

Chapter: 1239

Something's wrong, is it because it took too long for me to come back and admit the house wrong?

But it's not right, he is sure, he lives in the big villa in front of him!

"Hey, who are you, stop me!"

As soon as Lin Ziming entered, a middle-aged man in the room came out, pointing at him and cursing unceremoniously.

This middle-aged man in his early forties, a fat man with a big belly, holding two vicious dogs in his hands, Lin Ziming was sure that he had never seen him before.

Seeing this situation, Lin Ziming's premonition became even worse. Could it be that what happened to Chu Fei and the two elderly people? !

Lin Ziming was anxious, he had to figure out that if Chu Fei's family really had two shortcomings, this would not be something he could accept!

When the other party saw that Lin Ziming dared to break in, he became even more annoyed and cursed: "Presumptuous, I think you are living impatiently!"

The middle-aged man was very angry, a tyrannical smile appeared at the corner of his mouth, and then loosened the reins, and two huge vicious dogs immediately rushed towards Lin Ziming, flaring their teeth and claws, looking very hideous.

If you change ordinary people, you will definitely be bitten by these two vicious dogs!

But for Lin Ziming, even the ants couldn't compare with them. He snorted coldly and stared at the two vicious dogs with murderous eyes. The majestic coercion immediately scared the two vicious dogs. Flicked, shivering, and then rolled his eyes, directly scared to death.

Just kidding, Lin Ziming's mental power is so powerful, even a master of the fourth stage of the innate realm, facing his coercion, he has to be afraid, let alone two beasts.

When the middle-aged man saw this situation, he was immediately stunned. He couldn't figure it out. Lin Ziming just stared, and the two vicious dogs fell down? You know, this is the bit dog he bought from abroad, notoriously ferocious and cruel.

"Ah! You damn fellow, what despicable means did you use to treat me two bit dogs..."

However, Lin Ziming didn't finish his words, so Lin Ziming grabbed his neck with one hand and lifted it up. He didn't even see how Lin Ziming teleported to him from more than ten meters away. Now What he saw was a pair of cold eyes! He had never seen such a terrifying look in his eyes, which made him feel like falling into an ice cave, terrified and trembling

from the depths of his soul!

“Tell me, Chu Fei’s family, where did they go!” Lin Ziming almost popped these words from his teeth.

The middle-aged man was huge, nearly two hundred catties, but he was in Lin Ziming’s hands, but he was like a chicken. He felt terrified, his whole body was trembling, and his feet were kicking in the air.

“Uuuu...” He wanted to open his mouth, but found that he couldn’t speak, it was worth shaking his head desperately, and his eyes couldn’t help but fear.

Lin Ziming put him down, but his gaze did not leave him. With the majesty of Mount Tai, he asked him to swing his legs and did not dare to lie, “No...I don’t know...I just bought it. I just moved to this villa...”

In fact, Lin Ziming had probably guessed it, but he was still very unwilling to believe this fact!

“Who sold you the villa.”

The middle-aged fat man was silent, without a positive answer. Soon, Lin Ziming’s words made him feel excited all over his body, “I’ll give you three seconds. If you don’t tell me, I will break your neck.”

“I...” He looked up and saw the fierce look in Lin Ziming’s eyes. He couldn’t help but fear again and didn’t dare to hide it. He quickly said, “I said I said! It was the property here that sold me. Yes, it’s none of my business, I don’t know anything!”

The middle-aged man was very depressed. He made money and bought this big villa. He was so happy, he didn’t expect to meet such a lunatic.

Lin Ziming stared straight into his eyes, his eyes only sharp, almost to see through him!

Soon, Lin Ziming discovered that the other party did not lie.

So why did Chu Fei sell the house? Could it be that Chu Fei won’t wait for him to come back?
