

Chapter: 1342

And this is also the test of the military god and Shangfeng, so they are in the compound and will not be held accountable for him, and there is no immediate announcement.

Seeing Fan Zhengping, he was a little surprised. He didn't expect that the Chief of Xuanyuan No. 2 Office would personally go out and arrest him.

Fan Zhengping quickly arrived in front of Lin Ziming. He also felt Lin Ziming's incomparability. His face was dismissed with contempt, and a bit more dignified. As the same innate realm of Great Perfection, he immediately perceives Lin Ziming. It's not easy, it's an absolute master!

What surprised him most was Lin Ziming's age, really young, especially Lin Ziming's vitality and rich life origin, which even made him jealous.

"Lin Ziming, you know you are guilty!"

Fan Zhengping directly scolded him, full of coercion, spreading around like mountains and oceans.

Everyone in the three places of Xuanyuan came out and formed a group. They were all deterred by Fan Zhengping's aura. They couldn't help stepping back a few steps, their faces full of awe.

Don't mention them, even Zhao Xia and Xiao Cangmang and other masters of the innate realm, they are still awe-inspiring. In their eyes, Fan Zhengping is a mountain, a mountain that they cannot surpass!

But for Lin Ziming, there was no pressure. Instead, Fan Zhengping's strength aroused his fighting spirit.

Is this the test of the military god and Shangfeng to him.

"Are you going on by yourself or together?" Lin Ziming didn't have any panic or fear, but laughed out, and looked at Fan Zhengping peacefully, as if talking to an old friend, and it seemed so unbelievable. Light breeze.

In other words, he didn't even put Fan Zhengping in his eyes.

He doesn't talk nonsense, straight to the point.

His posture caused the nervousness of everyone in the three places of Xuanyuan to unexplainably relax a lot.

Fan Zhengping's name is too loud, even if they know that Lin Ziming is also in the congenital realm of Dzogchen, they still have no confidence in Lin Ziming.

But now, Lin Ziming's calmness and calmness allowed them to regain their confidence in Lin Ziming and also aroused Lin Ziming's performance all the time. In their impression, Lin Ziming was really no one.

Even Jian Rushuang didn't kill Lin Ziming. You know, Lin Ziming is only the fourth stage of the Innate Realm, and Jian Rushuang is the Dzogchen in the Innate Realm, and it is not able to kill Lin Ziming, let alone Lin Ziming and Fan. Zhengping is the same realm.

Sure, Lin Ziming can still perform a miracle this time. Isn't it necessary to

be able to defeat Fan Zhengping?

Fan Zhengping's expression darkened at a speed that was visible to the naked eye. He has been famous for many years, and he has always been a lofty posture. In China, besides the military god, he has never conquered anyone.

And Lin Ziming, just a yellow-haired boy, dare to provoke his majesty, it is really unforgivable!

“Huh, what an arrogant tone, do you think that you have broken through to the Dzogchen in the Innate Realm through the Colorful Origin Fruit, and you will be invincible? Today I will tell you that the same is the Dzogchen in the Innate Realm, and there is a huge gap! Fan Zhengping knew that no matter how much it was said, it would not be useful, but he still managed to defeat Lin Ziming and capture it.

If he doesn't make a move, it's just a violent storm, shaking the sky.

The distance of more than 20 meters disappeared in almost a second. He appeared in front of Lin Ziming, kicked it out quickly, and seemed to be kicked out of the void, with complete destruction.
