

Chapter: 1316

After Han Ruxin finished speaking, she waited to see Lin Ziming become angry and regretful.

But she was disappointed. There was no expression on Lin Ziming's face, as if she didn't care at all. This made her very upset. In her opinion, Lin Ziming's reaction would definitely be fierce, even begging for her forgiveness.

"So you let me attend the class reunion tonight, just to tell me this, waiting to see how I regret it?" Lin Ziming sneered and said disdainfully.

Han Ruxin snorted heavily. She especially hated Lin Ziming's appearance. She was definitely beating her swollen face and filling her fat man. She was already regretting it too much, and she pretended to be indifferent on the surface!

"Lin Ziming, you don't have to pretend, you must regret it in your heart now!" Han Ruxin said wantonly.

Lin Ziming smiled and said, "Why should I regret it?"

"I know you will be stiff, but it's okay, I don't care anymore. I tell you now, I am no longer the fragile little girl I used to be! I now hold five companies, one of which is about to go public. Now, I have a net worth of over 1 billion, and I will never spend it all in my life, and you are just a failure of life."

Han Ruxin said proudly.

Lin Ziming sneered again, "I'm sorry, I let you down. I am not a loser in life. In fact, your billion-dollar net worth is not worth mentioning in my eyes."

"Hahahaha!" Han Ruxin laughed aloud as if she heard a big joke, "Lin Ziming, I see a lot of people with hard mouths, but this is the first time I have seen you with a hard mouth like yours."

Lin Ziming looked at Han Ruxin, shook his head, and said, "Han Ruxin, you let me down, so please do it yourself."

Han Ruxin was particularly upset about his appearance, and scolded it out: "You stop me!"

Lin Ziming didn't take care of him and took Deng Kai to move on. Han Ruxin saw that Lin Ziming dared to ignore her and became even more angry. She shouted, "Stop him for me."

Dai Xinghuai's doglegs immediately followed up, trying to stop Lin Ziming, but Deng Kai picked up the wine bottle on the table casually and stared at them. He immediately frightened them and didn't dare to act rashly.

Han Ruxin was very angry. Just at this moment, a few people walked in from the outside, looking very imposing, and at first glance they knew they were big people. Among them, the man in the middle, looking at his early thirties, his waist was straight and exuding. A breath of iron and blood.

After they came in, their powerful aura suppressed many people, but Han Ruxin saw the man in the middle, her eyes lit up, she showed a joyful smile,

and hurriedly went up and said, “Mr. Cao, you are here, great. .”

Mr. Cao is very energetic, and between his eyebrows, there is an arrogance of staring at the world. It seems that all people in the world are not in his eyes. That is to say, when facing Han Ruxin, he also showed some smiles, “Han Miss, I’m sorry, I’m late, I won’t make you wait for a long time?”

“There is no such thing.” Han Ruxin walked up to him quickly, showing some shy expressions, beautiful eyes expressing affection, obviously interested in this Mr. Cao.

When Dai Xinghuai saw this scene, his face dimmed. He still couldn’t tell. This Mr. Cao is a big man and has an affair with Han Ruxin. In this way, he already has no chance.

Mr. Cao looked at Han Ruxin, his eyes also flashed a little fiery, smiled, and said, “Are these your classmates, Miss Han? They are indeed dragons and phoenixes.”

Han Ruxin immediately introduced: “Come, let me introduce you to everyone. This is Mr. Cao. Mr. Cao is a nobleman in the army. Even the Lord of the City, in front of Mr. Cao, must be respectful.”
