

Chapter: 1251

How could Lin Ziming's speed be so fast? It was only in the blink of an eye that Lin Ziming had already stuck to him.

He already felt Lin Ziming's breath, and he was right by his side. This speed was completely beyond his understanding, just like a ghost.

At the moment of his death, he made the quickest response, punching to the left, and shouting: "Go to hell!!!"

This punch hit 120% of his strength. He was confident that in such a short period of time, Lin Ziming would definitely not have time to dodge, and once he hit Lin Ziming, he would not believe that Lin Ziming could still Not hurt.

There was a bang, the sound of fist to flesh.

Hit it!

Meng Hao was overjoyed, not thinking that he really hit Lin Ziming, which was great.

However, at the next moment, he did not see the scene of Lin Ziming's injury in his imagination. Lin Ziming hit him with a punch in his chest. He didn't even shake his body shape. On the contrary, he was huge. The reaction force, the whole person flew out, the wrist was directly dislocated by the shock.

"At your level, do you dare to trouble my family? I think you are impatient." Lin Ziming said lightly. He patted his clothes as if he was just bitten by a mosquito. There are none.

Meng Hao fell to the ground, and now he had set off a huge wave in his heart, he couldn't believe it was true! You know that with his punch just now, even a piece of iron would be flattened, but when it hit Lin Ziming, it didn't feel like at all? Could it be that Lin Ziming is already the Immortal King Kong? !

The audience was silent for a moment, and then the Chu family cheered and cheered: "Too awesome! Brother-in-law is invincible! Brother-in-law is invincible!"

"Ziming is too strong, so he should abuse Meng Hao this beast, making him so arrogant just now!"

"Hahaha, our Chu family has hope now!"

Lin Ziming walked towards Meng Hao carelessly, "Say, who instigated you."

Meng Hao's face is earthy now. This is the first time he has fought Lin Ziming. Before that, all his conceit and all pride disappeared at this moment, making him realize the gap between him and Lin Ziming. How huge it is!

Now he looked up at Lin Ziming, and he saw the gods, and he himself was a dirt ant, not a level at all.

“Dong Lin, I said you can let me go?” Meng Hao begged for mercy.

Lin Ziming stared at him coldly, “Do you have the capital to negotiate terms with me now.”

Meng Hao was silent. He naturally knew this. He regretted it very much now. He had known this result long ago, and he would not dare to take advantage of it to kill him!

But he didn't want to die. He had worked so hard and had gone through so many hardships before he reached this point and stood at the top of the human pyramid. Once he died, there would be nothing.

The strong desire for survival made him completely self-esteem, and he could only betray his superiors: “Dong Lin, don't kill me. Actually, I didn't propose to encroach on your property. It was Zhong Tao! It was Zhong Tao from Xuanyuan 2nd place. He proposed it! Now not only the Chu family, but even your three companies have been eaten away by him! Dong Lin, I am innocent Dong Lin!”

Zhong Tao?

Hearing this name, Lin Ziming's eyes narrowed, and a terrifying glow broke out in his eyes.
