

Chapter: 1216

Hearing this, the middle-aged woman's body shook fiercely. Looking at Tao Sanniang's pale and sad appearance, it seemed that her spirit had been lost, and what remained in her body was only her instinct.

The middle-aged woman has known Tao Sanniang for a long time, but for the first time she saw Tao Sanniang so desperate!

As a past person, she has experienced broken love and divorce, and has seen countless people who have lost love and divorce, but she has never seen it. Performances like Tao Sanniang seem to have lost meaning in life. It's all kind of torture.

She could completely see that Tao Sanniang did not pretend to be, and she could also feel that Tao Sanniang's pain and sorrow had deeply infected her. "Sanniang..." She started and yelled softly. She wanted to say something to comfort Tao Sanniang, but she couldn't say anything. Finally she sighed and said: "Fate, it's fate!"

She no longer discouraged Tao Sanniang, but dumped the Yangchun noodles and began to concentrate on putting makeup on Tao Sanniang...

After a while, someone came in and shouted that Tao Sanniang should be there, because the wedding banquet had already begun and all the guests had already expired.

"Sanniang, the time is up, let's go out." The middle-aged woman helped Tao Sanniang and said softly.

Tao Sanniang stood up dumbly and walked out with the middle-aged woman.

Immediately after she walked out, the huge villa quieted down instantly, and everyone's eyes gathered all of a sudden!

At this moment, Tao Sanniang is the most beautiful woman in the world, even if the garden is full of spring, she will look eclipsed in front of her.

In the audience, there were hundreds of women, many of whom were stunning, but in front of Tao San Niang, they were also compared, and the harem was truly colorless.

It took a few seconds before someone exclaimed, "Wow, is this the bride tonight? It's so pretty!"

"My God, this beautiful face, this perfect figure, this noble and dignified, this weak, my heart will stop!"

"Is this Tao Sanniang? It's too beautiful, absolutely stunning!"

"In ancient times, Daji's disaster to the country and the people was nothing more than that, right?"

Tao Sanniang is really beautiful, especially the sadness between her eyebrows, walking lightly, which inspires the protection of everyone present, and can't wait to hold her in her arms and pity her. !

Originally, Tao Sanniang had that kind of seductive look. Her facial features were so beautiful. Now she is wearing a wedding dress and she is so weak, because she has been hungry for two days and her cheeks have become thinner and more breathtakingly beautiful.

Being praised by so many people, Tao Sanniang didn't have any happiness, and even her face didn't show the slightest smile. On the contrary, she was even more sad.

Soon, Fan Lao wearing a Tang suit, surrounded by a group of people, walked towards Tao Sanniang, with an extremely bright smile on his face, his whole face became radiant and he was more than ten years younger. general.
