Chapter 71 : Past – Achilleas & Amaltheia

A glimpse of the past

– A thousand years ago –

A man sitting at the top of the mountain, he stood up then looks around. He saw one of his men from the distance running towards him.

He spit the meat at his mouth and asked “What? “. His servant’s hesitantly look around and whisper “The mad king was here”

The young man glare at his servants and repeatedly asked “What is he doing here?”. The servant’s scrub the back of his head and says “You run from the house, the king was mad”

He rolled his eyes and took a deep sigh then waves his hands “I’ve got it. You’re dismissed”

He took a deep breath then look at the Sky and mumble “I hate those people”. He flinch when he heard a voice from the distance, he hesitantly walked towards it.

He saw his father- the mad king, angrily look at him. He calmed himself and flash his fake smile “Father !”.

The king clench his fist then throw a punch at his face and shout “Why did you run?”. He stood up gently wipe the blood from his mouth “I don’t want to marry”

His father angrily pulled his shirt and shout “You don’t need to worry marrying someone you didn’t love. We need power for our family”

If he wants to marry someone, it must be a person whom he loves. “Does he think marrying someone is easy? “ he thought

The king slams his hands at his face and took a deep breath and command their guards “take him”

“We apologize Prince Achilleas but the king’s order is absolute”

He tried to struggle and shake his hand but the guards are holding both of his side and forcefully enter him at the carriage.

He took a deep sigh as he surrender himself. He can't win over from his father.

He put his head at the window as he look at the surroundings. He wasn't happy with his father decision.

As the horse carriage continues to travel towards the house, his face became gloomy.

He took a glimpse at his father and saw his calm face. He couldn't understand his father, why suddenly announce a marriage without his notice.

"Well, it can't be helped. My father known as a mad king was an absolute" he mumbles.

He closed his eyes until the carriage stop. He blinks for a while and look outside.

Their house has a lot of guest. He can see it from distance, their lively gesture and the ambient light coming from inside. It seems they're waiting for their arrival.

Their clan 'werewolf' was known for being a merciful and powerful entities living at this world, even the witch nor the human and the vampire will bow their head.

He took a deep sigh as he look at them with his bored face.

He can hear them clap their hands as he calmly walked aisle. His father was beside him waving his hands and say "Smile, today's celebration is your marriage proposal"

He hasn't known this woman whom his father wants to marry. It was their first time to meet each other.

He was walking behind his father until they stop at the center. Their he saw a woman wearing a beautiful dress smiling widely at them.

He constantly smile and whisper his father "Is that here?". The King nod then clear his throat.

A servant walked towards them with a glass of wine and gently gives it to the King.

The King raised the wine and makes a toast "To my son and his lovely wife". All of the guest clap their hands and make a toast.

The woman smile and took an imitative and extend her hands at him "Hi". Prince Achilleas held her hands and shake then says "Hello".

An old woman from her side smile then hugs towards the King.

The king smile and started a conversation "This is my son Achilleas". The woman blushed as she hide her embarrassment from them.

“Your daughter was so lovely the same as you” says the king

The old woman flushed a smile “Thank you”, suddenly an old man came out from their behind and smile “Your majesty” as he bow his head

The woman smile and cling to his side “Father !”

The King clear his throat and repeatedly says “This is my son Achilleas” he paused for a while and look at him “They are from D’Raizel’s family and this lovely woman” he paused for a while and hold the woman’s hand and continue “I want you to meet their lovely daughter Amaltheia”

The woman flushed a smile and shakes the prince hand “Nice to meet you”

– Back to the present –

Dorothy and Alice combine their magic and cast a powerful spell. They cast a powerful barrier that can protect them from enemies attack.

The young man from the enemies shape shifts into his werewolf form and continuously attack them.

Alice step back and grisly hold Dorothy’s back shirt and push her to the ground.

Clona and Ryga duck from the ground while Mr. Tom defend himself using his claw.

Alice stood firmly as she looks at the woman. “She’s still powerful as ever. Eve have you forgotten our promise?” she thought to herself.

It seems the woman couldn’t recognize her, as she continuously attacking them.

A young man from the enemies smiled deviously and cast a spell. It’s a lullaby song. He started singing the enchants forbidden spell.

“That’s – that’s a lullaby song for their child” Alice think.

Adam & Eve happily love each other and their endless love brings a child to the world. Years passed by and the enemies killed them including their child.

On Eve’s last breath, she sings a lullaby dedicated to her child. Those people who heard that song started to vomit a blood and it became a forbidden lullaby to all.

Eve put a curse on the song. Those who remember their death will pay badly, as everyone was looking at them. No one tried to help.

Both of them flinched when they heard Dorothy asking for help. Dorothy together with Alice was trapped behind the statue, due to a large explosion; Alice's magic barrier couldn't surpass and couldn't protect them.

All of them are thrown to different places while Alice manages to defend and protect Dorothy from the rabble from the wall.

Ryga and Clona gently lift the statue and pushed it to the left side. Dorothy looks at them while taking her breath "Thank you"

Alice stood up and shook her dusty clothes then asked "where are they?"

"They've successfully escaped together with Adam & Eve" Ryga exclaimed

She took a deep breath then closes her eyes. She feels her surroundings as she gathers her mana.

The cave was full of magic, originally this is really not a cave but a castle that was built a thousand years ago but it changed when she slept on her slumber and asked someone to change the outside and inside appearance of her castle.

She is a living Vampire; it triggers her most when she learns that someone is initiating her. She, who once ruled this world.

She, who came from a noble's family, with her good relationship towards the other clan, she became a class A magician who have an unlimited magic.

She smirks for a while and smile. She wants to meet that so called Vampire Queen, but before that she needs to retrieve Adam & Eve that was caught by the enemies.

She open her eyes widely, using her magic 'an eye of the bat' she widely see the inside of the cave.

Her eyes search widely of the enemy, if they are still inside but to her disappointment, they already gone.

She took a deep breath then close her eyes again, as she concentrate to retrieve her magic more.

Ryga, Clona and Dorothy don't know what happen to her as they look at her weirdly. The three of them look each other and shrug their shoulders and say in a unison "Is she alright?" they look each and laugh hardly.

They flinch when Alice open her eyes and took a deep breath. Dorothy come to her closer and asked "are you alright?" Alice smile beautifully and respond "I'm fine, let's go"

The three of them look each other and nod. They feel something weird to her but they didn't dare to ask.

While they walk together, Clona realize, the painting suddenly vanish one by one. She keeps on looking but they all gone.

She secretly whisper at Ryga's side and asked "what happen?"

"what do you mean?"

"Take a look" as she points her fingers towards the painting, "they vanish, the painting started to vanish one by one" she exclaimed

Ryga look around and saw the painting vanish one by one. Every time they walked pass through with the painting at the walls, it suddenly vanish.

They look at their back and the appearance inside the cave suddenly changing its parts.

Alice notice that Ryga and Clona stop from walking. She turn her back and snap her fingers at them and asked "are the both of you alright?"

Clona flinch and look at her then smile "we're fine, let's go"

The both of them hurriedly walk at their front and continuously smile at them.

As they walked past at each corner, the inside of the cave increasingly change itself. Without anyone's noticing, Alice turns her back and cast a spell inside the cave.

All of them are on the outside; Clona took a last look at the cave and turn her back. Without anyone's notice, the cave change into a castle then suddenly vanish.

He looks around and saw a man holding a spear smiling at him deviously. He flip backward and raise his dagger.

"How? What are you doing ?" he asked while coughing a blood

A young man step forward, he raised his hand to stop everyone as he smiled deviously and says "Our contract ends here, from now on the Desmond Family will now take control of this".
