Not so far from the enemies distance, Clona wearing a black hood hiding at the bush while looking around. She carefully looks as she feels a bit weird from them.

She turns her head "What are they doing? Why are they fighting each other?" she asked confusedly

Ryga put his hood down as he doesn't know why they're fighting each other.

The so called Adam & Eve flew from above as they keep on shouting with their names. Mr. Tom look above "who are they looking for ? Aren't they Adam & Eve ? Did they awake a wrong person?" he confusedly asked.

Alice was silently looking at above as she doesn't care about anyone. Dorothy shrug her arms and asked "Is there something wrong? Do you know who are they looking for ?"

She gasp and shook her head and says "I didn't heard who they're looking for"

An old man Alado cough some blood as he look around and shout "Desmond family? Dream on! I won't hand you the Adam & Eve"

He shape shift into his werewolf form then slash his claw towards them. The young man shape shift into his beast form and command his colleague to attack him.

He was the young master of the Desmond Family, his name is Delo. His power was parse as same as the beast.

It was planned all along, after the awakening of Adam & Eve, they will move and attack the old man Alado and his crew.

Clavio was standing at the center while defending himself from them. He look around and saw some of his men are died.

He took a glimpse from the corner and saw Ryga again. He shook his head, Ryga silently nod and watch them fight each other.

The old man Alado and the Desmond young master Delo were fighting each other. The both of them are on parse. Both are amazingly good at fighting.

The two of them are using some kinds of magic that they learned from someone. Alado shout form pain when he feels a pointed spear at his side, he turn around and saw the woman.

With her assassin skills, it was easy for her to attack the old man Alado without noticing her presence. She was a talented assassin, given she came from an alpha wolf family.

She transforms herself into a werewolf and continuously attack the old man. The old man Alado couldn't stand their attack, as both sides are attacking him randomly.

He coughs some blood and looks above and saw the so called Adam & Eve watching them from a far. He became crazy as he open his arms widely "all hail to ruler of the world Adam & Eve"

The ground shakes its own. It suddenly open and a steam came out. The so called Adam went down and landed on their side and asked "why are you fighting each other?"

And next to him is Eve who's looking around "People are still the same, greed makes them hunger and power makes them greedier. Let them be. Let them fight each other"

The old man Alado took a glimpse at the ground and saw the ancient book. He looks at the young master of the Desmond family but he was busy mesmerizing the beauty of the woman from his front.

He hurriedly grabs the ancient book and opens it. Without further ado, he cast inside the book then the thunderstorms came.

They heard a large howl and an ancient wolf suddenly came. All of them are in shock, even the so called Adam & Eve were in awe.

The old man Alado smiled deviously and laughed evilly. He was holding a book then raised his hands "I command you to kill them" while pointing his fingers towards the Desmond family

The big wolf didn't budge. He sniffs around then turns his back and look at the so called Adam & Eve. Like a dog, he hurriedly run towards them and sniff.

Eve chuckles as she look at the old man's face "This is not a wolf. He is a large dog that was summoned by Lady Amaltheia. This is their pet" she raised her fingers and point it towards the book then cast a spell.

The book suddenly raised then vanishes at the thin air. The book landed at Eve's hand. She opens it and smile "This book was belong to our Lady, it was given to her by her husband. This book was full of it won't open unless someone force it to open" she paused for a while

Her surroundings became foggy, she bite her lips as her hair raised above. You can feel a tension on the air as she keeps enchanting a spell, her feet raised from above and just a meter from them, she look down then continue asking “who dares to open the book without permission? “

The darkness light vanishes and a light emerges. From the heat of the sun, all of them are in pain. Desmond Family or not, all of them run towards the tree to take a shelter from the sun.

The so called Eve was angrily thrown a magic towards them. She cracked her fingers then raise her thumbs then bent it down.

An old man Alado mumbles like crazy, as he repeatedly says “They were angry, this world will be doomed”. The Desmond Family was on the other hand was looking above as they can’t believe what they saw.

A woman from Desmond family looks above “They are truly a magnificent. Their power couldn’t parse to anyone. No one can defeat them. They are the true ruler of this world”

“We must seize them. Adam & Eve must be ours. We need their power to dominate this world” the young master exclaimed as he keeps on looking at above, he needs to capture them both at all cost.

She was ready to fire another magic cannon ball when suddenly the man beside him raised his hand and stop the attack.

“Stopping you” he calmly says

“Stopping me? Look, are you here to start a war again?” The woman angrily says, as her neck started turning red

“You’re not cute” he laughed drastically

The people below are looking at them as they confuse what they’re talking about. They can’t hear their conversation.

“Anyway, we need to stop. I can feel a powerful mage. This feel was familiar, we just woke up and I don’t want a hassle fighting anyone. Let’s stop this then find our master”

The woman use her scanning magic, as her eyes open widely at the surroundings as she can see everything behind the bush nor the tree.

She stops at the bush as she can’t see anything. She widely open her eyes but it seems someone forcefully counters her magic.

She blinks her eyes then look at the guy beside him “You’re right. They are here. The enemies were still alive even this year. Thousand have passed and they’re still alive. What kind of magic are they using to keep them alive this year?. Psh ! Let’s go” then suddenly vanish at the thin air.

All of them we’re in shock as the both of them are gone.

Alice didn’t budge as she looks closely at the so called Adam & Eve. Good thing, she counter acts their magic and using her spell, she’s able to hide their presence.

Now, she was certain of their identity. She can track them by herself, but first she needs to help Ryga’s group to escape from this place.

She looks around and the light came back. The enemies are failed with their plan. Their long plan was failed.

The Adam & Eve they were counting on were gone.

The Desmond Family is angrily look at the old man Alado’s side. He shape shift into his beast form then without delay, he use his claw to pierce the old man’s heart.

The old man was injured badly, he couldn’t move an inch. He couldn’t defend himself from the young master’s attack.

The bleeding was severe. He angrily coughs a blood then smile deviously “You won’t win this war. Only the true ruler of this world can rule. The blood runs to your family is fake”

The young master was angry with his last words. He slashes his other claw at his neck until it bleeds and killed immediately.

He gasps when he heard clapping hands at his back. He turns around and saw the man wearing a slither jacket smiling at him.

“The young master was so brave; he killed the priest by himself. Isn’t he amazing? “ he look around but no one dare to look at him

The young master step forward and wipe his hands full of blood towards him then says "I don't need your glorious words" then turn his back and command his colleague to kill anyone who tried to oppose them

"The priest is dead. All of you are now belong to Desmond Family. Those who don't wish to be alive, you can step forward and I fight you fairly" as he lick his hands full of blood

None of the members of an organization could utter a word.

A woman claps her hands as she feels amazed at the young master's action. She praises him from his bravery and action.

The young master angrily look at her but she keeps on smiling and calmly says "Watch your action little doggie. We vampires wouldn't back down"

The woman was known as a Vampire Queen, she can change her appearance according to her style. She can become a kid nor an old woman or a young woman. No one knows her true appearance, except the other vampires.

Beside her is Lady Beth, her assistance and behind them are the other vampires.

She step forward while changing her appearance and says "How about let's have a friendly chat? Shall we? "

The young master spit some blood and looks at her angrily "damn bat"

Another woman came out. Her hair was gold, she have an appearance of a beautiful lady "can I join? "

The Vampire Queen rolled her eyes as she looks at her. The young master wipes his hands and asked "what? Aren't witches wanted to stay low?"

Behind her is Eura and Eva, they look around and saw Clavio. They wave at him and smile.

"Well, we witches want to have some fun. Can we join? "

She was interrupted by the Vampire Queen "An ugly woman like you are not allowed to join"

The golden hair witches twitch her head and look at the Vampire Queen and says "Did I asked your permission? Oops! Sorry. I forgot you are here. Aha ! I forgot, you bat have large ears" as she point their ears, then continue "you can hear anyone right?"

The Vampire Queen knows, that witch woman was mocking at her. She bites her lips while her eyes are flicker and turning red then says "Are you starting a war? "

Their conversation was interrupted by the young master. He angrily pushed both sides and says "Let's go and have some talk"

Alice was hiding on the bush together with Ryga's group. She smile then mumbles "that's the Queen ah".

Clona was looking around but it seems that no one notice them. Ryga took a glimpse at his side and saw the man. This is the man who fight them and the man who save them during the wave.

He took a glimpse and saw him forming a sign. It seems the man told him to stay low and keep quiet. He nods as he understood what he means.

Mr. Tom was looking at the young master of the Desmond Family angrily. He bite his lips as he look at them. He couldn't forgive the Desmond family.

He curses their bloodline. He was certain; they are the one who killed his masters.

Clavio was forcefully submitted into the enemy's lair, as he doesn't want to die. He looks around and saw a lot of wolf people standing side by side.

Their plan might be ruined and their leader is already dead. He can't accept the fact that those guys are traitor.

He took a glimpse at the young master of the Desmond Family. He was fierce, unbeatable and a blood thirsty wolf. He seeks dominance of the world.

Clavio and the other members have to respond to either die or live. They were belong to the Desmond Family. They are force to work.

The commander was looking at them with a devious smile but only Clavio respond with an eye to eye contact. The commander smile then leans forward and says "I like this guy. I will make him my right hand man"

The young master didn't say anything; instead he turns his back and mumbles "suit yourself"

The commander smile then shout "halt!" everyone was hurriedly line up as they feel a superior towards the commander.

"You guys must respond to my queries. Understood?" he exclaimed

Everyone was force to respond "Yes Sir !"

"The young master was so kind to let others join this family. Your only job here is to protect the families at all cost"

Clavio rolled his eyes as he look at everyone, he can feel that everyone was afraid to respond. He took a glimpse at the door and saw a beautiful woman wearing a red dress, she's standing at the side of the door while took a peek inside.

Their eyes meet, as the woman flushed a sweet smile. Her face turns red while looking at them. She was hiding beside the door, as she thought no one sees her.

The commander took a glimpse at the door and saw the young lady hiding at beside the door. He took a deep sigh as he slams his hand at his face then mumbles "Does she think no one notice her?"

He clears his throat then exclaimed in a loud voice "I want you to introduce the young master little sister. She's an Alpha Wolf and the only woman on this family"

The woman step forward shyly as she keeps on looking at Clavio's side. She intertwines her fingers at the back while looking at them.

Clavio blink his eyes then tried to avoid an eye contact with the woman.

"Lady Margareth good day !. Your brother bought them to train with me. They will be working on us from now on" she lean forward then happily introduce herself "My name is Margareth. Nice to meet you"

The commander taps her shoulders "Aside from protecting the young master. I will assign anyone to protect the Lady her"

Lady Margareth pout her lips as she looks at the commander with her plead eyes and say "Can I choose please? I have a lot of guards following me every day and it such a hassle to follow me everywhere"

The commander gently rub his forehead as he knows how stubborn this woman.

“I can’t let you choose. I have no trust with your choices. I need to choose wisely. I will train them and supervise them properly to become your guard”

Lady Margareth raised her pouty lips then cross her arms and says “I will ask my brother” then turn his back and run outside the door, she stops when she reach behind the door and turn her back and loudly shout “My brother will do what I say. Hmp !”

The commander took a deep sigh as he knows how troublesome Lady Margareth.

All of them are looking each other with a puzzle “what will he do to us?” both of them asked

The commander clear his throat then exclaimed “Let’s start your training. For now, let me rank your positions. All of you start attacking me”

All of them hesitant to attack until Clavio jump at the mid- air then attack the commander. The commander smile as he looks at Clavio’s movement. He was surprise with his action. He was quick and alert with his surroundings.

The rest of them are looking each other and nod. All of them are continuously attacking the commander.

The commander smile deviously then slash an attack at them and shout “Weak ! Weak ! Weak !”. He cracked his fingers and mumbles “It’s my turn” then slashes his claw towards them

Clavio and a woman manage to avoid his attack while the other one jump at the midair then attacks the commander. The three of them are stronger than the others.

Ryga’s group encounters them at the cave. They are the wolf who attacks Mr. Tom.

The commanders smile as he looks at the three of them. He can’t believe that someone are able to manage his attack.

He wasn’t a commander for nothing. He was stronger than anyone; he truly believes that no one can parse on him. He is the strongest servant of the family. He serves the young master, as he truly believes that one day the young master will become the great king of the world.

His loyalty gains recognition as he became a commander.

He smirks while looking at the three of them. His blood gushing as he feels an excitement towards them. He keeps on fighting and attacking while Clavio and the others are keeps on defending.

Lady Margaret was happily sitting at the golden chair while her eyes flicker at the man in front of him. The commander shakes his head as he feels defeated at her stubbornness.

He remembers the young master order to keep an eye on her. It seems Lady Margaret was taking a liking to the guard.

He took a deep breath and loudly shout "Let's take a break"

Clavio gently wipe his forehead full of sweat. He gasp when Lady Margaret lean at his face and asked "are you alright?".

He hates the Desmond Family but he can't hate the woman on his front. Clavio described her as a sweet and innocent child. He doesn't understand the woman's action.

After their fight was stop, Lady Margaret chooses him to become her assistant slash guard. The young master commands him to protect her. He hasn't any choice but to nod and obey to the young master's demand.

He stood up and grabs his sword then continues with his training.

Lady Margaret cracked his fingers then leans forward towards the commander and whisper "Aren't you giving him a pressure, Mr. Commander? "Then kick his feet.

The commander scratched the back of his head as he feels hurt with the kick " argh! what a pain!" he mumbles.

Lady Margaret hear his mumbles, she hurriedly lean forward and loudly shout "BREAK ! Everyone break time! ". All of them are looking at her with a confuse and repeatedly asked "break? ". She nod then look at the commanders side with a smirk on her face "The commander will show you a proper fighting stance with his movement, you can follow his lead; right commander?"

The commander knows that Lady Margaret are mocking at him. He took a deep sigh and nod his head "Yes. I will show you fighting stance"

A smile on her lips was shown as feels victorious. She hurriedly run towards Clavio's side and happily asked "You will be staying at my room, right? "

Everyone was looking at her with awe on their face. Even the commander was shock, it was his first time to hear that Lady Margaret invite someone on her room.

Clavio frown his forehead and asked " pardon? your room ?". Lady Margaret firmly stood up and happily intertwines her fingers and says "Well, you are my guard so you must be with me 24/7. Am I right Mr. Commander? "

The commander slams the palm of his hand to his face as he took a deep sigh and nods "This woman really likes him"

"See? Even the commander agree"

Clavio stood up and gently wipe his face with a towel then look at the woman in front of him and says "If our Lady says so then I must obey the lady itself"

Everyone knows that Lady Margaret took a like to him but only him have no idea the meaning of Lady Margaret's action. He only thought that she was chosen as her guard to assists Lady Margaret's daily life, he thought he was assign to her; to be able to protect her from danger.

His stupidity really saves him to get closer at the families.

Lady Margaret was happy as she flushed a smile, her cheeks was turning red as she feel shy looking at him. Clavio scratch the back on his head and asked "is she sick?"

Everyone slam the palm of the hands at their face and asked in unison "Is he stupid? Or an idiot ?" even the commander itself feels defeated with his stupidity.

They were busy with their training when the young master suddenly came. Lady Margaret happily stood up and clings to his brother's side and asked "what are you doing here?"

The young master took a glimpse at the commander and nod. The commander loudly shouts "halt, young master are here for announcement"

He walked at the aisle while looking at them and says "I have a first mission to all of you here" he paused for a while then took a glimpse at them and sat at the golden chair then continue "The organization are gone and all of you here are belong to the Desmond Family. If you wish to live, you must obey the orders that was given to you"

All of them have shivers down to their spine. Lady Margaret smacks his brother and angrily says "watch your words". The young master took a deep sigh as she feels defeated at his sister's stubbornness.

He stood up and exclaimed "Your first mission is to retrieve Adam & Eve. We must find them before anyone laid their hands at them. We must obtain them at all cost"

All of them are looking each other as they don't have any idea where to find the so called Adam & Eve.

Clavio raised his hands and asked "do you have a lead where to find them?". The young master snap his fingers "No but someone will help you to find them" then a woman suddenly came and join their conversations "Adam & Eve's location wasn't steady but we can find them with the help of magic"

She smiles for a while and wave her hands towards them and says "Hi ! It's been a while". Clavio blink his eyes and asked "Eva?". The woman smile as she hurriedly run towards him and says "We will be together on this mission again"

Lady Margaret's ear twitched when she hears the word 'again'. She angrily looks at the woman as she grimly close her fist then asked his brother "who's that woman?"

The young master chuckles and lean forward at his sister "They are on the same team with a mission". Lady Margaret angrily stood up and hurriedly run towards them, as she pulled Clavio's arms towards her "Only the two of you on this mission?"

The commander clears his throat to get Lady Margaret's attention and says "It's not two of them. On their previous mission, they are seven of them but this time all of them are

on this mission including everyone on this place. Eva was a witch and she can sense a magic, using her magic we can find and obtain Adam & Eve”

She was hesitant to let go of him but his brother separate them and says “Well sister, might as well claim him before anyone dare to lay their hands at him; am I right?”

Lady Margaret smile deviously as he nod at his brother

“The mission will be start tomorrow. I want you to report at me every detail, understood?”

He chuckles when he heard the word leader from her. He took a last glimpse at the bush and thought "Why are they following on us? Those guys are here again!"

– On the other side of the bush –

Clona was holding her breath as she was afraid to find out. Ryga can sense that Clavio knows them but he was taking a blind eye at them.

He was puzzled at Clavio's action but this save him multiple times. He looks around and saw Mr. Tom closing his eyes and ready to take a nap while beside him was Dorothy leaning her head against Alice.

He took a deep sigh.

It was an accident; they accidentally saw them at the deep forest talking each other about the so called Adam & Eve.

The five of them are on their way to find Adam & Eve when they accidentally hear their conversations. All of them nod and follow them.

Alice twitched her eyes as she can feel someone beside them hiding and following Clavio's group. She gently closes her eyes as she doesn't care about anyone aside from them.

Clona lean her head towards Ryga's shoulder and close her eyes. She yawns as she feels asleep. Everyone was asleep except him. He was ascertain that Clavio notice them.

He doesn't want to put his guard down. He look took a peek at Clavio's group and saw all of them are asleep.

He took a deep breath and tried to close his eyes when suddenly they heard a large howl from the distance.

All of them open their eyes and hurriedly grab their weapons. Mr. Tom stood up then look above and saw the moon changing into a blood moon.

Mr. Tom’s eye widely opens as he looks at the wolf. He step backward while pulling at Ryga’s back shirt and says “It’s not a wolf. It is their pet”

Ryga took a peek and saw a large dog with a wolf form. He suddenly remembers “Adam & Eve are near this area”

“I know it” Alice mumbles while looking at the shadow beneath the moon. The ground suddenly cracked open.

Ryga grab and held Clona’s body tightly as he jump at the tree branch while Mr. Tom was so quick that his able to back flip and jump at the other tree branch while Alice was holding at Dorothy as she flip at the midair.

Some of clavio’s group couldn’t able to escape the shaking and opening of the ground. Some of them are eating alive inside at the ground.

Clavio took a glimpse at Ryga’s side and jump towards it and asked “Why are you following us again?”. Ryga tried to respond when the ground suddenly shakes and cracked open. The tree branch split into two while the ground shakes aggressively, it suddenly split into two.

The forest split a large hole was made. Ryga couldn't able to balance, he accidentally drop Clona's body at the ground.

Clavio secretly whisper "I will help you to find them" Ryga nod as he understood.

"We need to get out of here and report this to young master. It seems Adam & Eve knows our movement. We need to retreat and do some planning"

A large thunder and a rain drop at the Sky. All of them are looking each other and nod. They hurriedly run as they need to report it to the young master.

On the distance, a man wearing a silhouette jacket was looking at Clona, Mr. Tom, Dorothy and Alice body unconscious on the ground. He look at the woman and saw a red petals at her forehead.

He flinched when he heard someone's voice calling him. He turns his back and saw his men hurriedly run towards him and says "They go back. We need to retreat as well"

They are from the other organization. Their mission is to look Adam & Eve. They happened to stumbles Clavio's group at the deep forest.

He took a deep breath and waves his hand towards his men and command "need assistance" he can't leave them behind.

Looking at Clona's face makes his heart beat faster. He believes in fate and destiny.

He keeps on looking at Clona's side and she can sense something from her. For him it was destiny and fate to meet her at this place.

"Let's bring them at our place" he commands, as some of his men confusedly nod their heads. He was in a dazed when he heard someone's voice at his back "Old man Garro will angry on us for bringing stranger at our place"

The young man twitches his eyes and pat his shoulder "I will handle on it. Just do what I asked. Let's tend their wounds", his friend took a deep sigh and nod as he doesn't want to argue on him.

He was known as a commander of the group. He was flexible and strong man. His not an Alpha wolf but he was strong enough to defeat the entire group of the enemies.

He is a beta wolf but he was born with a great strength of power. He has everyone desire of. Strength, knowledge and charisma that make everyone obey his command.

On the other side of the group, Clavio was reporting to the young master about the so called Adam & Eve appearance. The young master of the Desmond family thinks carefully as he underestimates them. He needs a plan to obtain them.

He took a glimpse at the man in front of him and says "It can't be helped, your first mission was a failure" he paused for a while and stood up then continued "They are stronger. It was understandable that all of you failed. You must be thankful to be alive"

Clavio grimly close his fist as he feels a mockery towards his words. The young master smile deviously and lean forward at him "You are far stronger than anyone. I took a liking on you because of my sister. I like the show of your face" then laughed evilly.

Lady Margaret aggressively opens the door and shouts at his brother “Shut up brother. Don’t point your finger at him” then look at Clavio’s side with a worried face and asked “are you alright? Thank goodness you’re safe”

She happily hugged him tightly while giving a fierce look at his brother. The young master raises his hands as he doesn’t want to have a conflict with his sister.

“Well, I need to go now. I will announce the next plan” as he laughed evilly

Lady Margaret raised her middle finger towards his brother. She lean her face towards him and gently wipe his sweat.

Clavio stood up and gently pushed her away. Lady Margaret doesn’t mind her actions; she was pleased to see his emotions. The more he shows how scared of him the more she wants to comfort him.

She loves him very much. The first time he saw Clavio makes her heart beat faster. She believes in destiny and she knows it was fate that brings them together.

She is the type of person that will get what she wants. She hugged his back and using her sweet words she asked “Is everything alright?”

Clavio paused for a while and turn his way at her. He knee down and pat her head and says “Thank you. Lady Margaret. I am fine”

She smile sweetly “If my brother tried to bully just tell me and I will finish that bastard, alright?”. Clavio can’t help but smile. He has no idea why Lady Margaret was acting this way towards him.

He can only think of possible reason and that is Lady Margaret was a kind and sweet woman. They flinch when the commander came “Pardon the intrusion Lady Margaret. I want to have words with Clavio for a while”

Lady Margaret pout her lips and crossed her arms, she angrily look at the commanders side and says “You can speak now. NOW !” she repeatedly exclaimed the word ‘Now’.
