

Chapter: 1338

Zhong Tao said: “Chan, Director Fan, this Lin Ziming is too arrogant, he can’t control it! We can’t let him get away with this impunity, we must arrest him and send him to a military court!”

Luo Hongyang immediately followed and said, “Chan, Mr. Zhong is right. Lin Ziming disobeyed the military order and was bold enough to come back. He also wounded us all. It’s a heinous crime. You can’t forgive him so lightly!”

“There are also three places in Xuanyuan. They protect criminals, knowing that they violate the law, and they must report to Shangfeng to punish them!”

“I think there is no need for the three places in Xuanyuan. Look at the current foreign forces, how bad they have made it!”

In front of Zhong Tao and Luo Hongyang, stood a tall middle-aged man with a face of Chinese character and a face of scum. He looked particularly imposing. He was a cruel man, and he was also located in the second place of Xuanyuan. Chang Fan Zhengping.

An absolute powerhouse, but Zhong Tao and Luo Hongyang’s immediate superiors.

His eyebrows are particularly rough, thick and black, as if they were drawn with a brush, they are upwards, and they are particularly powerful.

Especially the momentum on his body is even more incredible. He just stood there, as if driving the air in the room to revolve around him.

He raised his hand gently, and immediately Zhong Tao and Luo Hongyang were afraid to speak, and quickly shut up, waiting for Fan Zhengping’s speech.

“You said, this Lin Ziming has reached the realm of Dzogchen, the innate realm, and defeated all four of you?” Fan Zheng said flatly, with some intriguing things in his tone.

After Zhong Tao and Luo Hongyang listened, embarrassment appeared on their faces involuntarily, which was indeed an unbearable thing for them.

But at this time, they also had to bite the bullet and admit it.

“This is a bit interesting. It seems that the effect of the Colorful Origin Fruit is great, allowing a person in the fourth stage of the Innate Realm to instantly break through to the Great Perfection of the Innate Realm. Moreover, I guess that Lin Ziming still has no life origin. After digesting, he is sure that he can break through to the indestructible body of King Kong.” Fan Zhengping revealed a subtle glow in his eyes.

After Zhong Tao and Luo Hongyang listened, they also gritted their teeth, envy and hatred.

Yes, if they were the ones who ate the seven-color source fruit, then they must also be in the innate realm of Dzogchen now, and they may even touch

the realm of indestructible vajra!

Once you break through to the indestructible realm of King Kong, then you will be No. 1 in the world. From then on, the sky is high and the ocean is wide and I am free!

Zhong Tao gritted his teeth and said: “This surnamed Lin is born with a bone, and let him break through to the point that King Kong is not bad, it will definitely harm the people of the country, we must strangle him in the cradle!”

Luo Hongyang also echoed Zhong Tao’s point of view.

“Chancellor Fan, ask you to go out and take Lin Ziming back and send him to a military court to sentence him to death!”

Fan Zhengping didn’t answer right away, but thought for a while before saying, “Wait and see what idea Xuanyuan has.”

At about the same time, the Xuanyuan side also received this message, and began a lively discussion.

And their conclusion is similar to Fan Zhengping’s side, they think Lin Ziming can’t be taken lightly, and they reach a consensus.

Soon, they made an agreement and set off to the three places of Xuanyuan together, and decided to arrest Lin Ziming personally!
