

Chapter: 1259

Now Chu Fei is facing him face to face, only frowning slightly. Besides, there is no mood swing, but she backs away, saying with some sullenness: “This benefactor, please respect yourself!”

Lin Ziming was stunned.

He had imagined the scene of meeting Chu Fei more than a thousand times, excited, excited, happy, angry, but he had never thought about this situation. Indifference, absolute indifference, completely ignorant of him!

And this is not a pretense. From Chu Fei’s eyes, he can’t see a trace of nostalgia and emotion, he is just looking at a stranger.

Lin Ziming’s brain was in a mess, he couldn’t understand at all, why a good person, without any impact on his brain, would have amnesia, and he still remembered everything except him! This is simply unscientific, not to mention that Chu Fei swallowed the spirit fruit of heaven and earth, and her body and spirit have reached the innate realm!

Lin Ziming opened his mouth. Now his mind is very messy, buzzing, and the whole person is panicked. Even if he is on the Lion Mountain, facing more than forty congenital realm masters, he is chasing swords like frost. At that time, he was not as panicked as he is now.

It’s really like the whole person has six gods and no masters, and I don’t know what to do. Back when I was a child, the first time I did something wrong.

“Feifei, don’t scare me, I have paid so much to save you, for us to stay together and grow old together! You can’t treat me like this now...you must be kidding me Yes, you are joking with me, you are still angry with me, right?!” Lin Ziming said excitedly, he is now in a state of confusion, he can’t see his face pale, and cold sweat oozes from his forehead.

Chu Fei looked at him, frowned slightly, and some doubts appeared in her eyes, as if she had some impression of Lin Ziming.

Lin Ziming saw her look like this and immediately said excitedly: “Fei Fei, you still remember me, you must remember me! I am Ziming, Lin Ziming, the son-in-law who came to the house back then!”

The way he dances and dances like this is very funny. If anyone who knows him sees him, he will surely be surprised.

However, no matter how hard he tried, Chu Fei remained indifferent. Even the fluctuation in her eyes had disappeared now. She shook her head slightly and said coldly: “Sorry, poor nun can’t go back with you, poor nun is now forgetting. Not Chu Fei.”

When she said these words, it was a bolt from the blue for Lin Ziming, making him pale on the spot.

“No! You can’t be a monk, you are my Lin Ziming’s wife! You promised

me to stay with me, and you promised me to grow old during the day!” Lin Ziming gritted his teeth, full of anger, even He didn’t know whether he was angry at himself, angry at Chu Fei, or angry at reality.

Chu Fei saw him like this, and was not touched. She was still so cold and silent for a while. She said, “I’m sorry, we may have loved it before, but the poor nun has no memory of you now, poor. Nixin has converted to Buddhism and has no attachment to Hongchen anymore. Please don’t embarrass the poor Niu.”

After speaking, Chu Fei also paid a Buddhist ceremony to Lin Ziming.
