

Chapter: 1243

When the voice fell, I saw his foot lightly stepped on, and suddenly, the thick tiles began to crack forward, spreading to a table next to the Chu family's upper and lower sides, and then the table exploded with a bang, which was very frightening. !

Everyone in the Chu family was ordinary people. No matter where they had seen this kind of battle, they were all scared and shivering at the moment.

Meng Hao, as an extremely powerful person in the third stage of the Innate Realm, was so terrifying that it was easy to terrorize the ordinary people of the Chu family.

Chu Guodong stood up swayingly, and now his face is flushed red and painful. He has lived for more than half of his life, and he has never been so embarrassed. "Meng President, I believe you have understood our details. All investigations have made it clear that we really don't have money, 650 million, even if you kill us, we can't get it out. Mr. Meng, our Centec Lighting is also worth several hundred million. Now it's yours. , You have a large number of adults, can you let my Chu family's young man be spared, just as a virtue, our Chu family is grateful to you for the rest of your life."

Chu Guodong's heart can be described as suffering, he is already half-footed into the coffin, he has experienced everything in his life, and he has no idea about money. The only thing he can't let go of now is his descendants. His family.

However, Meng Hao remained unmoved and said indifferently, "Chu Guodong, I don't think of your old dog, he is really thick-skinned, six hundred and fifty million, such a large sum of money, it actually made me write off. Do good deeds? Haha!"

After a pause, he rolled his eyes and said: "It's not impossible, 650 million, to me, Meng Hao, it's just drizzle. In this way, you kneel down and respect me. Knock the head nine times, I can consider and exempt you from this account."

When these words were said, Chu Guodong's body trembled fiercely!

He is already over the past few years, and he can be regarded as a character in Hwaseong City. He has a wonderful life, and he has never kneeled to anyone.

Asking him to kneel to Meng Hao now is no longer as simple as dignity, and it will make the Chu family unable to straighten up from now on!

After hearing this, the Chu family had a great reaction, and everyone was indignant.

"You can't kneel! Grandpa, you can't kneel anyway!"

"Too much deception, so deceitful!!"

"Our Chu family, when have we suffered such humiliation!"

“If Brother-in-law Ziming is still there, will it be the turn of these villains! With a finger, brother-in-law Ziming can kill them!”

They thought of Lin Ziming. If Lin Ziming was still there, the Chu family would have infinite beauty and status in Hwaseong, even surpassing the Lin family. Who would dare to be disrespectful to them!

It is a pity that Lin Ziming is dead now, and there is no one to protect them anymore! They now have infinite misses for Lin Ziming, crazily reminiscing about the days when Lin Ziming was still alive. It would be great if Lin Ziming was dead. Now they even pray to the sky, at the expense of their own lifespan, if Lin Ziming can come back, they are willing to live a short life for decades!

Hearing what they said, Meng Hao became a little impatient, and snorted heavily, “Enough!”

His voice, like a depth bomb, rang in the ears of everyone in the Chu family, making them pale and afraid to speak anymore.

“Huh! Lin Ziming is just rubbish, even if he is in front of me, I can slap him to death!” Meng Hao said coldly, his face was a bit hideous, and he was particularly repulsive to Lin Ziming.
