

## Chapter: 1367

“I’m not your opponent?” Lei Zhen stopped, staring at Lin Ziming, and said in a high voice: “I have seen an ignorant person, but this is the first time I have seen someone like you. Nourishment, breakthrough to Dzogchen in the innate realm, is it a true Dzogchen master in the innate realm? I tell you, you are a side-by-side approach...”

Lin Ziming interrupted him, dug his ears, and looked impatient, “You don’t bark enough. If you bark enough, get out of me.”

“Presumptuous! A little pariah, dare to treat the king of heaven...”

The middle-aged Xie next to Lei Zhen suddenly became furious, pointing at Lin Ziming’s nose and cursing.

But immediately, Lin Ziming glared at him, his face changed immediately, and the words in his throat couldn’t be cursed anymore, just like a duck with his neck choked.

An aura of turbulent waves swept from Lin Ziming’s body towards him, immediately making him feel tremendous pressure, his body shuddered severely, and an expression of horror appeared on his face.

Just kidding, how high is Lin Ziming’s realm. This is only the fourth stage of the innate realm, and it’s relatively ordinary. How can it withstand Lin Ziming’s coercion?

Lin Ziming snorted disdainfully, “An ant like you, dare to talk too much? Even if Lei Zhen is here, it would be easy for me to kill you!”

“You!” Lin Ziming was so angry that the other party was very uncomfortable and unhappy, but he didn’t dare to speak any more, because Lin Ziming’s aura just scared him. It gave him a feeling that Lin Ziming was not lying. If Lin Ziming really wanted to kill him, even Lei Zhen could not keep him here.

Because the gap between the Dzogchen of the Innate Realm and the fourth stage of the Innate Realm is too big.

The aura of Lei Zhen’s side suddenly weakened a lot.

Lei Zhen was unhappy, he snorted again, “I don’t know how to live or die.”

He shot directly, and issued a sharp blow to Lin Ziming.

At the moment he shot, everyone’s eyes were darkened, creating an illusion, as if the sky was about to collapse, all the light was swallowed, and the world was going to be destroyed.

This is Lei Zhen’s mental power is too strong, affecting everyone.

Fortunately, it was only a second, otherwise they would really think it was the end of the world. Even so, so many people present were deeply shocked.

Almost instantly, Lei Zhen arrived in front of Lin Ziming and slapped him with a palm. Even a city would be destroyed by this palm.

Jiang Liquan and the others suddenly became flustered, and backed subconsciously. They turned pale from the fright and hurriedly backed away.

Chu Fei was also scared. She tightly grasped Lin Ziming's hand, her heartbeat speeded up, and suddenly, she felt a gentle force and pushed her away.

It was Lin Ziming who made the move. With Lei Zhen's strength, he did not dare to neglect, and must go all out.

In his eyes, there was a brilliant light, not retreating but advancing, head-to-head with Lei Zhen.

In the eyes of everyone, this is completely Mars hitting the earth, which will cause huge damage.

The fact is indeed the case. The two of them can fight no less than a hundred punches in one second, which is terrifying.

The ground under their feet was cracked and frightened everyone at the scene. They backed away again and again for fear of harming the pond fish.

But they didn't fight for too long, and they separated tacitly in a simple fight.

The two of them looked at each other, and both saw the hostility and fear in each other's eyes.
