

Chapter: 1343

As soon as the expert makes a move, he knows whether there is something or not.

Strictly speaking, this is the first time he has played against a master of Innate Realm Dzogchen. Before on the Lion Mountain, he and Jian Rushuang were not due to each other, because Jian Rushuang did not have the strength he deserved. And he didn't put Lin Ziming in his eyes.

But now, Lin Ziming has grown up. He and Fan Zhengping are in the middle of nowhere, and Fan Zhengping will naturally not underestimate the enemy, as soon as he strikes it is the momentum of lightning.

Fortunately, Lin Ziming is not a vegetarian. He started to move almost when Fan Zhengping was moving, so no matter how fast Fan Zhengping was, he could dodge it.

Fan Zhengping missed a move, and there were no surprises. If Lin Ziming couldn't even stop this move, then he would not be worthy of the Innate Realm Dzogchen.

He didn't stop, and after the bow and arrow were shot out, there was no saying that he would stop.

His fist was like an arrow, and he could hit hundreds of punches in one second. It was very terrifying. He immediately surrounded Lin Ziming's body. Every punch was full of explosive power. The sound of bang bang bang rang through the audience. , Every punch blows up the air, just like setting off firecrackers.

Lin Ziming kept retreating, and had fallen into a disadvantage. It seemed that he could only parry. If this goes on, defeat is only a matter of time!

Everyone present felt numb in their scalp. Is this the strength of the Innate Realm Dzogchen? They simply can't stand it.

Everyone in Xuanyuan 3 raised their hearts, worried that Lin Ziming would not be able to catch Fan Zhengping's fist. In fact, deep in their hearts, they didn't think Lin Ziming would be An Zhengping's opponent.

"No, Fan Zhengping is here for real, he wants to kill Lin Ziming!" After Peng Zhuo saw it, his face changed drastically, and he became worried.

Zhao Xia also contracted pupils, awe and amazement appeared on his face, and he sighed from the bottom of his heart. Is this the strength of Dzogchen in the Innate Realm? It is really terrifying!

This Fan Zhengping, so many men come, they are all hidden!

Xiao Cangmang also frowned, and said worriedly: "It's not good, instructor Lin, I'm afraid it's not Fan Zhengping's opponent."

Sun Liang said, "What should we do, should we stop it?"

Peng Zhuo shook his head and said, "I can't stop it. Fan Zhengping didn't come alone. We dare to move. Zhong Tao and the others will definitely take action. We will suffer by then."

The other people in Xuanyuan 3 became silent after hearing this. Peng Zhuo said it was right. If they do, Zhong Tao and others will definitely do it.

On Zhong Tao's side, they were another scene, and they all cheered up.

"Hahaha, Director Fan is indeed invincible, and he suppressed Lin Ziming's mate without fighting back in a single encounter." A congenial realm master at Xuanyuan said flatly.

"Of course, we at Fan Chu is an innate realm Dzogchen strong, and under the undamaged King Kong, it is an invincible existence! Thinking that back then, Fan Chu, with his own power, wiped out an army in the East, you think it's a joke What about?"

"That is, if we have Fan, the little one, Lin Ziming, is nothing, it's just a matter of getting caught."

"Director Fan is mighty, this time Lin Ziming is hard to fly with wings!"

Zhong Tao looked straight forward, extremely enthusiastic and excited. His hatred of Lin Ziming had reached a terrifying level. He wanted to kill Lin Ziming in his dreams. It can be said that the hatred between him and Lin Ziming is no longer just as simple as Lin Ziming killing his brother-in-law.

"Lin Ziming, you are not my opponent, surrender, and I can spare your life."

Fan Zhengping calmly shot and spoke calmly, obviously with all his strength.
