

Chapter: 1293

Shangguan Wei An answered immediately, but said meaningfully: “Brother Huangpu, do you remember how old you are to break through to the congenital realm of Dzogchen?”

There were some reminiscences in Huangpudao’s eyes, flashing his expressions, as if thinking of his past. During those prosperous years, he sighed and said: “I have broken through the congenital realm and reached perfection. It has been thirty years. Now, I was thirty-five years old.”

After saying this, the corners of his mouth rose slightly, revealing some pride, and he broke through to the Dzogchen Congenital Realm at the age of thirty-five. This is already a remarkable achievement!

“Thirty-five years old, Brother Huangpu is really talented, how many warriors at thirty-five years old can’t even touch the threshold of the innate realm.” Shangguan Weian said with emotion. He is still just an ordinary person. It can be said to be very envious of the innate realm.

Huangpu Road said: “The Innate Realm is a life-form threshold for mortals. It is like a fish jumping over a dragon gate, transforming into a dragon if it jumps past it, but it’s still a fish if it can’t jump over it.”

Shangguan Wei’an said, “Yes, I can only be a fish in my life.”

“Hahaha.” Huangpudao laughed three times and said: “Brother Shangguan, I don’t think you should come to this set. If you are a fish, then what is the other person, ants? How many innate masters, Can’t you be longing for your status above tens of thousands of people? You have done so many things for the country and the people, and you have long been out of the category of mortals. Even if you do not reach the innate realm in this life, you are still a dragon.”

Shangguan Wei’an also laughed. He was full of pride for a while, swept away his depression, and said, “With the words of Brother Huangpu, I’m worthy of this life, haha!”

Many people in the compound were very excited when they saw the two of them talking and laughing.

Huangpu Dao is right. Even if Shangguan Weian is not in the Innate Realm, he is still a dragon. Looking at the world, he is a person of great influence, and he is one level higher than the Inborn Realm master!

Otherwise, there will not be more than 30 innate realm masters who will personally protect him.

After chatting for a few more words, Huangpu Road asked: “Brother Shangguan, following the topic just now, you just said that g has saved a genius. Could it be that he has also reached the Great Perfection of the Innate Realm?”

Shangguan Wei’an nodded and said: “Yes, this genius, just a while ago, has already broken through to the Great Perfection of the Innate Realm.”

Huangpu Dao raised his eyebrows and was a little surprised, because as a person who came by, he knew how difficult it is to achieve Dzogchen in the innate realm. Looking at the world, there are very few people who can reach this realm!

Combining the words of Shangguan Wei'an just now, I'm afraid this genius is still very young, so Huangpudao said: "This genius is over forty years old this year."

It's not that Whampo Road is too arrogant and thinks that no one in this world can be more talented than him, but that he also experienced countless adventures that year, coupled with his diligence, was able to succeed at the age of thirty-five. Break through to the congenial realm of great perfection. Thirty years have passed now, and he has traveled all over the world, and he has found no genius beyond him.

However, Shangguan Wei'an's next sentence made his eyes widened suddenly, and his reaction was gloomy!

I saw Shangguan Wei'an saying meaningfully: "Brother Huangpu, then you may really have to go wrong this time. This genius has just reached twenty-eight this year, and is still twelve years away from the age of forty."

"What?!" Huangpudao was horrified at the moment, and a terrifying aura erupted from his whole body, which made Shangguan Wei An's mind shocked. Fortunately, he reacted quickly, and within a second, he took his aura back. Otherwise, Shangguan Wei'an would not be able to hold on.
