

Chapter: 1284

Chi Chi Chi Chi Chi...

Luo Hongyang fell from the air and slid on the ground for more than ten meters, and didn't stop until he hit an obstacle.

With a puff, Luo Hongyang spouted a big mouthful of blood, his face was like white paper, his breath was like gossip, his face was full of pain, and his eyes were full of fear and horror!

The power brought by the punch just now was something he had never seen before, and it was not something he could bear.

Now he has not only broken his arm, but the most important thing is the injury to his chest. Lin Ziming's punch collapsed, his ribs were all broken, and he suffered extremely serious internal injuries. If his vitality was not strong enough, he was already It's a fate!

He couldn't understand why Lin Ziming could grow to this level in just 20 days!

You know that Lin Ziming is less than thirty years old!

Not only him, but the other three people were also frightened, and they all saw ghostly expressions.

Zhong Tao's eyes widened and he took a deep breath. He knew how strong Luo Hongyang was. He was between his peers, but now he was severely injured by Lin Ziming with a punch, completely lost. Combat ability, and when the four of them were besieging him, how strong Lin Ziming should be!

Zhong Tao's scalp was numb, and he didn't dare to think about it anymore.

"This is definitely not the power that the fourth stage of the Innate Realm can have. You are not Lin Ziming, who are you?!" Zhong Tao roared loudly. He is very knowledgeable about Lin Ziming. He has thoroughly investigated Lin Ziming's information and knows that Lin Ziming only started to break into the innate realm two years ago, and only entered the fourth stage of the innate realm more than a month ago. Let's ask. How could it be possible to reach Dzogchen in the congenital realm in such a short period of time!

Fang Xingping and Lv Qisi are also numb with their scalps now. The power that Lin Ziming showed just now is really terrifying and completely subverts their cognition.

Lin Ziming also stopped his hands, he was anxious to launch a counterattack against them, and stood with his hands, facing them with an absolutely invincible posture, and said indifferently: "Your eyesight is too bad, and you are only reacting now."

With Lin Ziming's acknowledgment, not only Zhong Tao, but also the thousands of people on the scene, began to panic. In this case, it is obvious that Zhong Tao and the others are not Lin Ziming's opponents!

Especially for the big guys such as Ma Kaiyu and Chen Xiao, they are even

more scared. They are insiders and know what the innate realm of Dzogchen means. If even Zhong Tao and the others are not Lin Ziming's opponents, then they will be even more ruined!

"It's impossible! How old are you! How could it be possible to break through to the congenital realm of Dzogchen at such a young age!" Fang Xingping couldn't believe it.

"You are definitely not Lin Ziming, who are you!?" Lu Qisi was also unable to accept this fact. If Lin Ziming was truly innate, then the three of them would not be able to leave today.

Zhong Tao stared at Lin Ziming, gritted his teeth and said: "It's the Colorful Origin Fruit! He has eaten the Colorful Origin Fruit, so he can escape from death and even break through to the congenital realm of great perfection!"

Zhong Tao was full of jealousy. If it was the colorful origin fruit he ate, then he would be the one who broke through to the innate realm of Dzogchen.

Lin Ziming flicked his fingers and said, "Is it enough? If you say enough, let me hit the road."

When the words fell, Lin Ziming shot directly, his speed was reaching the extreme, and his momentum was like a landslide and tsunami, unstoppable, covering the three of Zhong Tao, making them inevitable.

"Fight!"

The three Zhong Tao and the others are the ultimate masters of the fourth stage of the Innate Realm. They have extremely rich combat experience. Knowing this situation, they can't escape if they want to escape. They can only burst out their full strength and fight Lin Ziming to the death.

Although Lin Ziming was one level higher than them, as they cooperated well, there was no chance of a comeback!

Lin Ziming stood directly between the three of them, with an absolutely invincible posture, to force the attack of the three of them.
