

## Chapter: 1222

The voice said loudly and powerfully, and once again spread throughout the audience.

No one would have thought that there would be people who would dare to wreak havoc in this way at the wedding tonight.

You know, both the Yuntian Pavilion and the Profound Pill Sect are absolute overlords, especially the Profound Pill Sect, which is even more powerful!

Everyone of the Profound Pill Sect is not a simple figure, not just a good medical skill, but also a good skill. Among them, the blue star at the helm is the super master of the fourth stage of the innate realm. Even Lan Feng, the bridegroom official tonight, is also in the second stage of the Innate Realm. Such a behemoth, there are people who dare to offend, and it is still such a reconciliation offense, really crazy!

Lan Feng finally couldn't help it, he glared at the source of the sound suddenly, and immediately saw the person speaking in the crowd.

"You are so courageous!" Lan Feng had a demeanor and cursed directly.

Fan Zhenbang also glanced over and saw the person speaking in the crowd. When he saw the other person clearly, he was immediately stunned.

It's him?

"Jiang Liqun, it's you?!" Fan Zhenbang blurted out and opened his eyes wide. He felt incredible. How could a giant like Jiang Liqun do such a stupid thing to offend the Yuntian Pavilion and the Xuandan faction. !

Other people recognized it quickly, and they felt unbelievable. You know, Jiang Liqun is also a celebrity. As the richest man in Yuancheng, his reputation is still very strong.

Most of the people present knew Jiang Liqun. It was precisely because of their acquaintances that they found it more incredible. In their impression, Jiang Liqun was a very stable person. Besides, I have never heard of any enmity between Jiang Liqun and Yuntian Pavilion.

Now that Jiang Liqun has offended Yuntian Pavilion in this way, he has already lost his way. Even if Jiang Liqun is the richest man in Origin City, he is still inferior to Yuntian Pavilion in terms of power, not to mention that there is such a behemoth as Xuan Dan Sect.

After Jiang Liqun stood up, his face was full of contempt, and he said, "Fan Zhenbang, you are also a character, and it is really shameful to do such an ungrateful thing."

Fan Zhenbang's face is ugly. He still doesn't understand why Jiang Liqun has the courage to offend him. The most important thing is that there is no grudge between him and Jiang Liqun.

"Jiang Liqun! Do you know what you are doing?!" Fan Zhenbang cursed

loudly. He clenched his fists, full of majesty and anger, full of aura and shocking.

Lan Feng's face was as black as Tan. He stared at Jiang Liqun firmly. He was completely annoyed. He could see that Jiang Liqun was nothing but garbage from the first stage of the Innate Realm. It's not worth mentioning before, but he even dared to mess with his wedding, he was looking for death!

And Tao Sanniang saw Jiang Liqun, she was also stunned, because she was very impressed with Jiang Liqun, she accompanied Lin Ziming to see Jiang Liqun, which was also witnessed by her own eyes. Next, Jiang Liqun surrendered to Lin Ziming.

They all say that they see things and think about people. Now that I see Jiang Liqun, the memories of Lin Ziming in my mind are constantly emerging like a tide, which will occupy her whole person and cause her to be extremely painful and tortured. !

Jiang Liqun felt very happy and fulfilled now, and the blood all over his body was boiling. He grew up so old, and he had never done such crazy things, let him experience the taste of being young and frivolous.
