As a master of the Innate Realm, Uncle Chen knows very well what the Dzogchen in the Innate Realm represents, this is definitely an existence standing on the pinnacle of mankind! Don't even think that he is also a master of the Innate Realm, but in the face of Dzogchen in the Innate Realm, it is just a bigger ant.

Now that he saw Lin Ziming's playful expression, he only felt that his scalp was numb, and he was extremely frightened and regretful. He has provoked a monster.

"I heard that you are going to be rude to me?" Lin Ziming said.

Under his pressure, Uncle Chen couldn't bear it at all. He shook his head and waved his hands quickly and said, "There is no such thing, senior, I was joking just now! Don't take it to your heart, if I know you, senior. It's the Great Perfection of the Innate Realm, who gave me a hundred courage, and didn't dare to offend seniors!"

Uncle Chen bowed his head deeply.

Lin Ziming didn't have the same knowledge as him, he was just a bunch of second-generation running dogs, and he didn't have too much sin.

As he said, he turned and left, his posture was still high, as if he just didn't care about Lin Ziming, he was the winner.

But how could Lin Ziming let him leave in vain? Not to mention, his current identity does not need to be afraid of these second generation ancestors. They bullied Chu Tian, Chu Xing and others in this way. As a brother-in-law, Lin Ziming cannot sit back and watch. ignore.

"Huh!" Lin Ziming stomped, and the ground trembled suddenly, as if there was an electric current spreading from the ground to their feet, and a crack appeared around them.

"You want to go, have you asked my opinion!" Lin Ziming said in a deep voice, full of majesty, turned into an air bomb, and exploded in their ears, making them buzzing and their faces pale. a lot of.

Even if they are second generation ancestors, they have a deep family background and have been used to being arrogant since childhood, but in essence, they are still ordinary people. Facing a powerhouse of Lin Ziming's

level, they are instinctively suppressed, like a mouse saw Cat.  
The face of the second generation ancestor suddenly changed color, showing fear and panic. They had never seen someone as powerful as Lin Ziming.  
Even Shao Qin had a numb scalp now and couldn't help swallowing.  
"Shao Qin, what should we do, this guy seems to be very powerful."  
"Shao Qin, this is a reckless man, we can't deal with it..."  
These second generation ancestors all began to have no master at this time.
