

## Chapter: 1207

Because Lin Ziming did such a feat without death, he survived smoothly, and he was still unscathed.

After being in a daze for almost ten seconds, Jiang Liqun came back to his senses. He immediately thought of something, and he couldn't help asking, "Dong Lin, that colorful original fruit..."

"I ate it." Lin Ziming said lightly, looking very plain, just talking about a very ordinary thing.

After Jiang Liqun listened, he was even more dumbfounded!

Jiang Liqun has also heard about the colorful origin fruit. This is the treasure of the earth. It has infinite magical functions and its value cannot be estimated. But now, it was actually eaten by Lin Ziming, then Lin Ziming...

Jiang Liqun slapped his spirits fiercely. He only felt that his scalp was numb, so he didn't dare to think about it anymore. Lin Ziming himself was enough to guard against the sky. Now he has eaten the colorful root fruit again. With time, what will Lin Ziming look like? ?

He felt very fortunate now. Fortunately, he had chosen the right one and took refuge in Lin Ziming. Otherwise, how could he take revenge on Yao Sheng, and where is today? I can imagine that he will only get better and better with Lin Ziming in the future!

Lin Ziming knew his thoughts well, smiled, and said: "Next, I will stay with you for a few days and try my best to sprint for the Great Consummation of Innate Realm, so I don't want anyone to disturb me next."

Jiang Liqun stood up immediately and said very solemnly: "Tong Lin, please rest assured, with my old Jiang, surely no one will disturb you!"

"Yeah." Lin Ziming nodded, he believed Jiang Liqun still had this ability.

After a pause, he thought of something, and then said: "Also, in the past few days, you have sent a few trustworthy and capable people to Hwaseong to investigate the situation at my home."

Jiang Liqun was a wise man. He didn't know what Lin Ziming meant. He nodded vigorously and accepted it. He definitely won't let Lin Ziming down. Now he is desperate for Lin Ziming.

After that, Lin Ziming left a few more chats, instructed Jiang Liqun to inspire Jiang Liqun, and many doubts that he didn't understand before were solved at once.
