

## Chapter: 1209

The thought of Lin Ziming made her heart stabbed with a needle, and the pain almost made her cry.

Immediately, she converted this painful feeling to her anger and vented.

She began to move, not retreating but advancing, like a tiger entering a flock of sheep, only about ten seconds, she beat these men to the ground and couldn't even climb up. She made a heavy shot this time. All these rubbish are hurting, and you can't get out of bed without lying down for three to five months.

She picked up the dagger on the table and walked towards Xu Tianyou step by step. There was a trace of expression on her beautiful face. The eyes staring at Xu Tianyou did not seem to be staring at a person, but at a dog. She is going to slaughter the dog now.

Xu Tianyou was completely frightened. He doesn't know where he is now. He kicked the iron plate this time. The woman in front of him is a demon.

He was trembling with his legs, trembling, and said in a stern tone: "Hey! You, don't mess around, I'm Xu Tianyou, my dad is...Ah!!!"

Before he finished speaking, he screamed again, because the dagger in Tao Sanniang's hand suddenly disappeared, and it stuck in his thigh. He fell in pain and rolled on the ground.

This scene also scared many people in the bar. How could they have seen such a cruel person, and still such a beautiful woman, she was a devil.

Tao Sanniang walked to Xu Tianyou and stepped on Xu Tianyou's face, "How do you want to die."

She remembered that this was an action that Lin Ziming liked very much, because she missed Lin Ziming too much, and often missed a person too much. In the end, she became like that person.

"No, no, don't kill me, I beg you, oh oh oh..." Xu Tianyou's mentality collapsed and began to cry for mercy.

But Tao Sanniang didn't seem to want to let him go. She continued to use her force and directly stepped on Xu Tianyou's neck, increasing her strength little by little. Xu Tianyou would soon be broken by her!

At this moment, a voice came from behind, "Sanniang, enough."

Tao Sanniang frowned slightly when she heard this voice, and soon, a tall man walked in front of her.

Tao Sanniang glanced at the other person blankly, and did not respond to him, and continued to use force. Xu Tianyou had already started to suffocate and rolled his eyes.

The man frowned, and he began to attack Tao Sanniang to prevent Tao Sanniang from killing Xu Tianyou.

"Wang Hang, are you trying to fight me?" Tao Sanniang stared at each other

coldly.

Wang Hang shook his head. He said, "I'm here to take you back."

"I won't go back." Tao Sanniang put down these words and walked out, but soon, Wang Hang's words made her stop.

"This is Fan Lao's order. If you don't go back, his old man will personally arrest you and go back."

Tao Sanniang's body ached, and then she smiled sadly, "Fan Lao, he is so majestic, now that Lin Ziming is dead, he can't wait to attack me!"

After saying this, she remembered the firm face, which she would never see again. She couldn't help but let her nose become sour, and she shed two lines of tears.
