Ryga was struggling fighting with them, even he shape shift into his wolf form; he hasn't done any damage towards them.

He flinched when Clavio pulled his arms. Both of them are fighting with Adam, they were on par with him. He couldn't help but feel amazed on how strong these people

They are truly from ancient times as the two of them were strong enough to wipe them out. He was startled when he feels the young master coming towards their direction.

Both of him and Clavio flip backward as the young master releases a powerful punch. He looks around and saw some of the guards were exhausted.

Only him and Clavio were remain, except the young master and Lady Margaret, who's fighting one on one of the so called Eve.

Suddenly they heard a loud noise at the west side, all of them stop from fighting as they look at the Sky and saw a large beast coming from their side.

He took a glimpse at the other side and saw Clona with the others. He smiles as his heart started to beat faster.

He saw Clona waving his hand while smiling at him. He cracks his neck and immediately shape shift into his human form.

Clavio pulled his arms and asked " what are you doing ? " he shape shift into his human form. He can see the other organization coming from the west side

Ryga calmly responds to him " they are my friends " while pointing at Clona's side, he shrugs his shoulder as he was too happy to see them alive.

Clavio couldn't stop him as something force pulled him and stop him from stopping Ryga's action. He took a deep breath as he looks at them.

He can't believe he became friends with him. He still remembers the day where both of them are fighting each other. He even remembers casting a spell from the book.

He was startled when Adam was on his front. His heart stop from beating as he looks at the guy at his front.

He was captured at his eyes from red to blue. He gulps for a while and step backward. He was ready to accept his fate when Adam pat his back and says “ nice try “

He flip backward when the young master continues his attack at Adam but behind him was the young commander of other organizations.

He took a glimpse at the right side and saw Lady Margaret fighting with Eve, from the look of it , the Eve was playing at her.

He looks at his front and saw the young master with the young commander fighting with Adams. He turns his back and hurriedly run towards Lady Margaret.

His priority is protecting Lady Margaret so he needs to be on her side at all cost. His eyes were glancing at Ryga’ s side who were happy talking at his friends.

He shape shift into his wolf form and jump higher towards them and attack the so called Eve. With his claw, he manage to defend Lady Margaret with his claw.

Lady Margaret smile and started to cling at his shoulder. Eve yawn as she feels bored, she hasn’t used her power. She wasn’t fighting seriously with her.

She look at them with a smile on her face, she wants to let them know on how bored she was.

“ Lady Margaret was been played by the Eve “

“ It seems she was playing at her “

Lady Margaret twitch her long ear, she doesn’t want to shape shift into her human form as she feel embarrassed to be naked at Clavio’s front.

She feels insult. It seems the Eve was playing at her, she wasn’t taking her seriously. She clenched her fist as she feels insulted.

Clavio hold her hands to calm her down. She cracks her neck as she was angry from their words. She looks above and her eyes change from red to another set of color.

She takes out her beast form. She doesn’t want to be a loser in front of the guy she likes. She howls loudly as her shape shift into her beast form.

She became larger and larger.

Eve’s eyes change as she looks at the moon. She blinks her eyes and uses a force magic to hold her shape form. She took a glimpse at Lady Margaret and smile deviously.

She may be playing at her but this time was different. It seems some powerful mage was watching at them. She doesn't have want to waste her time at his silly fight.

She crack her finger and jump at the mid air as she look around to find someone but she was startled when she feels someone from her behind.

She land safely at the ground while looking at the beast at her front. She smile and asked " Is this your beast form ? looking good ! nice form you have "

Lady Margaret howls loudly as she was ready to attack her at any moment. She speed up and attack the Eve but before the Eve defend herself, she flinch when she feel someone on her side.

She flips backward and saw Clavio attacking her at the other side while Lady Margaret was on her front. It's been a while since she fights seriously.

She bites her lips and changes her arms appearance into a beast. She didn't shape shift into a beast. She became a monster as her back was a pair of wings.

She look at the Sky and mumbles " It's been a while since I use this appearance ". She's not the real Eve, she was a servant who was sleeping on the chamber for thousands of years.

To save Lady Amaltheia, she uses a forbidden magic. She doesn't know if it works or not but she have a hunch, the forbidden magic she use was actually working and the proof of it was Lady Amaltheia was still alive on this day.

Alice was looking at them, she doesn't want to join their fight but she can feel someone was watching them from the distance.

As much as she wants to help, she wants to avoid conflict. She took a glimpse at Ryga and Clona's side who's happily talking each other.

Something familiar that gives her chills, just looking at these two makes her heart beat. She feels a familiar as she wants to try which one was it.

They were startled when the so called Adam use a magic cannon ball and throw it towards at his enemies. Alice silently whips her finger and put an invisible barrier for them.

She took a glimpse at Dorothy's side but Dorothy was busy talking with her friends. She looks at her front and saw Eve fighting with Lady Margaret and Clavio.

She wasn't shock at Eve's appearance as she already know her existence.

She was startled when Dorothy pat her back and asked " What is she ? ". Alice doesn't want to lie but she doesn't want Dorothy to feel scared at her. She shakes her head and says " I don't know "

From her perspective, Eve or Lylia is her name was a half bred. She is half vampire and half wolf, although her blood runs vampire, wolf and human.

Alice knows a little bit on her story as she remember Lady Amaltheia's story about her life.

As far as she knows, Lylia parents were not a full bred. Her mother was half human half vampire while her father was half human and half wolf.

" just like Lady Amaltheia " she mumbles while looking at them

Dorothy snap her fingers and asked " Lady ? Lady , what ? who again ? ". Alice was startled at her question and directly change the topic " what I mean, the Lady wolf was too strong that shes able to fight on pears with Eve" as she scratch the back of her head and smile

She took a glimpse at Lylia's side and saw her eyes reflecting a moon's shadow. It seems her power trigger from the moon.

Someone might change the moon's power. She needs to investigate this further.

On the other side was Clavio together with Lady Margaret, they are fighting with Eve who is much stronger than them.

While the three of them fighting each other. Eve took a glimpse at the other side of the forest and saw the man who she doubt as a connection with the moon, happily talking with a woman who she doubt connected to the moon as well.

Her eyes were locked at them as the two of them were talking. She suddenly remember something, she took a deep breath as she stop from fighting.

Clavio pulled Lady Margaret's hand and says " hold on! Something differ from her, she's stopping at the mid way " Lady Margaret took sigh and smile at him. It seems Clavio was truly cares on her.

Lylia or known to be Eve was stopping at the mid way as she looks at the moon and remember an unforgettable moments from her past.

“ It was this time, she save me from my loneliness “ she mumbles as her mind goes back on the past

– Thousand years ago –

A small kid was running while holding a bread and some foods on her arms.

A loud voice shouting from her back, as she was chased from a group of people; they were three of them and all of them are chasing the poor little girl.

She pulled his hand and bites its finger. The old man screams as he can feel a bit pain.

The three of them continuously kick the poor girl. She was ready to accept her fate when suddenly a kid came out and offer a large sum of money from them asked “ Can you release her ? “

The three of them look each other and nod but before they turn their back, they kick the poor girl for a last time.

She raise her head and saw a kid, she was smiling brightly at her as she held her hands to help her to stand up. She was shy as she feels embarrassed.

She took a glimpse at the Kid then turns her eyes away. The kid chuckles and says “ Hey ! don't be shy ! what's your name ? what happen to you ? “

She refuse to say another word as she was known on this place for being a beggar, her family was too poor that its hard to sustain a food for their everyday life.

She was force to steal some foods it's all because her parents were sick and couldn't able to find a foods for them.

“ Hey ! still their ? what's your name ? “ she flinch when the kid snap her fingers and asked

She was too shy to answer but the kid pulled her hands and put something on her hands. She was too shock to see what it is.

It's her first time to hold a large sum of money. The kid gives her pouch with money inside and beside was a little bit of coins. She can't believe it.

With this kind of money, she wouldn't need to beg a food on the street. She look at her but the Kid smile and says " now you're looking at me " which makes her embarrassed

Lylia blink her eyes as she snap from reality ( present )

Alice wants to say but Dorothy interrupt her “ Alice and I are both witches, if we combine our power maybe we can do something to stop them to shape shift into their beast form “

Alice smiles on her while thinking ‘ Why didn’t I do it? All of them thought that I am witch. If I am a witch then maybe I can use some of my powers ‘

Vale wants to say something but Lylia pulled him over and asked to listen what the young man will say.

“ but – bu- but that guy – he “ while pointing his finger at D’amoure.

Lylia took a deep breath and pulled him again and says “ if his story were nonsense, lets attack him again “ which makes Vale agree.

Alice took a deep sigh, as much as she wants to create havoc and asked the witches location. It’s better to hear the young man’s story.

She bit the tip of her nails and think ‘ maybe those witches were the one conspired the coup d’etat from the past ? ‘. She silent sit at her wooden chair and says “ continue ~ “

“ what I say; your Lady Amalthei and Prince Achielleas that was known by their alias as Adam and Eve were fact true, because the book says it all “ the young man exclaimed

“ what do you mean ? “ Alice ask

He open the book and flip some pages and says “ The book says Adam and Eve once again reunite as their endless love won’t be broken. One bloody moon and a constant fire, the Sky succumb from darkness, once Adam and Eve reborn. With a moon’s guidance both of them fell but with a tragic event. “

Lylia started to understand the book, as she constantly asked “ Both Adam and Eve will reincarnate but once they fell each other a tragic event will succumb which leads them to death, am I right ? “

D’amoure clap his hands as he mockingly says “ well aren’t you a good one ? your comprehensive skills were amazing “

Alice rolled her eyes and directly asked “ on what basis you think that Lady Amalthei and Prince Achielleas were the reincarnation of Adam and Eve ? “
