

Chapter: 1003

Cheng Yuan also had lingering fears. Fortunately, he reacted quickly just now and pushed Liang Zhenghai out of this fool. Otherwise, he would be the one who was chopped off.

Liang Zhenghai was completely frightened. He kept calling for help to Cheng Yuan and asked Cheng Yuan to help him, but Cheng Yuan didn't take care of him at all. He watched the big man holding a fruit knife and walked in front of him. He was terrified to the extreme and even started. Desperate.

On the other side, Yang Guiying frowned slightly when she saw this scene, but she didn't stop her, because she herself hated that kind of wretched hooligan. Moreover, she saw a lot of things like this kind of bullying, and she didn't think there was any problem at all.

On the contrary, Ouyang Yanran couldn't bear it, she turned her face away and couldn't bear to look at it.

Lin Ziming, who was in the crowd, watched this scene coldly. His impression of Cheng Yuan was extremely low. Now he also knows what Liang Zhenghai's disaster is tonight. It is conceivable that if he was not present tonight, then Liang Zhenghai must be chopped off!

"Boy, brighten your eyes next time, not all women's tofu can be eaten!" The big man raised his mouth and made a cruel grin. Then he raised the fruit knife high and was about to cut it down at Liang Zhenghai's left hand!

Just then, Lin Ziming made a move. He came out of the crowd directly, kicked him on the shoulder of the big man, kicked him, and slid a few meters on the smooth ground before stopping.

This sudden change stunned everyone present. Liang Zhenghai thought he was going to die, closed his eyes, but he heard the screams of the big man. He opened his eyes and saw the forest. Ming looked helpless and helped him up, shook his head and said: "I said you kid, why are you so stupid? Just the guy Cheng Yuan, it's worth it for you to do this, alas.

Lin Ziming saw what happened just now, but he did not have the first time to stand up and stop it, not because of his cold-bloodedness, but because of Liang Zhenghai, let Liang Zhenghai feel the despair himself, and then he could see Cheng Yuan clearly true colors.

"Brother Lin? You..." Liang Zhenghai was stunned, and then he reacted, suddenly panicked, and quickly said: "Brother Lin, how did you make the move? This will hurt you!"

Lin Ziming sighed again. It had been a long time since he had encountered a simple, honest and kind-hearted person like Liang Zhenghai.

At this moment, other people reacted, and Qin Qian's expression was so ugly that he pointed at Lin Ziming and cursed: "Where are you from the cricket, dare to go against me, Qin Qian?!"

As his voice fell, immediately, from behind him, a dozen Kong Wu's powerful bodyguards walked out and surrounded Lin Ziming.

When Cheng Yuan saw Lin Ziming appear, he was also stunned for a moment. Then he gloated and thought that Lin Ziming was looking for death. Surrounded by so many people, Liang Zhenghai panicked even more, his legs swinging.

On the contrary, Lin Ziming was abnormally calm, even laughed out, and said to Liang Zhenghai: "Why, are you scared?"

"Afraid, Brother Lin, aren't you afraid?" Liang Zhenghai swallowed hard. He couldn't understand at all, where did Lin Ziming's self-confidence come from, and he was so calm?

Lin Ziming smiled and said, "What's scary, it's just a bunch of ants."

He did not deliberately lower his voice when he said this, and it spread to many people's ears clearly, causing them to look hard after hearing it. They stared at Lin Ziming hostile and angry, especially Qin Qian, his face is black now. It was terrible, angrily turned back and smiled, "Okay! Very good! You have a big breath, I have not seen such an arrogant person for a long time!!!"

Cheng Yuan also looked at Lin Ziming in surprise. He seriously doubted whether Lin Ziming's brain was flooded or he still didn't want to live. He could even say such things. Is this the time to pretend to be forced?
