

Chapter: 1299

However, Lin Ziming has plummeted, and now he is reduced to riding a battery car. I don't know what her expression will be when she sees her current scenery at the class meeting tonight?

Han Ruxin began to look forward to it.

On Lin Ziming's side, after he got home, he used his mobile phone to send Deng Kai a message. After a while, Deng Kai called me, "Hey, Ziming, you are calling me. I thought you didn't remember my number!"

Lin Ziming smiled and said, "Your number is easy to remember."

Deng Kai laughed happily and said, "It is necessary. I bought this number for tens of thousands of dollars. It must be easy to remember."

Then, Lin Ziming and Deng Kai exchanged a few words on the phone. Deng Kai said straightforwardly: "Hey, Ziming, tell you something business. There is a junior high school class reunion tonight. Many classmates will come to attend. Come here too."

"Classmates reunion?" Lin Ziming was taken aback when he heard it, and felt quite surprised. Over the years, Chu Fei's classmates reunion, he had participated in it, but his own classmates reunion really didn't participate in it once. It's not his coldness or something, but he and his former classmates have lost contact.

If it hadn't happened by coincidence today, he would have met Deng Kai, and he would have never seen these old classmates in his life.

"Yes, classmates reunion!" Deng Kai kindly invited. "In fact, we hold classmates reunion every year. It was held in other cities before. This year, Han Ruxin suggested that it be held in Huacheng, otherwise I would not meet you. Fate, this is a great fate! By the way, do you remember Han Ruxin? I used to be at the same table with you."

Han Ruxin...Hearing this name, Lin Ziming recalled it for a while, but remembered that he and Han Ruxin had a pretty good relationship before, and they went home together after school every day, but in the second semester of the third year, Han Ruxin confessed to him. After being rejected by him, Han Ruxin drifted away from him.

"Remember, she was the one who was in your car today?" Lin Ziming asked with a smile. Speaking of which, he hadn't seen Han Ruxin for many years.

"Hey, I know you must still remember it. Han Ruxin was the class flower of our class back then. There are more people pursuing her. Back then, Han Ruxin liked to be with you. I don't know how many people envy you. Even I wanted to beat you back then, haha." Deng Kai said, picking up.

After Lin Ziming listened, the corners of his mouth rose slightly, and he smiled, recalling the years back then.

But now so many years have passed, they have become treasured memories.

"Deng Kai, you can do it now. You can pursue our Banhua, is there any

marriage?” Lin Ziming also said jokingly, but didn’t want to. Deng Kai’s reaction was very big and quickly said: “Hey, you can Don’t talk nonsense! Han Ruxin is now my immediate boss, but I want to call her President Han. Besides, what status am I? How can I pursue her with such a blessing!”

“Really?” Lin Ziming was a little surprised. Looking at Deng Kai’s appearance, it seems that Han Ruxin is mixing well now?

“Of course it is true!” Deng Kai said solemnly: “Don’t look at Han Ruxin’s weakness in those days. She is now the boss of several companies, and her assets are up one billion yuan! This time, she is a classmate meeting. It costs a lot of money for one person.”

“Oh, isn’t it? That’s really amazing.” Lin Ziming said with a little emotion. Back then, Han Ruxin was really weak and depended heavily on him.

Deng Kai heard Lin Ziming’s emotions. In his opinion, Lin Ziming’s current mood must have mixed feelings, but he is not easy to expose, so he said, “That’s it. Come here when you come, or I can send someone to pick you up.”
