#### Chapter 84

Clavio manage to defend himself as Tuatara spit on him. Ryga shape shift into his wolf form and attack it but the Tuatara wag its tails and manage to defend himself.

The so called Adam & Eve was flying at the mid air as they looked down on the pack of wolves. The so called Adam mumbles and asked "Are our master was still alive or not?". Eve was looking at him with disgust as she hates this man on her entire life.

She crossed her arms then rolled her eyes and say "I don't know but Lady Amaltheia was still alive. I can feel her soul and her magic but I can't identify her location".

She took a glimpse at him and asked "how about you? Was your master or should I say Prince Achilleas was still alive?". He took a deep breath as he took a glimpse at her and says "I don't know but I can feel his soul. Just like you, I can't identify his location". She nod her head "Ah I see"

Moments of silence until Eve raise her hands and change the color of the moon. The crescent moon suddenly turn into a full moon, using the book that was belong to her Lady, she manage to change anything that surrounds her, even the moon itself, as the book holds a greater magic that once condemn by the moon goddesses.

The book holds Lady Amaltheia and Prince Achilleas memories. Its magic was unexplainable that even the world itself will bow their head.

She opens the book and brightness light came out. She turns some pages then cast a spell and summons another creature.

While they are fighting with Tuatara, Ryga twitch as he heard another loud voice from the Sky. His face turns into awe as he looks at the creature flying at the mid air.

He took a glimpse at Clavios's side and pulled him, as he saw a creature that have a body, tail and back leg like a lion; the head and wings of an eagle's talons as its front feet.

"It's a griffin" he heard someone at his side while pointing its finger at the creature. Ryga turn his way and asked "Griffin?".

"It's a mythical creature that resides at the south continent, it is said to be dead. How come it's still alive on this day?" the man exclaimed as his eyes became widen

Ryga look at the creature as it continuously attack the guards while the Tuatara keeps on spitting its acid.

“Just fighting with the Tuatara was so hard and now there’s another mythical? How could we fight them?” the man asked as its body was shaking

Ryga didn’t know how if they could win or not, even using their wolf form. The Tuatara and Griffin are much stronger than them.

“Why? These creatures must not exist today. They living for a thousand years” the man exclaimed as he doesn’t know what to do

“Thousand years?” he mumbles as he think of a possible answer, he mumbles as he looks at the two creatures. ‘How come it’s still alive? Or maybe someone summons them?’. He saw a two shadow figure at the mid air.

‘The moon change’ he mumbles

Suddenly his ears change, it became longer as his nails grow into a sharp and longer nails. His a bit confuse as why his beast form trigger.

He looks around and saw some of the werewolves are shape shifting into their wolf form. He took a glimpse at Clavio’s side and saw his awe face as he look at the mythical creatures.

The griffin soars high while the Tuatara keeps on attacking at the others. He took a step saw the griffin twitch its head towards him.

He hurriedly grabs the mask and put it on and flips backward. He howls loudly as he ultimately shape shift into his wolf form.

His tail grows longer as if he became a beast itself.

On the other side –

Clona was blankly staring at the moon as her heart skips. She looks around and saw some of the werewolf troupes from the young commander shape shift into their wolf form.

She holds her breath as she doesn’t want to shape shift into her wolf form. She doesn’t want to repeat the same mistake again. She doesn’t want to kill another people.

She suddenly remembers her past self. She was startled when someone pats her back. She took a glimpse and saw Dorothy’s worried face and asked “are you okay?”

She nod as she wave her hands, suddenly her body became hot. She cant explain as if some force tried to take her beast form.

“Was it moon goddesses?” she mumbles as she keeps on staring at the moon while her hands were placed at her chest.

Her body gradually changes. She took a glimpse at Dorothy’s side and push her then shout “Go ! Leave me alone for now ! Go” while hardly taking her breath

Dorothy was a bit confused, this is her first time to see Clona shape shift into her wolf form so she won’t miss a single thing. A beautiful lady like her must have a beautiful form but Clona push her towards Alice directions which Alice take notice at.

Clona nod at her as she can’t control her wolf form. She remembers, the last she shape shift into a wolf. She killed someone, from then on; she decided to surpass her wolf but now it’s hard to surpass it.

In her perspective, it looks like the moon sucks her entire being towards it. The more she tried to resist the more her body hurts.

She closed her eyes and hoping she could overcome this situation. Praying she could completely took over her body.

She blinks her eyes and saw a wolf shadow coming from the moon’s light. She took a glimpse and saw a familiar figure fighting the griffin.

Unconsciously, she mumbles the name she wants to see “Ryga ?”□

“ Ryga?”

She looks at the mid air and saw a wolf fighting with the griffin. She easily recognizes him. She flinch when Dorothy was on her side again and asked “Is that Ryga?”

She opens her mouth and ready to respond when suddenly her heart skips and her body became hot. It is her first time experiences this kind of situation.

Alice pulled Dorothy over and nod at her as both of them understood. It was dangerous for them as Clona couldn’t control herself.

“ah ! it was for the best” she mumbles as she keeps on taking a glance at the wolf and the griffin, as much as she wants to hold the more her body hurts.

She looks around and saw everyone joining the war. The fight was between the Desmond Family, their organizations and the so called Adam & Eve.

Her wolf side completely takes over her. She closed her eyes as her body gradually changes into a beast. She howls loudly and thus her alpha form came.

The young man who saw her shape shift was amaze on how beautiful her form is. He was an Alpha but he couldn't do that kind of thing. Her beautiful shape and her beautiful mark a truly grown Alpha

He manages to become who he is without discrimination through his effort. To become a commander at his young age, a lot of people were envy at him.

He took a glimpse at the moon and saw a magic particles coming from the light. He may look at it but he can see a magic particles. He has an extraordinary ability to check and see the magic.

He was startled when he heard Clona's voice howling loudly. He was startled when she was looking at her blankly.

Dorothy pulled her over then hurriedly hides at the bush, using Alice magic they able to conceal themselves.

“What happen?” he asked while looking at Clona's side

Dorothy bites her fingers then took a glimpse at him “I—I don't know. Ryga told me about Clona's transformation, according to him that was state but Clona herself. Clona couldn't able to control her wolf form. Something beast that was stronger than anyone will come. At first, I don't believe it. I haven't heard a wolf couldn't control their for” she response while stuttering

They look above and saw another wolf fighting with the griffin; they were shocked, when they saw Clona jump higher towards the griffin then slash her claws towards it.

They flinch when they heard a scream from the distance and saw the Desmond Family attacking his troupes.

He clenched his fist and stood up. Dorothy pulled his back shirt and nod then hurriedly run towards the enemies.

They even heard the enemies asking “Who's that wolf? “

“Those two wolf were having a par with the griffin”

The young man commander startled when he heard a shout "watch out! Above!". He stop for a while then look above. From his distance he saw the Tuatara coming from him.

Alice manage to pulled him and defend themselves while Dorothy cast a magic spell to counter attack the acid that was spit by it.

Clona and Ryga with their unconscious mind continuously attack the Tuatara and Griffin, which makes the so called Adam & Eve to have their attention.

Both of them were unconscious, as if both of them are stranger. Clona open her mouth and widely bite the Tuatara's tail and using her claws, she slashed it towards the Tuatara's belly.

Ryga was drooling while looking at the Griffin, his looking at it as if it's a prey. Using his right hand, he raised it above and strongly stabs the Griffin's neck with his nail.

The so called Adam & Eve are looking at them with an awe face

"Both of them are too strong" Eve exclaimed while looking at them fighting with the creature

"I wonder who are they?" Adam asked with a confuse on his face, he lean his finger on his chin as he start thinking

"Was wolf on this era was much stronger than our King?" Eve asked while looking at them

Both of them are with a par on the mythical creature. They manage to fight them on one fight. Clona and Ryga are too strong that even Tuatara and Griffin couldn't do anything.

The Tuatara spit at Clona arm but later on it heals immediately. Clona was an Alpha wolf with a strong healing ability while Ryga was a Beta Wolf with a strong physics, he was stronger despite being an alpha.

Both of them are fighting unconsciously, it was an effect of the moon's power.

Griffin tried to plea but Ryga manage to hold on of his tail and using the grip of his fist. He turn the griffin upside down despite being a large creature.

He pulled its tail then using his sharp nails, he stab the belly button part of its body which cause a blood loss while Clona on the other side was slashing her claw towards the Tuatara, using her strong arms, she manage hold its mouth and with the both sides she forcefully open its mouth.

The Tuatara screams in pain.

Clavio who's looking at them was amazed, as he can't believe that Ryga was stronger than anyone. He looks around and saw another group looking at above.

"It seems the other wolf was from this group. It's better not to fight them head on" he mumbles as he waves his hand and command them to retreat

He will add this incident at the report. He will tell the young master about the mythical creatures that was lived on thousand years.

He took a glimpse at his side and saw the young man commander looking at him fiercely.

"It seems I wouldn't make it to the young master" he mumbles as the young man commander run towards him

He look around and nod at his guard then run toward the young man and shape shift into his wolf form

Clavio tried to defend himself but the young man commander use his other hand and slash his side with his sharp point fingers

He step backward as he can feel a bit of pain at the his side, a much blood was dripping as he tried to cover it with his hands.

He might be an Alpha wolf that has a healing ability but not great as Clona who can heal fast. His healing abilities were too delay that it takes a lot of time to close the wound.

He took a glimpse at the mid air and saw Ryga still fighting with the mythical creature. Ryga was so flawless that it looks like four of them were flying at the mid air.

He took an initiative and attacks the young man commander. The young man smirk as he jump at the mid air and deviously took a smile then slash his side.

He looks above and saw Clona fighting with the Tuatara. He smile as he look at her, he can't help but feel fascinated on how strong and beautiful she is.

He flinch when feels someone attacking at his back. He flip backward and unexpectedly saw Clavio with his beast form.

The wolf has another form and it was their beast form. It will trigger once the self-esteem of their wolf form struggling but there's some wolf who's beast form will come with their own will and some can able to control it.

The young man commander spit some blood. He look around and saw Clavio moving so fast that it was hard to catch with his eyes.

He hasn't showed his 100 percent strength. He gently wipes the blood on his mouth and seriously looks at his enemies.

He howls loudly and took a last glimpse at her from above.

Unlike him, he can able to control his beast form. He closes his eyes and look at the moon. His eyes drastically change into a purple. His hair grows longer as his nails grow sharper.

His hair drastically changes into another one. His eyes widen as his ears became longer. He blink his eyes and suddenly his mind turn back into his past self.

He is a young master from a noble family. He was born in a wealth family as a silver spoon on his mouth.

He condemns himself as a strongest and mightiest. At a young age he was smart enough to solve mathematical problems.

With the help of his intellectual ability, he became who he is. He became a commander at his young age.

“All Hail to the new commander. Commander Bailey ! “

A lot of people were cheering as they pleased to hear a young man to become a commander on his young age.

He flinches and snaps on reality when Clavio's beast form keeps on attacking at him. He flashed his devious smile and smirk.

He wasn't call as a young man commander for nothing. His strength was nothing to compare with others. He condemns himself as a strongest wolf on his peers.

He flip backward and using his fist, he strongly hold Clavio's tail and pulled it closer at him then launch a punch at him but CLavio manage to defend himself by holding his fist that was coming and pulled it over with his counter attack then stab Bailey's side with his finger nails.

Bailey step backward as he mumbles "What a pain! An unconscious wolf was really stronger but not stronger as mine" he licks the corner of his mouth that was dripping by blood.

He can't believe that someone as strong as him was been pushed aside. It's truly fascinating and amazing. For a day he witnesses something amazing, he can't help but feels excitement.

He bends down then flips backward and jumps at the mid air then slash an attack. With the tip of his finger he manages to stab Clavio's back.

He licks the blood that was on the tip of his finger and smile deviously. He feels a sudden satisfaction towards the blood. He forms a smirk smile then bends his knee and with the tip of his toe he jump higher.

At the mid air he slashes his sharp claws with the little bit wind, the force push through to Clavio's arm. Clavio howl as he looks at his arm full of blood.

He took a glimpse at Bailey's side as he licks his arm. His healing abilities were based on his saliva. Every time he got hurts, he needs to lick his wound to make it close and stop the bleeding.

He howls loudly as he feels a bit pain from Bailey's attack. Some of the guards were looking at them as they don't want to join. Afraid they will get killed first.

At the mid air were Ryga and Clona fighting with the mythical creature. Both of them were exhaust but none of them are giving up.

The griffin's wing was broken, it was slash by Ryga's claw and its back was stab by Clona's pointed nails.

The so called Adam & Eve bite their lips as they feel annoyed looking at the creature they summons. They feel sorry for them, as these creatures were belongs to their master.

They couldn't believe with their eyes. The strongest Griffin and Tuatara that once ruled the forest was been held down.

Eve raised her hands and snaps her fingers “Begone !” then all of a sudden the Griffin and the Tuatara were gone.

The griffin and the Tuatara were suddenly vanished. All of them were shocked to see they were gone like nothing.

Clona and Ryga were looking at each other, as if both of them were looking at prey with each other.

Clona howl loudly then look at Ryga's side. Her unconscious body moves its own and attack his side.

On the other side were Clavio and Bailey fighting each other.

Clavio was exhausted as he can't control the beast form's desire. He was heavily breathing.

Bailey took a glimpse at the sky and saw the moon gradually change. He saw the so called Eve raising her hands and changes the moon's color and its shape.

He flinch when he heard a patently breath between Clavio's side. He looks above and saw Ryga and Clona were fighting each other.

He holds his breath and took deep sigh. If this fight will take longer then the scenario won't be end. He took a glimpse at Clavio's side then attacks him randomly.

While both of them fighting each other. Clona & Ryga both fell on the ground. The four of them look at each other.

No one took an initiative to say something. Clona howl loudly then next to her was Ryga whose arm was bleeding.

The three of them are unconscious except Bailey.

Ryga howl loudly while looking at the three of them, he hurriedly jump then tried to stab Clona with her sharp finger nails.

Clona flip back ward and manage to defend herself using her tails as her mouth were drooling. She look around and saw some of the guards and the other members of Bailey's squad but Clavio jump and attack her with his claw.

She saw the attack coming from her, she bend her knees and grimly hold her fist and took a glimpse at Clavio who was near at her and attack him.

Bailey was conscious as he keeps attacking on Ryga and Clavio. He took a glimpse at Clona's side but he was startled when Clona took a glimpse at him then slashes her claws.

He manages to defend himself but he can't attack Clona as he doesn't want to hurt her. He keeps on defending while Clona keeps on attacking but both of them startled when Ryga jump between them and slash both of his claws at them.

He flip backward but he flinch when he saw Clavio's on his side ready to stab his back. He used his claw to defend himself.

Ryga keep on attacking at Clona with his strength. He flinched when he saw someone attacking at his side. It was Clavio and now the three of them are fighting each other.

Clona was on the other side looking blankly at the moon as the moon keep on changing. Her breath gradually stops then all of a sudden her hearts beat faster than a normal.

She flinched when she heard a loud banging noise at her side. She took a glimpse and saw the three of them fighting. She smiled deviously then jumps at the mid air and slashed both of her claws.

Clavio and Ryga, both of them are wounded while Baily manage to defend himself. He look around but startled when Clona attack his side.

He couldn't able to defend himself as he was startled. His arms were bleeding. He took a glimpse at Clona's side and saw her smile deviously while licking its finger with a blood.

It seems Clona was serious to kill them. She was unconscious but she is already a strong one. He needs to make this a serious fight.

He took a glimpse at Ryga's side who's fighting with Clavio. He smiled deviously and run towards them, with the use of his sharp claws he manage to take damage on both of them.

He was startled when Clona was attacking at his back. He keeps on avoiding on his attack.

He pulled Clona's tail and push her towards at Clavio's side. Clona howl loudly, the moment she land at Clavio's side, she's able to use her claw and slash his face.

Clavio were screaming from pain as his face was full of blood. Bailey smile as he look at Clavio with a full of blood.

He flips backward. He wag his tail and splash it towards Ryga but both of them jump from their side when Clona jump between the two of them and behind her was Clavio randomly attacking them as he can't see because of the wound between his eyes.

Ryga pulled Bailey's tail and raise him upward and forcefully slashes him at the ground. Bailey's spit some blood as his face was on the ground.

He angrily stood up and looks at Ryga's side. He howls loudly and moves faster towards at Ryga then slash his sharp claws at his belly.

Ryga step backward as he feel pain from the attack. He wipe the blood at his side that was healed completely and stood up then crack his neck.

He look angrily at his side and spit some blood then jump at the mid air and slash his claw but Clona interfere between them as she use her claws and slash it both sides.

The both of them step backward as they feel pain from her attack. A blood drip from their arms as it opens widely.

Both of them angrily looking each other but suddenly CLona started to scream in pain. They look at her and saw her body became red as the moon drastically changes again.

All of them are looking above and saw the so called Adam & Eve approaching them. Eve raise her hands and cast a spell.

Both Ryga and Clona were on their knees screaming from pain.

"The two of them are affected from our magic" Eve exclaimed while looking at both of them

Bailey shape shift into his human form and asked "What ? What happen to them?"

Adam blankly looking at him with a deep sigh and says "Both of them are connected with the moon"

#### Chapter 88

Ryga and Clona were on their knees as they scream on pain. Bailey hurriedly run towards at Clona's side then pulled her hands towards.

The so called Adam & Eve didn't dare to flinch as they look at him pulling Clona. He turns his back and carries her at his arms. He stop for a while and took a glance at Ryga, who's unconscious at the ground.

He was startled when he saw Clavio running towards him "It seems his consciously mind was back"

He took a last glimpse at them and continues to walk, he barely heard Clavio asking Ryga but he didn't mind, he doesn't want to fight.

He was searching for possible tactic to capture the so called Adam & Eve and rule this world.

From the distance he saw Dorothy waving at him, on her side was Alice. He took a deep breath and happily smile at them.

"Is she alright?" Dorothy asked

"She's fine" Bailey exclaimed as he turns his back and saw the so called Adam & Eve flying above the sky.

It's really hard to capture those two, he needs another plan.

On the other side were Clavio, he gain his sense when the moon change its form. He took a last glimpse at Bailey and turns his back. He pulled Ryga on his arms and turns his back.

He looks at the Sky and saw the sun shines brightly. It's already morning. He looks around and saw a lot of damage from his side. We must report it to the young master.

Half of our men were dead. Another organization came out and we need to do something about them before obtaining the so called Adam & Eve.

“Tsk ! Another failure” I exclaimed as I held Ryga at my arms. He was still unconscious. I don’t know what happen to him but it seems he can’t control his beast form.

On my side, I can control on it but something happen that triggers my beast form to go berserk. I can’t explain an unexplainable thing.

We hurriedly run towards the woods as we need to report this immediately.

– Bailey’s side –

I gently put her at the bed as I look at her friends and asked “What happen to her?”. The woman with the same age as her step forward and says “I don’t know what happen but, it seems she can’t control her wolf nor beast form”

I took a deep sigh as I touch my forehead. “It’s my first time to hear that someone couldn’t able to control their wolf form, aside from beast form” he exclaimed then took a deep sigh and continue “ Our wolf form was already on our self. Ever since we born, being able to shape shift into our wolf form makes our self-proud as it makes who we are. To be able to control and grasp its form makes our self-stronger”

Dorothy sat at Clona’s side and gently touched her face. She was too calm with a peaceful mind. Dorothy smile as she looks at her sleeping face.

Ever since she became part of their group, every day was challenging for her. Her ultimate goal is to find his father. She was on her journey but she wasn’t able to find a single clue about his father’s location.

She was startled when Bailey taps her shoulder and asked “are you alright? “. She flushed her smile “I’m fine. Don’t worry”

Alice was standing on her side, she was thinking about something else. Dorothy pulled her arms and asked “Is there something wrong?”. Alice smile and shake her head. She pats her back and says “I need to go”

Dorothy turns her head and directly asked “what? Where are you going? “. Alice didn’t respond as she flushed her smile and says “Somewhere. I need to check something”, before she turn away she heard Dorothy’s word “Be safe! “

She smiled, Dorothy was sweet little girl on her perspective. The reason why she’s following them is because of her but she was on her mission to find the King & Queen.

She believes that they were still alive. The so called Adam & Eve, were the proof that they were still alive.

At first she believes the so called Adam & Eve were the King & Queen but, as the days passed by , none of them have an absolute soul.

Absolute soul is the King & Queens vow at each other ' in sickness and in health, to love and to cherish, till death do us part ' that was their pledge. Their soul were connected, she can see a red string connected by each other.

She didn't see an absolute soul from them. She was curious on whom they are, but one thing for sure, the book they're holding were belong to the King & Queen.

She was enhance on how vast their magic and how they able to summon those ancient creature. The book they're holding holds a powerful magic. Inside of it were ancient creature that once ruled this world but the King were able to seize them and put it on the book.

She was amaze as the so called Adam & Eve were able to summon them. She's start thinking that maybe those were connected to the King & Queen.

She must confront and asked them directly. She can't hold this curiosity anymore.

She took a last glimpse at Dorothy. She was mesmerized by Clona's existence. She concludes that maybe Clona were a descendants. She has no proof but she will stand on her theory about her.

She cast a spell and with a blink of an eye, she was already at the top of the tree. She took a deep breath and expands her magic.

She expands and forms a circle and any object that grasp on it, she can able to neither sense nor see it. She smiles as she looks at her left side and says "Found it !"□□□□

Chapter 89 : Lylia & Vale

Alice was standing at the edge of the mountain, she was startled when she heard their voice "who are you ?"

She smirks and tilts her head and says "It's me who supposed to ask". The so called Adam & Eve, cast a spell but none of it were able to touch her.

She smiles, as she raised her hands and snap her fingers. Her conclusion were right, these two are not the King & Queen.

They may able to summon and use some various magic but they are not strong unlike the King and the Queen. Both Adam & Eve step back as they angrily look and asked "Who are you?"

Alice smile and cast a spell on them. She clap for a while then cast a barrier to imprison them. She step forward and asked "Who are you ? Why are you pretending to be a King and Queen"

Eve tilt her head and asked towards Adam "pretending? Are we pretending?". Adam shakes his head and says "no were not".

The only reason they're able to cast a magic spells it's because from the book. They can read what's written inside. They were amaze as someone other than them can able to read the books.

Their true power was sailed, without their master's permission, the s

Alice put the barrier down and calmly asked "If you're not the King & Queen then who are you?". Adam took a glimpse at Eve and asked "Is it alright to tell her the truth? ".

Eve was hesitant as she trust no one except her Lady Amaltheia "Why should we tell you?" . Alice took a deep breath and says "Do you know why those people tried to seize both of you?"

Both of them shake their heads as they don't know why those people were tried to catch them, as much as they doesn't want to fight, at least they're able to chase them away.

Alice took a deep sigh; she doesn't know what to say. These two have no idea on what happen. Those people thought they were the ancient Adam & Eve.

Alice saw a large rock and sat on it, she was calm as ever and asked "Do you know the cave?" she's talking about her cave.

Eve took a glimpse at Adam and asked "Can we trust her? ". Alice twitched her ear as she heard them asking each other either to trust her or not. She took a deep sigh and stood up "You guys were so called Adam & Eve by the others. Do you know why it is ?"

Both of them look each other and shake their head as they don't know what happen to their surroundings. The moment they woke up they were unconsciously fighting. They were able to gain their sense when they feel the book was stolen by them.

"Both of you were awake at my cave and someone leak an information about the ancient Adam & Eve which happens to be the King & Queen"

The so called Eve was calm and asked "Why do you know that information. Who are you?". Alice flushed her smile and reversely asked "I will answer if you answer my question. Who are you?"

Eve gulp as she looks at Adam and nod. She took her courage to stand straightly and flip her hair and proudly say " I am Lylia. I am serving at D'Raizels' family. My loyalty

towards them is larger than you think. I won't betray them at all cost " she stop when she heard a man laughing at his back.

She tilt her head and angrily shout "stop laughing !". The man chuckles as he heard the word ' betrayed '. He took a glimpse at her and says "didn't you betrayed the family? "

Lylia angrily look at him and shout "I have my reasons !". The man raised his hands and stop from laughing. She form a smirk smile and reversely says " Didn't you betrayed your family as well? "

He stop from laughing and crossed his arms and exclaimed " Unlike you, I betrayed my family all for the Prince sake. I will follow and protect Prince Achilleas. Betraying those family are nothing for me. I serve Prince and nothing else ".

Alice stood up and asked " What's this betrayed about? ". Lylia bow her head as she feel shame. She pout and mumbles " I only do what's best for my lady !".

Alice point her finger towards the man and asked "what's your name? ". She feels familiar with these two, just listening to their conversations; It seems these two know where the King & Queen is"

The man stood up and gently wipes the back of his pants and put his hand at the pocket. He clears his throat as he wants to look cool. Lylia already what he was thinking, she rolled her eyes and shout "So uncool ".

Both of them know each other from the past. They once serve the King and Queen.

He walk towards Alice and bend over and says " I am Vale, the God of Wind ". Alice was startled as his movements were so fast.

Lylia laughed and exclaimed " Do you believe on him ? . NO ! He was not a God. Have you ever heard a God of wind? Of course not!, so don't believe what this guy will say".

Alice nod but she feels something different from this guy that it was hard to explain. Lylia pat her back and says " He was a wind manipulator. He can easily control the wind. It was his specialized magic".

Vale pinch her cheeks and change his tune into a child "really ? you damn spoiled brat ". Lylia rolled her eyes.

The two of them are rivals. None of them backing out, as both of them are hating each other.

Vale clears his throat and took a glimpse at Alice side and asked "How about you? Who are you?"

Alice formed a smile on her face and smirk "Alice. Queen of vampires" □□□□□

"Someone beside us was their" he exclaimed

" It was me who blessed them. With my magic, I give them my blessings to have eternity as their love grow and have a happy family" she exclaimed and change her monotone then started to reverse the words " in sickness and in health, to love and to cherish, till death do us part. I give them a blessing with the moon's presence. I ask the moon's goddesses a little bit of magic and blessed them"

Lylia were stunned as how deep Alice words are. She can't believe it !.

She look at her and asked " Do you believe that our King and Queen were still alive ?". Alice nod as she still believes that those two are still alive.

She took a deep breath and continue " I saw her before she dies. She cast a forbidden magic. With a child on their hands, she's able to cast a spell ". Lylia froze and started to panic, she shakes Alice body and repeatedly asked "What kind of spell? "

She arrived late and Lady Amaltheia was no longer on this world, with a child on her arms and Prince Achilleas on her back. She can't help but cried. She was too late to come. She didn't manage to save the Lady.

They died when the revolt started. Lady Amaltheia and Prince Achilleas became a King & Queen of the world, they able to seize every person who tried to defy them but they didn't manage to defend themselves from the revolt.

There's a traitor on their side. They have a hunch; traitor who killed them, maybe the one who spread the prophecy.

Lylia repeatedly shake her arms and asked "What kind of spell ?". Alice pulled her arms and pat her head " Will you take it an easy? Your hurting my arms"

She took a deep sigh as she started reminiscence the past. She looks at them and continues "I am not quite sure if it's alright to tell you but the spell they're using is a forbidden magic. This magic was came from necromancer, it was a magic to bring back to life " she stop for a while then took a glance at her and continue " I don't know if they were asleep or not but one thing I know was they are still alive"

She stood up and yawns as she wants to sleep and take some rest. She turn her way and asked " I was on my mission to find them, are you guys with me?"

Both of them nod as their eyes started to fall. They can't believe it. Their theory was right, their master are still alive.

They thought what they neither sense nor fell were just from the descendants, now they are hundred percent believe with their theory. They can sense them but they can't find their location.

Alice wave her hands as she needs to go. She turn a last glimpse at them and says "Let's continue this talk later. I need to go now, but next time let met your story about the betrayal " then jump from the mountain

She open her arms widely and close her eyes, suddenly a pair of wings came out from her back. Her magic was back. She's able to use some of her magic but not a hundred percent. She was like them, her magic were sailed.

She was a Vampire Queen and she hasn't remembered any relationship from the past. Not even a child, she was still thinking about the vampire queen they're talking about.

She smile as she know those two are not the King & Queen then suddenly remember something from her past. It was a long time ago, where she first meet Prince Achilleas from her cave.

She stops for a while and tilt her head. She was standing at the mid air as she look at her back and smile “ Lylia and Vale” she mumbles then started to remember. She closed her eyes while her mind was wondering from her past.

She was standing at the garden with a full of flowers. She was startled when she heard a woman’s voice calling her name. She put her smile and bends her knees as a sign of respect “how are you my Queen? “

The woman chuckles as she pat her head and calmly says “Don’t call me a Queen. I’m not a Queen”. Alice stood up and flushed her smile “Soon to be a Queen” she exclaimed

Both of them stunned when someone from a far called the woman’s name

“Lady Amaltheia ! “

The woman flinch as she her lips and mumbles “ here we go again “. Alice chuckles as she saw her most loyal servant running towards her.

She crossed her arms and says “Lylia ! “□
