

Alice smile and casts a huge ball of mana, she look at the vampire lady's side and says "Tell your Queen – I want to meet her" and throw the huge ball of mana towards them.

The impact was too strong; the three enemies are on their knees coughing blood while looking at them.

Alice cast another spell and summons a huge bat. She gives a smirk and throws a magic cannon ball at them while behind on it was the huge bat. The three of them is bleeding and unconscious at the ground.

Clona step forward and poke the enemies head. She look at Alice side and asked "Did you kill them?".

Alice looks at Dorothy's side, which is waiting for her respond. She took a deep sigh and raised her hand "I didn't kill them. They we're unconscious" Dorothy and Clona look each other and took a deep breath and smile.

Alice thought of killing them but she changes her mind when she looks at Dorothy. She feels a sudden ache, thinking that she will end up hating her.

Dorothy was the one who wake her from her slumber. She's the one who asked to tag along. It was her first time to meet a new people and tag with them.

Ever since she was born, those who get near with her want something from her. It's either her status or her magic spell.

She has no trust with others not until today when she meets Dorothy and her friends. She don't want to disappoint them.

Meeting her is a fate, as she wants to have an adventure.

She twitched her head when she heard a scream at the other side. It was Mr. Tom and the werewolf enemy fighting each other.

And beside them are Ryga and the other two enemies.

A young man flips backward and took an initiative to attack Alice but to his disbelief, he can't move his body. It looks his flying at the mid-air as his movement stop.

The barrier that Alice cast for herself was activated. It only activate when someone tried to attack her without her notice.

She smiles for a while and raised her thumb. She made thumbs down and the young man was on his knees bleeding.

The young man looks angrily as his eyes turning red. He shape shift into his werewolf form and jump at the mid- air and slash towards her.

Alice smirk "You remind me of someone" she mumbles and cast a spell at the mid-air. She started to remember about the past.

She flinched when she heard Dorothy's voice asking if she's fine. She nod then mockingly smile at the enemy.

The enemy stood up and spit a blood. He looks around and saw the three of his colleague unconscious on the ground.

“tsk !”

The young man gives up as he can't defeat Alice by herself. He cracks his finger and look at them and asked “Are you here to wake them? “

Alice frown her head and curiously asked d”Who? “

The young man deviously smile “Adam & Eve”

Her ears twitch when she heard those name, she look at him and repeatedly asked “Adam & Eve?”.

The young man nod “Let me tell you. Once, Adam & Eve awake from their slumber. This world will be ours. The powerful human who rule this world”

Alice snickers when she heard those words. It is true that Adam & Eve are the ruler of this world but, she haven't heard them sleeping at her cave.

She teasingly smile and says “They once rule this world but no one knows where they are nor where they asleep. Are you trying to deceived us”

The young man step back and constantly responds “Our sources are reliable. Adam & Eve are sleeping inside this cave and we have an idea how to take them”

She thinks for a while, as she barely remembers the two lovers who love each other despite the biggest circumstances.

Adam & Eve, she knows the two of them as she witnesses their happiness, sadness and even death. Their vows prove that love exist on this world.

She still remembers the day she meet a young man name ‘Adam’ and a noble man daughter “Eve”.

She took a deep breath while reminiscing the past.

Both of them love each other.

Both of them are come from royal families.

It is stories of a thousand years, where peace was commerce and war was disband.

The story of the Kind and Queen who later become a legend.

Chapter 70 : Adam & Eve

Alice snaps into reality. Her head twitch when she feels an enormous magic coming from the corner.

They flinch when they heard a large explosion at the corner. She used her barrier magic to protect Dorothy and Clona.

She looks around and saw a coffin.

The young man gives a smirk and says "Adam & Eve will be ours, we will conquer this world". Alice frown her head and seriously look at him "Why do you want to conquer this world? Which family are you belong?"

Mr. Tom flip backward towards them and asked "Do you know the story of Adam & Eve? ". Alice took a deep sigh and nod.

Dorothy look at her and asked "How did you know?". She stop for a while, she forgot that this guys didn't know the whole story of Adam & Eve. She must lie to them as everyone here doesn't know her identity.

She's living for a thousand years.

She bite her lower lip and lied "from my parents"

They step backward when the coffin suddenly open. Inside the coffin is a woman holding a knife and another coffin came out and inside is a man holding a book.

The young man smiles and flip backward towards the coffin. He look at them for a while and smash the glass.

He smiled deviously and took the book. The other two of his colleague hurriedly took the three woman who's unconscious on the ground.

He gives a smirk then opens the book.

The air suddenly freezes and they feel bit ire at the surroundings. They couldn't breathe.

All of them are on their knees except Alice, whose standing firm. A magic started to emit at the surroundings.

Clona's head started to hurts. She took a glimpse at the book and her heart started to beat. She have no idea what happens but she feel a familiar feelings.

The young man read the spell inside the book, suddenly it emits a light inside.

Alice's eyes open widely and shout "Stop that-s —— "then a huge explosion at the side came out.

She blinks for a while and looks around and asked "Hey, are you all alright? ". Clona stood up and gently rub her eyes; she makes an awe face then look at Alice side and asked "Who are they? Perhaps it was them? Adam and Eve? "

Alice breezily stood. A thousand years have passed and she barely forgot their faces.

Ryga blink his eyes and saw a man and woman wake up from coffin. He feels shiver down his spine "are they Adam and Eve, they're talking about?"

Alice could not utter a single word. She keeps her composure to stay calm. Step steps forward and says "Achilleas ?". She's the only one who knows Adam & Eve's true name.

She looks at the woman's side and says "Amaltheia ? ". The woman looks at her blankly.

A man turns around and looks at her. They look each other for a moment until the man slash an attack towards them.

Alice uses her magic to create a barrier. A great explosion that collides with her barrier and the man's magic.

A young man laughed evilly as he look at them. He feels a satisfaction. He looks at his colleague and nod.

They need to take the two awakens from them and bring to their organization. It seems the man and a woman was not on their mind.

They can easily trap them and bring it to them.

Alice magic couldn't handle the man's powerful magic. She just woke up and needs to gather her magic.

She close her eyes and ready to accept the explosion when Dorothy cast a wonderful spell "Water magic: Wavelength" then a huge a wave was colliding at the man's magic.

“Does he remember me?” Alice thought as he looks at the man’s side. She feels something different from them.

Their eyes were blank as they keep on attacking at them. “They haven’t awakened yet” she mumbles.

One of the enemies cast a spell secretly and directly hit it towards the man. The man stop attacking as his eyes started to close and unconsciously feel at the ground.

The woman didn’t flinch, instead; she keeps attacking randomly. It doesn’t matter who, as her attacks randomly hit anyone.

The young man from the enemies jump at the mid- air, he slashed an attack towards the woman.

But the woman manages to defend herself as her head twitch towards him and cast a powerful spell.

Alice confusedly asked towards the young man “how come you know some magic?”. This man was werewolf but he knows different kinds of magic.

The young man smiles deviously and says “In our organization, some of us knows a different kinds of magic”

Alice feels an urge to meet the leader of this organization. Someone came out from his mind. The only person who knows this magic was that man but thousands of years have passed. Is he still alive?

She flinched when she heard Mr. Tom’s voice “We need to stop them”. She pouts her lips. She maybe a woman but she have no interest with Mr. Tom. What she wants is a beautiful young man and woman.

She snaps unto reality when she saw the young man attacking the woman. She cast a spell and hit it towards the enemies but the young man manages to defend himself.

“tsk! , he maybe my type but I hate his existence” she mumbles then cast her last spell.

She hasn’t gathered enough mana yet.

Dorothy holds her hands and asked “Not enough mana? I will take care of it. The wolf parade limit my magic”

Alice stop and look at her “wolf parade? “ she asked

She constantly thinks “maybe my magic was limit from the wolf parade? Or not?”

Dorothy snaps her finger and asked "are you alright?"

Alice smile and rub her cheeks "I'm fine"
