

Chapter: 1206

Two minutes later, Lin Ziming sent Yin Hong back to her room, helped her cover the quilt, and then quietly retreated.

In the eyes of ordinary people, his behavior just now was close to a demon, and he was able to clear one's memory without affecting the other's nerves.

This was beyond the scope of ordinary people's understanding.

But in fact, for Lin Ziming, it was just a normal thing.

You know, he is now a super strong at the peak of the fourth stage of the Innate Realm. Not only is he powerful, but his spiritual power is also extremely profound!

As long as he is willing, it can affect many people and make many people become insane and mad. It is a very simple matter.

Otherwise, how could the social status of the innate realm master be so detached.

Yin Hong is regarded as his savior. He is unwilling to affect Yin Hong's life trajectory because of him. This is a huge harm to Yin Hong.

After getting along for a few days, Lin Ziming knew that Yin Hong was the kind of ordinary woman in her bones, and that this kind of person is the happiest to spend her life in an ordinary life.

Of course, in order to repay Yin Hong, Lin Ziming was not only as simple as clearing Yin Hong's memory, but also let Jiang Liqun secretly give the Yin family's attention in the future.

After doing this, Lin Ziming relaxed a lot.

In fact, the more he reached his realm, the more he could feel the power of heaven and earth.

One positive and one negative, one yin and one yang. There are rules for the movement of heaven and earth, and those who live in this heaven and earth must actually abide by the rules of heaven and earth.

In particular, causality is what he feels most deeply, and the more advanced he reaches, the clearer he feels. This time he was rescued by Yin Hong because he owed Yin Hong's adult favor. This is the cause. He must return this favor to understand this period of cause and effect. Otherwise, he may be affected by this period of cause and effect at any time.

It sounds mysterious, but the truth is that.

He didn't go back to Jiang Liqun's manor right away, but went outside for a while. In the evening, he went back after Jiang Liqun's birthday banquet was over.

His time was just right, and when he returned, it happened that the last guest left.

Jiang Liqun saw Lin Ziming, immediately greeted him, and respectfully called Lin Dong.

Lin Ziming nodded gently, then motioned to find a quiet place to chat. Jiang Liqun understood that he immediately led the way and led Lin Ziming to the closed study.

“Dong Lin, in the past few days, there have been rumors outside that you are dead. What is going on?” Jiang Liqun asked after some greetings.

Lin Ziming briefly talked to Jiang Liqun about the events of the past few days. He said it lightly, and didn’t brag about how powerful he was, how he killed so many masters of the innate realm, and he was still in the sword. Rushuang’s men escaped. However, after Jiang Liqun listened, his scalp was numb!

He can safely imagine how intense the situation was at that time!

And how spectacular and stalwart Lin Ziming’s move is!

There are more than forty masters of the innate realm, among which the strong in the fourth stage of the innate realm have encountered several by chance, and there is a peerless murderer who has the great perfection in the innate realm. Even if it is changed to an army, under such power, it will be wiped out!

But Lin Ziming escaped like this, even Jiang Liqun didn’t know how to describe it.

Jiang Liqun also heard about this in general before, but it was all heard from others, and he said it very vaguely, but now, hearing it from Lin Ziming with his own ears, the shock that it brought is even greater. !
