

Chapter: 1197

Jiang Liqun's eyes were cracking, his chest was about to be pierced by anger!

Tonight is his fiftieth birthday. He even invited so many people over, but Yao Sheng still stepped on his place like this. If he is not annoyed, then he is not a human being.

"Yao Sheng, you fucking, this is looking for death!!" Jiang Liqun's sanity has been washed away, and the anger in his heart now can burn everything in the world.

Soon, after his words fell, immediately, many black-clad bodyguards appeared in every corner of the manor, surrounding Yao Sheng and the others.

Each of these black-clothed bodyguards is a professional retired special soldier, holding a weapon in his hand, eyeing each other, and the threat posed is great.

However, facing the black-clothed bodyguards, Yao Sheng and the others did not blink their eyes. Instead, they showed a disdainful sneer. Yao Sheng tweeted and said, "Old dog Jiang, old dog Jiang, don't you think, These ants can threaten us, right?"

Jiang Liqun naturally knew this. His brain was angry. In an instant, he was already shocked by the anger, and he lost the reason he should have.

However, he had seen the world after all. He took a deep breath and quickly recovered his calm. He closed his eyes for two seconds, then opened them again, and said to the guests on the scene: "Guests, what happened tonight In some unexpected situations, a mad dog is coming to bite people! I disturbed everyone's Yaxing, Jiang said sorry to everyone. Now Jiang is about to close the door to beat the dog, and all guests are invited to avoid it for the time being. When the next day, Jiang will definitely host another banquet. , To entertain you all!"

These words are so beautiful that people have to admire Jiang Liqun, and he can recover his calm even under such circumstances.

It can be seen that Jiang Liqun's achievements today are really not luck.

All the guests at the scene nodded quickly, indicating that there was nothing wrong, and then they were about to leave.

After all, they are also savvy people, knowing this kind of occasion, they shouldn't stay here, staying will only cause trouble.

Neither Jiang Liqun nor Yao Sheng was willing to provoke them.

However, at this moment, Yao Sheng said lazily: "Hey, since they are all here, why are you leaving? Let's take a look at how I, Yao Sheng, trampled on the old dog."

Those guests felt embarrassed when they heard Yao Sheng's words. They

didn't want to get involved, they were just ordinary people.

"Mr. Yao, I still have something to do at home. If I want to go back right away, I won't be with me. Please forgive me, Mr. Yao."

"Yes, Mr. Yao, my wife called me just now and said that she is going to have a baby soon, and I have to go back now."

"Mr. Yao, there is still something to do with my company, I will go back soon..."

Those guests all began to say they were leaving.

But at this moment, Yao Sheng snorted coldly, as if there was a bomb exploding in their ears!

"I stay here for Lao Tzu, and you are not allowed to go anywhere!" Mr. Yao said domineeringly, and then he tilted his head, showing a joke and playful smile, and said: "Tonight is a moment to witness history. Starting tonight, Mr. Jiang will only be an old dog! You are all my witnesses. You are not allowed to leave. Whoever dares to leave is against me, Yao Sheng!"

When the voice fell, he stepped on it hard, and immediately the floor tiles under his feet began to crack, and the choking sound spread over a large area, which was very frightening.
