

Chapter: 1307

Dai Xinghuai's expression froze, and he couldn't speak. Indeed, Lin Ziming stood there just now and didn't touch him at all. He did it all by himself.

He was sure that Lin Ziming must know it. It was obvious that Lin Ziming deliberately made him embarrassed. He had already seen the ridicule and disdain in Lin Ziming's eyes.

This is so irritating, he swears that he will show Lin Ziming the color later!

This is when other classmates came over. Two men helped Dai Xinghuai up and said weirdly: "Old Dai, what are you doing? How can you fall like this in a good way?"

"Yes, you came here after drinking?"

Dai Xinghuai was a dumb person who ate coptis, and he couldn't tell what he was suffering. As long as he swallowed it in his stomach, don't mention how frustrated he was!

Finally, he glared at Lin Ziming fiercely and threatened Lin Ziming, so he couldn't scold him anymore.

Lin Ziming smiled disdainfully, he didn't even put him in his eyes.

Then, many classmates focused on Lin Ziming and asked curiously: "Lin Ziming, it's been a long time since I saw you, where have you been all these years?"

"Yes, after graduation, your contact information was lost. We can't contact you anymore. I thought you were arrested for MLM." Someone made a joke, which caused other classmates to laugh.

Lin Ziming smiled and said, "I don't want to go anywhere, just stay in Huacheng."

Someone found that Lin Ziming was so shabby and asked tentatively: "By the way, so many years have passed, what do you do now? You were the second generation of super rich in our class back then, with such good grades. Occupying the first grade all year round, I believe you must be the big boss now!"

The person who said this was a younger brother of Dai Xinghuai. When he was in junior high school, this person was Dai Xinghuai's attendant. Now that he graduated, he is also following Dai Xinghuai's men.

When he asked this sentence, he was instructed by Dai Xinghuai.

Immediately after he asked this sentence, the classmates in the audience calmed down, looking at him curiously and weirdly.

Lin Ziming said: "The big boss can't talk about it, but he does have several companies."

He said lightly, looking very calm, just talking about an ordinary thing, there is no guilt or guilty conscience.

And the other classmates were stunned when they heard what he said. In their opinion, Lin Ziming's dress looks like someone who can start a few

companies.

In their opinion, if you can open a few companies, it must not be wearing a famous brand or wearing a famous watch, but for Lin Ziming, the total amount of the whole body is less than two hundred yuan!

“Really? What company do you open? Let me tell you!”

“Could it be that you were fooled by your boss and became the legal person of someone else’s company, so you said you started your own company?”

“Haha, that’s not the case. Who doesn’t know that a legal person is a hard job. If you don’t get the money, you have to take responsibility if something goes wrong!”

They all started to tease.

Lin Ziming shook his head and said, “It’s the company I started.”

At this moment, everyone started to calm down again. When they saw Lin Ziming’s calmness, they didn’t have the slightest guilty conscience. They seemed so calm, not like joking. Could it be that Lin Ziming is really rich? Tonight is deliberately shabby, pretending to be a pig and eating a tiger?

Just when they were all guessing, a disdainful voice came out, “Haha, just listen to him. If he really opened a few companies, would he need to open a small eDonkey?”
