

Chapter: 1399

This matter was regarded as settled, Lin Ziming defeated Lei Zhen, and also killed Lei Zhen, and had a grudge with Luo Tian organization.

Originally, Lin Ziming was supposed to show the limelight, but in fact, his limelight was robbed by the military god Huangpudao and Luo Tian.

It was a single stone that caused a thousand waves of waves. Luo Tian was back out of the rivers and lakes, and he also fought against Huangpu Road, the god of war, and wounded Huangpu Road in the end. This is absolutely breaking news!

It has been a week, and this matter is still being discussed in circles.

In this week, Lin Ziming has heard a lot. Although most of the topics are focused on the shocking battle between Luo Tian and Huangpu Road, he has also been deeply impressed by the three words Lin Ziming. Remember, from now on, no one dares to despise him anymore.

Even Fan Zhengping, Zhong Tao and others in Xuanyuan No. 2 are now keeping a low profile, regardless of their dissatisfaction.

Ordinary people just focus on the terrifying battle between Luo Tian and Huangpu Road. At most they know that Lin Ziming is an absolutely terrifying existence, but for them, more, they know a message. Lin Ziming is now a person valued by the military god, and no matter if Lin Ziming's strength has surpassed them, it is just this that prevents them from being an enemy of Lin Ziming anymore.

Instead, they are praying now, and Lin Ziming should not trouble them.

During this week, Lin Ziming mainly rested and rehabilitated. He often remembered what Luo Tian said to him at the end, wondering what it meant, Luo Tian and other big people, everything they said, everything they did. , Surely all have intentions.

Are you beating him? Or do you have ulterior motives?

Especially, Luo Tian's voice sounded very familiar, so what happened?

Lin Ziming spent a week thinking about it, but he didn't even understand. Originally, he wanted to ask Huangpu Dao, but after thinking about it carefully, he thought it was inappropriate.

In any case, he doesn't have to worry about it. Let's go with the flow. If Luo Tian is really looking for trouble, then with his current strength, he is absolutely irresistible. It is better to relax and let the life go. How to live.

Chu Fei knew that Lin Ziming had won, she was relieved, and the heart she had been holding finally relaxed.

Lin Ziming accompanied Chu Fei back to the Chu family and had a meal. Now the Chu family's attitude towards him has changed drastically from the beginning. Even the head of the family, Chu Guodong, talked to him. Involuntarily brought some respect!

As for the other Chu family members, it goes without saying that Chu Hao,

who humiliated him the most back then, is now even more flattering towards him, and he dare not neglect it again.

“Ziming, come, I will toast you a glass. My cousin had no eyes to know Taishan, so he offended a lot. Please forgive me and forgive me.”

As soon as Lin Ziming sat down, a man voluntarily stood up, toasted to Lin Ziming, and drank it all.

This cousin, Lin Ziming, is a little bit impressed. When Lin Ziming was still working as a stubborn son-in-law, he was rarely bullied by him, but this is all passing away. Now that so long has passed, so many things have happened in the middle, Lin Ziming He had forgotten it a long time ago. He smiled and drank his glass of wine. He smiled and said, “I don’t remember the past, so cousin, don’t worry about it.”

The cousin showed grateful eyes and said: “Ziming still understands the righteousness!”
