

## Chapter: 1233

Lin Ziming was also very interested when he saw that he could be stimulated again. Like just now, he didn't take advantage of others. Instead, he waited for the blue star's breath to reach its peak before he shot again. The flat voice was in the audience. "This is the second punch."

This punch came out, as if the entire sky was about to collapse and split! In the world, there is nothing that can block the power of this punch. Even a mountain must be crushed.

By Lin Ziming's step, the epee has no edge, and all the moves appear garish. Only the most direct and simple way of punching can cause the greatest damage!

Lin Ziming's fist didn't seem to be very fast, it was about the same speed as an ordinary person, and most people could see the trajectory of his fist clearly.

However, on his fist, there was an extra air current, like a tornado, lingering on his fist.

As the person involved, Blue Star, after seeing this punch, his heartbeat suddenly accelerated a lot, and the feeling of fear in his heart became more intense.

Because in this punch, he felt the breath of death!

This is an unmatched punch, even if he is twice as powerful as he is now, it is difficult to bear.

"What kind of monster is this?!" Lan Xing screamed in his heart. Now he has the idea of escape again. However, he is not allowed to realize it.

Lin Ziming came to the front again and made him have to take it. fist.

"Ah ah ah ah ah ah ah!!!"

He uttered a terrifying roar, as if to heaven, venting his anger and his strong desire to survive.

He strained his body to the extreme, using his strongest defense to carry Lin Ziming's punch.

In fact, after seeing this punch, Lan Xing's thinking changed. He realized that he could not be Lin Ziming's opponent.

At the same time, it was also confirmed that Lin Ziming was not a master of the fourth stage of the Innate Realm, but a peerless powerhouse who had reached the top of the Pyramid and had achieved great perfection in the Innate Realm!

This is not a stalwart existence he can match.

So he had only one idea now, and tried every means to carry Lin Ziming's three punches. He believed that a strong man like Lin Ziming would definitely not break his promise.

boom!

With another huge movement, Lin Ziming's fist struck Blue Star's arms almost without stopping. Lin Ziming's fist broke through Blue Star's defense, and his fist hit Blue Star's chest. Go up.

This vast and incomparable power rushed into Lan Xing's chest, knocking his chest down!

At the same time, Blue Star's huge body, like a kite with a broken wire, flew upside down with great strength, and actually flew more than 30 meters into a parabola, and then fell heavily to the ground.

And Blue Star spit out a big mouthful of blood in the sky!

His original strong breath became weak at this moment.

He had already suffered a serious internal injury. Lin Ziming's punch directly broke his chest, and his strength poured into his body, causing all his internal organs to be upset.

After the fall, he vomited blood again.

The audience was silent for an instant, and everyone was stunned and completely dumbfounded.

Especially Fan Zhenbang, now he is scared to death...
