

Chapter: 1373

“Where is Dong Lin, is there still no clearance?”

In front of Lin Ziming’s secret room, a mighty group of people had gathered, Wang Shougui asked worriedly.

Jiang Liqun paced back and forth, shook his head and said, “There is still no exit.”

“Then what to do? Today is the date for the decisive battle. If Lin Dong should not fight, he will lose.” Wang Shougui said worriedly.

Indeed, ten days have passed, and today is the day of the decisive battle, and this message has been spread in the upper class. Everyone is eagerly waiting for this day. If Lin Ziming misses his appointment now, That reputation must fall a thousand miles away!

“It shouldn’t be. We have been with Lin Dong for so long. When have we seen Lin Dong retreat.” Jiang Liqun said solemnly.

Han Jinlong also nodded and said: “Old Jiang is right. Lin Dong is very reliable. He will never back down. I have confidence in Lin Dong!”

Others also believed in Lin Ziming, but immediately, Wang Shougui’s words made them all worried, “Well, what if there is a problem with Lin Dong’s practice, and he has gone crazy? Then...”

He didn’t go on with what he said, but the meaning of the expression was already obvious.

If Lin Ziming becomes devastated, it will be over. With Lei Zhen’s strength and means, he will definitely not let Lin Ziming go, and even they will be affected!

You know, Lei Zhen is not an ordinary person, but a big man who can wrestle with Lin Ziming, even more than Lin Ziming!

They looked at each other, and they all saw the worry in each other’s eyes.

“Or, let’s go in and take a look? In case Lin Dong really has an accident, we have time to respond.” Wang Shougui softly put forward this suggestion, which was quickly approved by Han Jinlong and Jiang Liqun, and they decided Go in together and see how Lin Ziming is doing inside.

However, just as they approached the secret room and were about to open the door to enter, the door of the secret room was opened and Lin Ziming walked out of it in a simple suit.

“I have nothing, you don’t need to worry.” Lin Ziming said lightly, obviously, he heard their conversation in the secret room.

“That’s good, that’s good.” Wang Shougui and the others were relieved, and then they discovered that Lin Ziming has changed a little more now, and it has become different. I don’t know how to describe that feeling, as if Yes, more approachable and ordinary than before?

Jiang Liqun also discovered this. He felt very incredible. According to reason, the higher the realm, the stronger the aura and the more terrifying.

But Lin Ziming is the other way around. The higher the realm, the more Ordinary, as if returning to the basics.

“Dong Lin, did you succeed in your retreat this time?” Jiang Liqun asked softly, and everyone looked at Lin Ziming nervously, which was what they cared about.

Lin Ziming smiled and said, “It’s still a success.”

When they heard Lin Ziming’s words, they all breathed a sigh of relief and relieved. As long as Lin Ziming said there was no problem, there must be no problem. After this period of time, they all developed a kind of thinking, that is, 100% believe in Lin Ziming. Already close to faith.

Lin Ziming was indeed successful this time. After ten days of retreat, he digested all the source of life in his body and became his own strength. Now he is truly the strongest person in the congenital realm. He has absolute Confidence, even in the face of Jian Rushuang, it is not his opponent!

Sure, he can also escape in the hands of a strong King Kong.

This is not his swelling, but the fact.

This time he fought Lei Zhen with absolute certainty.

After he came out, he saw Chu Fei, and he was pestering him worriedly, and when he saw him coming out, he trot over immediately, “Ziming, you are finally out! I have heard that Lei Zhen is not easy. He was five years ago. He has the title of God Killer, his strength is fierce, and his methods are cruel. Let’s quit instead of fighting him.”
