

Chapter: 1235

They saw how powerful Lin Ziming was. If they could follow Lin Ziming, it would be much better than following Fan Zhenbang.

Therefore, more than 90% of them, without any consideration, directly agreed and bowed down to Lin Ziming.

The remaining 10% were all Fan Zhenbang's cronies. They hesitated, but immediately, even though Lin Ziming's eyes glared at them, they all gave in. Jiang Liqun looked extremely excited, what a power Yuntian Pavilion is, if it all belongs to Lin Ziming, then Lin Ziming's power will be even stronger! Soon, Lin Ziming's words made him even more so excited that he couldn't speak.

"Old Jiang, these people in Yuntian Pavilion will be handed over to you, take good care of them and don't disappoint me." Lin Ziming said meaningfully.

Jiang Liqun was stunned. The next moment, he knelt down on one knee in front of Lin Ziming and said solemnly: "Tong Lin, please rest assured that Liqun will not let Lin down! Otherwise, come and see you!"

"Good." Lin Ziming nodded in satisfaction.

At this time, Jiang Liqun asked again: "Dong Lin, what should I do with these people of the Xuandan Sect?"

Lin Ziming seemed to think of these people from the Profound Pill Sect, frowned slightly, and said lightly, "Kill all."

Jiang Liqun was shocked immediately.

And those hundreds of members of the Profound Pill Sect were so scared that they were about to split apart, all knelt down, begging for mercy.

"I beg Lin Dong for a chance, we are willing to follow Lin Dong!"

"Yes, Lin Dong, we have seen the two brothers of Blue Star and Lan Feng displeased for a long time. Today, Lin Dong killed them both for the sake of heaven. It is very happy! Please Lin Dong take us in!"

"I beg Lin Dong to take it in, and from then on, as long as Lin Dong has a word, we will definitely abide by it!"

"Dong Lin..."

Lin Ziming looked at them and said lightly: "Are you sure you don't hate me?"

"How dare you hate Lin Dong! Lin Dong killed well, since then, Lin Dong will be our second parent!"

"It's true that we wanted to oppose the Blue Star brothers a long time ago. Today, Lin Dong is our great benefactor!"

They scrambled to talk ill of the two brothers, Lan Xing and Lan Feng, completely without morals.

Lin Ziming smiled faintly. The Profound Pill Sect is also a large

organization, with many experts in it, and a lot of skilled medical skills. If the Profound Pill Sect can be incorporated, it can greatly expand his power. Now Lin Ziming's thoughts have changed. He is more concerned now. With his own strength, no matter how powerful he is, he can't protect him. He must have his own power.

What's more, he and Luo Tian will tear his skin apart in the future, and he must have his own power.

This evening, Lin Ziming was a great success. With absolutely powerful power, he took both the Yuntian Pavilion and the Profound Pill Sect as his own, and his strength was greatly improved.

However, he also knew very well that neither the Yuntian Pavilion nor the Profound Pill Sect really submitted to him, but only succumbed to his power. As long as he died, he would immediately become a bird and beast, without any cohesion.

He is not worried about this, as long as his strength is there, these are not problems, there are ways to make them truly obey.

At the same time, the message that Lin Ziming was still alive spread out like a virus.

Lin Ziming, he is dead, he is still alive, and now he is back.
