

Chapter: 1300

Lin Ziming didn't hesitate, so he agreed directly. Anyway, he is also very leisurely now. He has nothing to do, so he agreed directly, "Okay, you send me the address, and I will pass by then."

"Okay, just say that, don't let me dove!" Deng Kai said briskly, "Last classmate meeting, we also mentioned you, and said that we hadn't seen you for a long time, that would be you. He has the best grades, the first for a long time, it's too abnormal. Now those old classmates will be very happy to see you!"

Lin Ziming smiled, he himself was a little looking forward to it. Counting it down, he has indeed seen these old classmates for more than ten years. I believe this meeting will be very interesting!

After hanging up the phone, how long did Chu Fei come back, and Lin Ziming told her about the incident, whether she should go to the class reunion together.

Chu Fei guiltily refused, because the Chu family's industry is now recovering, and many places require her to deal with it. It just so happened that there was a more important meal tonight, and she couldn't leave it.

"Ziming, I'm sorry, I also have dinner tonight, I'm afraid I won't be able to accompany you." Chu Fei plunged into Lin Ziming's arms and said apologetically.

Lin Ziming was a little disappointed, but he also understood Chu Fei, and said with a smile: "It's not in the way, you go busy with you, pay attention to your health, and don't work too hard, you know?"

"Yeah! I know, don't forget, I'm also a master of the Innate Realm now, I'm a physical lever, hehe." Chu Fei straightened her chest and said proudly, she was too protruding. , Drew Lin Ziming's gaze straight away, put her arms around her waist, and said badly: "My parents are still not coming back, or let's go."

Chu Fei didn't know what Lin Ziming meant, she immediately blushed, and quickly pushed Lin Ziming away, and said, "No, I just finished crazy last night, and my legs are still a bit soft!"

Lin Ziming was a little disappointed, and said, "Just one moment, it will be over soon."

"No way, no way, you say this every time, every time you almost toss me apart!" Chu Feiyi said righteously, and suddenly she rolled her eyes and said, "Go and harm Sanniang, let me let go. holiday."

Last time, Lin Ziming told Chu Fei about Tao Sanniang. He originally thought that Chu Fei would be very angry and hurt. He was ready to be beaten. But in the end, Chu Fei came out happily, her face was full of joy, and her face was relieved. Finally, someone wanted her stupid boy, and Lin Ziming was stunned at the time.

Later, Lin Ziming also understood that Chu Fei was really not angry, rather than pretending to be, which made Lin Ziming breathe a sigh of relief.

After eating dinner together at noon, Chu Fei took a nap and went to the company when she got up. She is now the backbone of the Chu family, and she needs to deal with many things. She is indeed unable to walk away from the situation of the Chu family.

Fortunately, Lin Ziming was mentally prepared, but he was not too disappointed.

In the evening, Lin Ziming drove the little eDonkey to the address according to the address Deng Kai told him.

Originally, he wanted to drive there, but at this point, it happened to be during the rush hour when the traffic jam on the road was serious. It took a long distance to pass from Yulong Bay, so Lin Ziming decided to drive a small electric donkey.

The little eDonkey is good, not only light, but also faster than a car in the city.

The place where the classmates will be held tonight is a five-star hotel, which is directly covered by one floor.

According to Deng Kai, the classmates' meeting lasted for two days. After having dinner in the hotel, they would go to the resort to stay for one night.

The classmates recounted the past.

Lin Ziming plans to avoid going to the resort, and it's okay to have a meal together tonight.
