The Alpha's throne Chapter 9

Chapter 9 : A lonely wolf

Week's passed by, since the incident happened. Clona's memory was fresh that looks like it happen yesterday. She's thankful when the blood moon fade, she can grasp a hold on her inner wolf for a while. At least she's able to save the town's people and her father but it looks like she killed someone.

Her memory started to comeback. She cursed herself being an Alpha, she cursed herself being a weak person.

When her inner wolf started to consume her, she couldn't hold and took control of it. She took a deep sigh then look at the sky. 'It was your damned fault that it was happen' she mumbled. There's no way she will go back to the town. She don't want to trouble anyone.

'Now, what should I do? I can't live without anyone's help' she took a deep sigh and look around to find a suitable foods. She saw a large apple tree and beside is a water that flows from above. 'A waterfalls?' she mumble as she lean closer and look at the water.

'I guess it is safe to drink?' she walk forward towards the falls and look carefully at the clear water. She saw her reflections. She lean her face at the water as she bend down her knees and smell on it. 'I think it's safe to drink' she gently dipped her hands at the water and using the palm of her hands, she hurriedly sip the water and drank it.

'I guess nothing happen to me?' she look at the water for a while then drink again. Her red eyes reflect at the clear water as she look at the large tree through the reflection.

'I'm hungry' she mumble as she gently touch her stomach. It's been a weeks since she left the town. She haven't eaten since yesterday. She was wondering from one place to another. For these past few days, she only eat some fruits and vegetables.

Her stomach growl. She stood up and walk towards the large apple tree. Climbing this large tree was too easy as she was working hard for herself like harvesting or hunting at the forest.

A large tree with a golden apple. She count the apples at every branch and smirk 'I guess, I don't need to find a foods. This large tree have a lot of apples' she lick the edge of her lips and happily climb the tree.

She can hear the growl of her stomach as she picked an apples. Using the edge of her clothes, she wipe the first apple and rub it gently then took a single bite on it.

'Yummy ! so delicious' she mumble then continue to eat. She jump at the other branch and slowly picked the golden apple. She gently throw the apple at the ground and continue to picked some apples.

She took a deep breath and look at the mountain on the other side. 'What a nice view' she mumble. She jump higher at the top of the tree and look around. She saw a vast of ocean surrounded with a beautiful scenery, She awe when she saw a two large ship at the pier taking a voyage.

The Alphec Town's location was on a deep forest at the Vidia's Northern Continent. It is a small continent with a various food supply. A fish that was located at the core of the ocean and a lot of fruits and vegetables that was been harvest by some people. A lot of business was made through this continent.

It was Clona's dream to travel around the world as she want to explore and become an adventurous woman but it was all shattered because of her power.

She flinch when she heard a noise. She hurriedly jump from above to the branch and slowly took a peak at the leaves. There he saw a young man at the falls taking a bath. She blush for a while when she realized that this guy was naked all along.
