

Chapter: 1231

The person who can perceive the strength of Blue Star most is Lin Ziming. Blue Star brought him a surprise this time. Before, he thought that Blue Star was just an ordinary fourth-stage master of the Innate Realm, and he didn't expect it to be the pinnacle in the fourth stage.

This is just right, you can use Blue Star to test his current skill, what realm he has reached.

In his opinion, Blue Star is almost the same as his cultivation base before the injury. Now he is playing against Blue Star, just like the self before the injury.

Almost in an instant, Lan Xing's fist had reached Lin Ziming, and it was powerful. If Zhong Tao and Fang Xingping and his like were replaced, facing this fist, he would have to flee in a hurry and would not dare to hold on, but yes. For Lin Ziming, it was too trivial.

Lin Ziming didn't retreat at all, and forcibly took the punch from Lan Xing. With a bang, they collided with each other, and huge strength was transmitted from their fists through their bodies to the ground, directly causing exaggerated damage, and the ground under their feet was cracked!

Lan Xing took four steps back, but Lin Ziming remained motionless, making it clear at a glance which one is strong and which one is weak.

"It's impossible!" Lan Xing's gaze was horrified and shocked. He was already the pinnacle in the fourth stage of the Innate Realm. It can be said that the pinnacle of Great Perfection failed. He is absolutely invincible. No matter how hard he fights, he can't fight Lin Zi. Where's Ming?

A crazy thought popped out of his mind, "Could it be that Lin Ziming is already at the Great Perfection of Innate Realm?!"

But when this idea came out, he denied it because it was too bizarre. How old is Lin Ziming? Even if he started practicing in the womb, it is impossible for him to reach the realm of Innate Bauhinia Great Perfection at this age. Are you kidding me?

Lin Ziming saw the shock of Blue Star, he didn't need to think about what he was thinking in his heart, he showed a satisfied smile and was satisfied with his strength.

At the same time, he also had to sigh that the Great Perfection of the Innate Realm was really domineering. In this realm, the fourth stage of the Innate Realm was crushed to death!

No wonder, when he encountered Jian Rushuang, he was so unbearable that he could only escape.

Now he looked at Lan Xing and finally realized that Jian Rushuang had the kind of contempt when he looked at him at that time, because the gap was too big.

These thoughts just flashed through Lin Ziming's mind, he didn't stop, and immediately launched a counterattack against Blue Star.

"Take out all your strength, if you can resist my three punches, I will spare you not to die." Lin Ziming's words are light and flirty, and there is still some laziness, but they spread all over the audience, making Lan even more so. The star suddenly changed his color.

He is at the helm of the dignified Profound Pill Sect, and his status is transcendent. He doesn't know how many people are in awe and admiration. No one has ever been so arrogant in front of him!

"Presumptuous!" He roared and took a deep breath. At the same time, in his physical strength, the blood began to boil, and it ran wildly, causing his skin to become red all of a sudden.

Moreover, his aura is rising steadily, and even his people seem to be a bit taller.

He used a secret method to excite his potential in a very short period of time, reaching one hundred and fifty percent of his strength!

This is equivalent to the cultivation of the Great Perfection of the Innate Realm, enough to crush everything.

Lin Ziming looked at him with interest, without interruption, and even stopped his offensive steps. After he had gained momentum, he started to say, "You are a technique similar to ancient Shakyamuni. Boiling, increase your strength to one hundred and fifty percent, so as to achieve a strength comparable to the Dzogchen in the Innate Realm. Not bad, but unfortunately, you still don't know how true Dzogchen in the Innate Realm is. terror."

"This is the first punch, you took it."
