

## Chapter: 1341

After he said this, the atmosphere suddenly changed, and suddenly became tense.

The many people behind him also began to stare at him, and did not hide their threats to everyone in the conference room.

Peng Zhuo's expression changed again, and his heart began to cry. He knew how abnormal Fan Zhengping's strength was. He was very clear about it. It's not good to say that everyone in their meeting room combined, they weren't Fan Zhengping's opponents, let alone. Said, Fan Zhengping is still followed by more than 20 innate realm masters!

This is tricky, is it really going to hand over Lin Ziming?

Zhao Xia is a violent temper, and he snorted heavily, "Fan Zhengping, are you going to be tough? You weighed and weighed yourself and made a lot of noise in our three places at Xuanyuan. What is the consequence? It will be passed to Shangfeng, you Can you withstand his anger!"

However, Fan Zhengping didn't even look at him at all, and didn't even look at him.

Fan Zhengping's ignorance made Zhao Xia even more furious.

But he was helpless, who made Fan Zhengping so much stronger than him.

"It seems that you are all determined to cover Lin Ziming to the end? Okay, then don't blame me for not showing you mercy!"

Fan Zhengping seemed to have lost his patience. His eyes were cold and full of pressure, and he wanted to shoot directly.

Suddenly, all the people in the third place of Xuanyuan felt tremendous pressure, and even Peng Zhuo's heartbeat speeded up a lot.

If Fan Zhengping really wants to attack them, then they really have no chance of winning at all.

As the only Innate Realm Dzogchen in the three Xuanyuan places, it was not here either.

But at this moment, Fan Zhengping's majestic aura suddenly faded away and disappeared cleanly. His eyes narrowed, revealing an intriguing smile, and said, "It's interesting."

After speaking, he turned around and left in strides.

The others are confused and don't understand why Fan Zhengping is well. How could he leave suddenly? Could it be that Fan Zhengping realized that the consequences were serious and was afraid of it?

But immediately, Xiao Cangmang said, "No! It must be Instructor Lin who appeared and was discovered by Fan Zhengping!"

Hearing what he said, everyone reacted. Fan Zhengping came to Lin Ziming aggressively. If Lin Ziming hadn't appeared, how could he give up?

To be honest, even though they knew that Lin Ziming had also achieved Great Perfection in the Innate Realm, they were not optimistic at all. Lin

Ziming could be Fan Zhengping's opponent. It's not that they look down on Lin Ziming, but that Fan Zhengping's reputation is too great. As the chief of Xuanyuan Second Division, he walked up all the way and didn't know how much he had made. Many foreign forces are also afraid of his reputation!

As for Lin Ziming, he has just broken through to the congenial realm of Dzogchen, and it is still two months away. How could he be a strong opponent like Fan Zhengping?

They dared not linger, and ran out immediately.

Soon, they saw that Lin Ziming was standing on the playground, standing with his hands behind, waiting for Fan Zhengping's arrival.

Just now, Lin Ziming went out and did not attend this meeting, so he was not present.

However, he probably guessed that this time he swaggered back to the three places in Xuanyuan, Zhong Tao and Fang Xingping would definitely get information, and they would come to arrest him in person.
