

Chapter: 1377

Lei Zhen sat cross-legged on a huge rock, closed his eyes and rested, motionless, as if he had merged with Junlin Mountain, he was a human-shaped stone, and against him, he was against the entire Junlin Mountain.

In fact, Lei Zhen had already come to Junlin Mountain yesterday, and he has been sitting on this huge rock so that his spirit can be integrated with the entire Junlin Mountain. In this way, his strength will be increased.

In his realm, in fact, the spiritual realm is more important, and the fist and fist has become an auxiliary.

Now that he is successfully merging with Junlinshan, then Lin Ziming is even more not his opponent.

He felt Lin Ziming's arrival and opened his eyes. In that instant, in his eyes, a golden light flashed, as if the true god between heaven and earth opened his eyes, and everything in the world would surrender.

This is the core of Lei Zhen, his style, he has always felt that he is the only protagonist in this world, and the whole world is waiting for him to rule. In the eyes.

"Lin Ziming, I don't think you really dare to come and die. It seems that your IQ is not high." Lei Zhen said, obviously he said very quietly, but his voice clearly reached the ears of the people on the court. Here, the feeling, as if speaking in their ears, is very magical.

"What's the situation? Why are we so far away from Lei Zhen that we can hear him talking? Did Lei Zhen install a speaker on Junlin Mountain?"

"What kind of audio, you can't see the world when you look at it! Lei Zhen has a deep inner strength, so his words can be clearly transmitted to our ears. This is not something anyone can do. This time Lin Ziming is suspended, he is sure Not Lei Zhen's opponent!"

"Hey, this Lei Zhen is too powerful. If it were in ancient times, it would be a proper god."

"That is, the Dzogchen in the Innate Realm, do you think it is that simple? In the five thousand years of Yanhuang history, how many Dzogchens in the Innate Realm have occurred in total. I think this time, Lin Ziming is more fortunate. Become an injustice under Lei Zhen's palm."

"Yeah, Lin Ziming is too arrogant. Once he dies, the property he holds will fall apart, and then we will still have a share of the pie!"

At the foot of Junlin Mountain, a bunch of people were discussing enthusiastically. Most of them were not optimistic about Lin Ziming, thinking that Lin Ziming had been arrogant for so long, but this time he finally kicked the iron plate.

Lin Ziming said: "You came a day earlier, in order to merge with King Linshan, it seems that you have no confidence in yourself. Before you fight,

you have already fallen behind.”

Lei Zhen seemed to have heard a huge joke. He laughed loudly. A powerful sound wave spread from his mouth and spread out to the surroundings, so that everyone could hear clearly and at the same time feel it. Lei Zhen’s pride and disdain made his mind surging.

“Joke!” Lei Zhen slapped the rock with his right hand. Using the powerful recoil, his whole body soared into the sky, but the rock that was originally under his seat could not bear the power of his palm and fell apart.

Then Lei Zhen fell from the air and stood in front of Lin Ziming, his posture, like a god descending to the earth, was too shocking and left an indelible impression on everyone present!

“I will be timid to deal with you as a junior? I just came here in advance and waited for you! Lin Ziming, you claim to be the number one master in Province G. You are sitting in a well and watching the sky, recklessly, today I will show you the real innate state. Dzogchen, how detached it is!”
