

Chapter: 1393

Lin Ziming was defeated.

Compared with Jian Rushuang, his strength is still a bit worse.

However, his reaction was very quick and his defense was quickly formed. His arms could bear the punch of Jian Rushuang. Otherwise, if he was hit by Jian Rushuang, he would be seriously injured and would completely lose his fighting ability. Taken as a mermaid.

Jian Rushuang was also shocked. The move just now was considered his killer. He thought it would definitely hurt Lin Ziming, but Lin Ziming was able to defend it.

As a result, he had more hostility in his eyes, and even more murderous intentions towards Lin Ziming.

People like Lin Ziming are a huge threat to the Luo Tian organization. Now Lin Ziming is less than 30 years old and he has already achieved such an achievement. Give Lin Ziming a few more years, it is very likely that Lin Ziming will be able to break through to the question. King Kong is not bad, when the time comes, the Luo Tian organization will be threatened.

Therefore, he must be here to kill Lin Ziming!

Without stopping, he immediately rushed towards Lin Ziming. The speed was so fast that he could only see an afterimage, and one could not breathe, so he came to Lin Ziming again and attacked again.

Lin Ziming's pupils contracted deeply, and the strong sense of crisis appeared again. He knew that Jian Rushuang had already murdered him. If he didn't fight well, then it was very likely that his life would fall here.

He is still very curious, is it possible that the army god is here? Why is there still no action to rescue him?

In any case, he now has to deal with Jian Rushuang wholeheartedly, no matter what, he can't die.

He quickly calmed down and fought Jian Rushuang.

Jian Rushuang's sword intent was too overbearing, it was almost pervasive, and constantly infiltrated. After a while, there were many scars on his body, and it looked like he was covered in cuts and bruises.

However, slowly, he also began to adapt to Jian Rushuang's attack, not as embarrassed as before.

Jian Rushuang is now completely pressing against him, without the slightest strength to fight back.

If this continues, he will lose sooner or later.

Sure enough, when Jian Rushuang used that move again, he was no longer able to resist, and he was about to be seriously injured. Lin Ziming was nervous. Could it be that he made a mistake in his estimation, and the army god was there?

If this is the case, then he is threatening.

However, as soon as his thought came up, he heard a sigh, “The sword is like frost, and your hand is stretched too long. Lin Ziming is from China, so it is not your turn to intervene.”

It is the voice of the military god Huangpu Road.

Lin Ziming heaved a sigh of relief when he heard this voice. Fortunately, he was right, and the military god would not let it go.

Jian Rushuang heard this voice, his expression also changed rapidly, the cloudy and sunny changed, he gritted his teeth, his speed not only weakened, but surged a lot, he must take advantage of the military god not to come, and solve the forest. Ming!

“Sword Rushuang, do you dare?!” The army god suddenly furious.

Lin Ziming also felt tremendous pressure in an instant, he roared, facing Jian Rushuang’s mortal blow, he released his full potential.

In the strongest state, welcome this move of Jian Rushuang.
