

## Chapter: 1298

When Deng Kai was in school, he had a good relationship with Lin Ziming. After graduation, the two went to different high schools and gradually lost contact. Deng Kai felt it was a pity.

Just now Deng Kai discovered that Lin Ziming was wearing plain clothes, wearing a big sun, and riding a small electric donkey. It was obviously a bad life.

It just so happens that the junior high school classmates will be held tonight. The previous classmates are all mixed up very well now. Inviting Lin Ziming to participate may be good for Lin Ziming.

Most importantly, it would be even better if Lin Ziming could walk into Han Ruxin's eyes.

You know that Han Ruxin had a very good relationship with Lin Ziming before. The two of them even had an ambiguity for a while. At that time, the two of them had the best grades in the class, and they were at the same table. They were called the golden girl.

Now Deng Kai works for Han Ruxin as Han Ruxin's driver, but he knows how strong Han Ruxin is. If Han Ruxin is really willing to help Lin Ziming, then Lin Ziming will definitely get better!

It's a pity that Han Ruxin didn't speak, she still closed her eyes to rest her mind, as if she didn't want to take care of it. Deng Kai sighed in her heart, but she didn't have any more words, and felt sorry for Lin Ziming in her heart. It seems that Lin Ziming has such a blessing.

Just when Deng Kai was about to give up, Han Ruxin's voice finally came from behind him, "The battery car he drove just now?"

Deng Kai was taken aback, and then quickly said: "Yes, that's right, the battery car that Lin Ziming drove just now, maybe he hasn't had a good life these years."

Han Ruxin opened her eyes and said faintly: "He is from the Lin family, how could he get so miserable."

"I don't know this, maybe it's bad luck?" Deng Kai said cautiously, looking at Han Ruxin secretly through the rear-view mirror, but he didn't dare to look at it more for fear of being discovered by Han Ruxin. After spending so many years with Han Ruxin, he knew that Han Ruxin was a very powerful woman, who had instinctive contempt for men whose status was not as good as hers.

Han Ruxin's beautiful eyes flashed with a little splendor, and then said: "In this case, let him come over tonight."

Deng Kai was overjoyed and said quickly, "That's great, President Han, I thank you for Lin Ziming first!"

Han Ruxin looked out the window, her eyes erratic, as if she was thinking of her junior high school career many years ago.

She hadn't heard the name Lin Ziming for a long time, but now when she heard it suddenly, memories suddenly emerged.

Back then, she and Lin Ziming were very close. You chased me when studying. After school, they often went home together. In the third year of junior high, Lin Ziming even fought for her.

In fact, she has a secret that she has never told other classmates. That is, she had a crush on Lin Ziming, but Lin Ziming has always been tempted by her. She once held back and confessed to Lin Ziming, but Lin Ziming refused her without thinking!

She also said that studying is important, but she knew that this was just an excuse for Lin Ziming, Lin Ziming just looked down on her, she was just a girl from an ordinary family, and she was quite different from a young master like Lin Ziming.

She will never forget that her injury at the beginning has also become the motivation for her efforts. After graduating from junior high school, she was admitted to the provincial key high school, and the university was admitted to a prestigious school. In the past few years after graduation, she used herself The advantage of making money quickly, and now he is the boss of several companies.
