Chapter: 1306

"This is Lin Ziming?"

Immediately, a female classmate asked suspiciously.

"Lin Ziming, I remember, this is Lin Ziming, the master of our class!"

"Damn, I'm not mistaken, Lin Ziming actually came back? I thought he went abroad!"

"By the way, isn't Lin Ziming a child of the rich family? Why is he dressed so shabby?"

Soon they recognized Lin Ziming, and for a while, they started to booze again, there was a lot of discussion, and there were people around.

But they soon discovered that Lin Ziming was wearing shabby clothes, he didn't have a famous brand watch in his hand, and he didn't have a gold chain around his neck. He looked like a passerby, a downcast image, and their glamour. It's a sharp contrast!

Dai Xinghuai deliberately pushed Lin Ziming from behind, trying to push Lin Ziming out, and said in his mouth: "Lin Ziming, don't froze, say hello to old classmates, they are all bosses in society now!"

He pushed hard, and the corners of his mouth raised, revealing a hint of unkindness, obviously because of Lin Ziming's embarrassment.

He believed that with his strength, Lin Ziming would definitely fall into shit!

At that time, he could still slap back, saying that Lin Ziming was too weak, and he pushed Lin Ziming down with just one hand. He could take the opportunity to humiliate Lin Ziming severely in order to avenge his previous revenge.

It's a pity that his abacus is very good, but he underestimated Lin Ziming too much. As soon as he met Lin Ziming, he realized that he seemed to be pushing on a big rock, completely unable to push it at all! ??

how can that be?

You should know that he has persisted in exercising, his strength is greater than ordinary people, and now he is pushing Lin Ziming hard, but he still doesn't move? This is unscientific!

So he put more effort into it.

But no matter how hard he tried, Lin Ziming still didn't move, which made him feel very embarrassed and his face flushed.

He doesn't believe in evil anymore, Lin Ziming actually has such great power?

Just when Dai Xinghuai exhausted all his strength and concentrated on his right hand to push Lin Ziming down, suddenly, Lin Ziming turned sideways, and in an instant Dai Xinghuai's strength was lost, and his weight lost control and he fell forward heavily. !

With a puff, there was a 30-centimeter-high staircase just in front of him, and he fell straight to the ground, knocking bleeding on his forehead and nose.

This sudden change caused everyone on the scene to be stunned. They didn't even think that Dai Xinghuai would actually fall like this.

The corner of Lin Ziming's mouth rose slightly, showing a sneer, and then said: "Squad leader, why did you fall, is something wrong?"

Dai Xinghuai was completely stunned. He didn't even think that Lin Ziming would suddenly turn sideways. Wasn't this embarrassing him!

It was so painful. He hit his whole face straight on the floor like this, feeling that his face was flat, especially his nose, and it was so painful, tears were streaming out, and now he saw Lin Ziming's schadenfreude. He didn't understand how he looked like, Lin Ziming deliberately made him embarrassed!

He suddenly became furious, and pointed at Lin Ziming and cursed: "Lin Ziming, you despicable villain, dare to yin Laozi, you're fucking looking for death!"

He yelled at him, his expression looked very hideous, he was a bit gaffe on this occasion, and those classmates who were going to help him also frowned slightly.

Lin Ziming stretched out his hand and said innocently, "Squad leader, what are you talking about? I'm standing there, why did I provoke you?"
