

Chapter: 1372

“But, Luo Tian has lived for more than a hundred years, right? At his age, can he still maintain his strength?” Shangguan Wei’an expressed incredible. If he heard that Lin Ziming had obtained two colorful origin fruits just now, he would have been surprised enough, but now, he is more surprised than before!

You know, Luo Tian is absolutely terrifying. If it weren’t for Luo Tian, China would not tolerate the existence of anti-society like Luo Tian organization.

Huangpudao continued: “It’s not bad when you arrive at King Kong, your life will be greatly increased, and it doesn’t matter if you are over a hundred years old. It depends on whether Luo Tian will make a move this time. The appearance of people like Lin Ziming is also a threat to him. .”

Shangguan Wei’an looked at Huangpu Dao, and he suddenly sighed and said: “Huangpu Dao, your calculations have gone deeper, this time you let Lin Ziming go. It’s your arrangement to lure Luo Tian this old thing to appear.”

Although Shangguan Wei’an is not a master of innate realm, his IQ is superb, otherwise he would not sit where he is today as an ordinary person. He suddenly wanted to understand. The duel between Lin Ziming and Lei Zhen was actually arranged in Huangpu Road.

First of all, Lin Ziming’s mistake this time, even if it was for his wife, would be punished, but Huangpu Dao tried his best to save it, and he also promoted Lin Ziming and pushed Lin Ziming to the forefront of the storm. It was just for Luo Tian to organize some people. Trouble with Lin Ziming. Moreover, it is very likely that the initial arrangement of Whampoa Road was Jian Rushuang’s shot, and now it is Thunder, which does not affect his plan.

Moreover, the above official Weian’s understanding of Huangpu Road, Huangpu Road must not only arrange Lin Ziming’s chess piece, in addition to Lin Ziming, there are many chess pieces, but Lin Ziming’s chess piece is more outstanding, and it suddenly stands out from the crowd. On the contrary, he became a bird in the early stages.

The purpose is to elicit Luo Tian.

The general idea is this, but Huangpu Road knows that there must be many details in it.

I have to say that Whampoa Road is really terrifying. Fortunately, Whampoa Road is the god of China, not his god, otherwise China would be unlucky.

“Brother Huangpu, you are still great!” Shangguan Wei An sighed sincerely. Huangpudao laughed and said, “Brother Shangguan, do you think I have a black belly?”

Shangguan Wei An laughed and said, “It’s hard to talk about a black belly,

treacherous is going to run away, haha.”

Ten days passed in a flash.

During these ten days, they seemed to be particularly calm. Many people focused their attention on Junlin Mountain, looking forward to this battle, to see who would die.

With all the expectations, the agreed date has finally arrived.

Many people gathered at the foot of King’s Landing Mountain in advance, waiting for this century war!

Of course, this message is absolutely closed to the general public. Most people don’t know about it, but only a small number of people in the upper class.

There were some passers-by who saw the deserted Junlin Mountain, and there were so many people all at once. They were just curious, but if they wanted to come up to see what happened, they would be driven by a group of black bodyguards and told them that they could not go up the mountain.
