

Chapter: 1302

Lin Ziming's mood also fluctuated when he saw Han Ruxin.

It was not because Han Ruxin was very beautiful, but because of that familiar face, which reminded him of his junior high school days, which was quite emotional for a while.

Moreover, what Deng Kai said is right. Han Ruxin is indeed a big eighteen girl. She is more beautiful and noble than she was in junior high school. At first glance, she knows that she is a strong woman with a lot of wealth. This kind of self-confidence and arrogance cannot be pretended.

Lin Ziming is also happy for Han Ruxin. He knows that Han Ruxin's family background is actually quite ordinary. Both of her parents are farmers. Now Han Ruxin is struggling, starting from scratch, and making such great achievements.

After Deng Kai opened the door for Han Ruxin, he was still bending over, and respectfully shouted Mr. Han!

Moreover, in another Toyota dominance, four sturdy men in suits came out, strode towards Han Ruxin, and respectfully shouted President Han, who was obviously Han Ruxin's bodyguard.

This appearance is very impressive.

But Lin Ziming frowned slightly. Such Han Ruxin made him feel very strange, not the weak and shy little girl he had remembered.

As for the two security guards, when they saw Han Ruxin, their waists were bent lower, and they looked like slaves and flatterers.

When he looked at Han Ruxin, Han Ruxin also looked at him, but there were no waves on her face, but her eyes flickered slightly, but she moved her eyes away after less than a second.

As if not knowing him.

This reaction of Han Ruxin made Lin Ziming a little surprised. Could it be that Han Ruxin doesn't remember him anymore?

No, Deng Kai is now Han Ruxin's driver. Did Deng Kai say hello to her? It was still said that it took too long to meet in the middle, and Han Ruxin had already forgotten him.

But anyway, as a man, Lin Ziming should be more generous. He took the initiative to greet Han Ruxin and said to Han Ruxin: "Ruxin, long time no see, you"

However, Lin Ziming hadn't finished speaking, Han Ruxin just staggered him and left, and treated him as transparent, without even saying hello.

Lin Ziming frowned slightly, Han Ruxin's reaction made him a little uncomfortable.

Deng Kai quickly walked over and explained in a low voice: "Ziming, don't take it to heart. Mr. Han has such a personality now, very cold, in fact, she is still a good person."

Lin Ziming withdrew his gaze from Han Ruxin and sighed slightly in his heart. At this point, he still couldn't see it. Han Ruxin has changed. It is no longer the simple and weak little girl before, but Becoming more social, seeing his honor, I don't like to pay attention to him anymore.

Even though he has seen more of this kind of things, he is still a little helpless in his heart because he has become this kind of person in front of his old classmates.

But he also sees quickly. After all, everyone's personality and thoughts are different, and the environment they experience is even more different. Not everyone can be like him and always maintain the original self.

"Nothing, I'm used to it too." Lin Ziming said with a smile, looking very relaxed.

However, his remarks fell in the eyes of Deng Kai, but turned into a strong smile, a sentence of 'habit' is full of bitterness, which shows that Lin Ziming has indeed been very bad in mixing these years, and he has become accustomed to suffering cold eyes!

Deng Kai patted Lin Ziming's shoulder heavily, and said seriously: "Ziming, everyone has prosperity, decline and prosperity, I believe you can definitely rise!"
