

Chapter: 1379

What is called no action is nothing, and once a shot is a thunderbolt, Lin Ziming is now.

His proactive action unexpectedly caught Lei Zhen a little bit by surprise. Nothing else. Lin Ziming's speed was too fast, and his momentum was stormy, swallowing mountains and rivers, as if Lin Ziming's moment turned into a natural disaster, destroying everything, and Lei Zhen only It is just a trace of ants in the catastrophe, which will be annihilated by the disaster at any time.

If it was changed to the Dzogchen who had just been promoted to the Innate Realm, facing Lin Ziming's blow, he would not be able to dodge. With one move, he would be injured by Lin Ziming and lose the ability to fight.

In terms of fighting, it is called ko, but Lei Zhen is different. He is a first-class powerhouse in the Great Perfection of the Innate Realm. Facing Lin Ziming's attack, he will naturally not be ko so easily. , He had reacted almost instantly, made the most correct response, and fought with Lin Ziming.

"Humph, do you still want to attack me? I'm not a fool, and dare to show my ugliness!" Lei Zhen snorted and began to counterattack. The method was almost perfect.

Moreover, his momentum is rising steadily. His figure is obviously not particularly tall, but in the eyes of everyone, he has become a giant with a height of hundreds of feet, covering the entire Junlin Mountain, as if Junlin Mountain is his weapon, and Lin Ziming was just an insect in his hand, not at the same level at all, and it would be wiped out when he stepped on it easily.

This battle between Lin Ziming and Lei Zhen can be said to affect the hearts of countless people. They all want to see who can win. This will affect the next pattern of G province!

"The strength of this Thunder Zhen is really terrifying. He actually merged with Junlin Mountain in aura. Now he is fighting on Junlin Mountain, and he is just like a tiger, while Lin Ziming is repelled everywhere. It would be good to be able to show 80% of his power."

Among the crowd, Luo Hongyang took a deep breath and said with incomparable feeling.

Fang Xingping next to him also nodded and said: "The Great Perfection of the Innate Realm is really terrifying. It is a long way from the fourth stage of the Innate Realm. Together, the four of us are not Ren Lei Zhen's opponents. what."

"I can't handle even one trick, alas..."

They are all suddenly lost. They themselves are considered first-class geniuses, standing on the human pyramid, surpassing 99.99% of the people

in the world, but they are at the top level like Lei Zhen. In front of the strong, he couldn't even take a single move. What's the difference from the ants? And what made them most uncomfortable was that Lin Ziming was originally their descendant, and his strength was below them. A year ago, there was no difference between strangling Lin Ziming and strangling an ant. But now only a year has passed, Lin Ziming has left them far behind. This kind of strong contrast really makes them feel disappointed and sad, but there is no way, since even Fan Zhengping has been defeated by Lin Zi. After Ming, they had the courage to fight Lin Ziming, and they could only curse Lin Ziming secretly from the bottom of their hearts. Especially for Zhong Tao, it is even more uncomfortable! The harder Lin Ziming is, the more uncomfortable and unwilling he is. "Hmph, this time Lin Ziming is dead. Lei Zhen is one of the best in the Great Perfection of the Innate Realm. Five years ago, even Chu Fan lost to him. Now that five years have passed, Lei Zhen doesn't know how much he has grown. It's a realm, and Lin Ziming is just a brat, how could he be Lei Zhen's opponent!" Zhong Tao gritted his teeth and said: "In this battle, Lin Ziming will undoubtedly lose!"
