

Chapter: 1303

Lin Ziming was dumbfounded by Deng Kai's appearance. Deng Kai thought that he was in despair. "Deng Kai, in fact, my situation is not as bad as you think. If you say it, you may not believe it. I also have several companies. ."

Lin Ziming's words are not lying, and the market value of these companies is extremely high, not to mention that he has absorbed the Yuntian Pavilion and the Xuandan faction. Now his power can no longer be solely based on the business empire. Described, even if he is an ordinary person and not a master of Dzogchen in the Innate Realm, his status is not something that a businessman can compare!

Deng Kai was taken aback for a moment, not thinking that Lin Ziming still had a company. According to that, Lin Ziming was not bad.

However, when Deng Kai started to speak, the two security guards spoke again, "Boss, can you drive this electric car to the parking lot? Our open-air parking lot is all parked by cars."

"Oh, okay, it just so happens that my little eDonkey also has no electricity. Can you charge it in the parking lot?" Lin Ziming said.

The security guard said: "Yes, you get off the parking lot, turn to the right, and walk for about ten meters. It is specifically for charging electric vehicles. "Yes." Lin Ziming nodded and said.

Deng Kai on the side twitched his mouth slightly. Fortunately, he believed Lin Ziming just now. He really became the boss. As a result, he even came to attend the class reunion by riding an electric bike. It seems that Lin Ziming has not only been depressed, but has also learned to brag.

Lin Ziming saw his expression and immediately realized that Deng Kai had misunderstood. He said, "I didn't lie to you, I really did."

Deng Kai interrupted him and said with a heavy tone: "Needless to say, I understand."

Lin Ziming rolled his eyes, feeling that Deng Kai had a deep misunderstanding, but Lin Ziming didn't bother to continue explaining, showing off material is not his character.

"Well, wait a minute, I'll stop the little eDonkey, and come up to look for you." Lin Ziming said.

Deng Kai said: "Okay, the classmates will be on the 13th floor. You can just come up directly from the parking lot later."

Lin Ziming nodded, and rode off the parking lot on a small electric donkey. Deng Kai looked at the direction he was leaving and sighed heavily. When he saw him today, he realized that Lin Ziming might not be a good messenger, but he didn't expect that he was so downhearted that he even came to attend the class reunion. He came by electric bike, and he didn't even have a decent suit, so he came here in casual clothes.

It seems that he needs to help this old classmate!

He ran to catch up with Han Ruxin, and when he saw Han Ruxin waiting for him in the lobby on the first floor, he was a little nervous. He walked up quickly, lowered his head, and apologized in panic: “Mr. Han, I’m sorry, I wasted some time.”

Han Ruxin’s expression was cold, and she said lightly: “You have a very good relationship with Lin Ziming.”

Deng Kai could not guess what Han Ruxin meant, so he had no choice but to bite the bullet and said: “Actually, it’s okay. After all, I haven’t met with old classmates for so many years. And Lin Ziming, who has treated me very well before, often invites me to eat.”

Han Ruxin interrupted him and said directly: “What car did Lin Ziming drive over just now.”

Deng Kai faltered, not too embarrassed to answer, Han Ruxin stared, and said in a commanding tone: “Say.”

Deng Kai trembled and said quickly: “He is, he is driving an electric car.”

“Really?” Han Ruxin raised her mouth slightly, revealing an intriguing smile.
